Dr. Wm. Evans—Dear Sir:—I can never be grateful enough for the cure I have received by the use of your invaluable medicine (Camonile Pills,) I was for five years very seriously troubled with Dyspapsia, which caused a nervous sensation throughout my system—so much that I sometimes shook as if I had been afflicted that I sometimes shook as if I had been afflicted with palsy; during all this time I took many medicines, but none would cure me. At last, my physician gave me up; but fortunately one day as I was speaking to a friend on the subject he told me that Dr. Wm. Evans' Camomile Pills were the only medicine that would cure me, of which I purchased some, and the result is that I am now enjoying perfect health, Any person wishing to see me can call at my house, No. 365 North Front street, Philadelphia.

Pulmonary Consumption, recent or chronic
coughs, hearseness, knoping cough, wheezing,
and difficulty of breathing, spitting of blood,

by caloniel or excessive grief, great loss of blood,
the suppression of accustomed discharges, or the suppression of accustomed discharges, or cut ancous cruptions, intemperate habits, or other causes which tend to renovate or relax the nervous system. How many persons do we daily behold approaching to an untimely grave, wrest-ed in the bloom of youth from their dear relaed in the bloom of youth from their dear rela-tives and friends, inflicted with that common and destructive rayager, called Consumption which soom wastes the miserable sufferer until they be come beyond the prover of human skill. If such sufferers would only make a trial of Dr. Swayne's sufferers would only make a trial of Dr. Swayne's invaluable medicine, they would soon find themselves more benefitted than by gulphing the various ineffective remedies with which our papers daily abound. This syrup immediately begins to heal the ulcerated lungs, stopping profuse night sweats, mitigating the distressing cough, and at the same time inducing a healthy and natural expectoration also relieving the shortness of breath and pain in the chest, which harrass the sufferer on the slightest exercise, and finally the hectic flush in the palid and emaciated cheek, will soon begin to vanish, and the sufferer will here perceive himself snatched from a premature grave into the enjoyment again of comfortable health.

How many persons do we daily find toftured with that dreadful disease, Sick Headoche. If they would only make trial of this invaluable medicine, they would perceive that life is a pleasure and not a source of misery and abhorience. In conclusion I would warn nervous persons against the abstraction of blood, either by leeches, cupping, or the employment of the lancet. Drastic purgatives in delicate habits are almost equally improper. Those are practices too often resorted to in such cases, but they seldom fail to prove highly injurious. Certificates of cures are daily received which add sufficient restimony of the great efficacy of this invaluable Medicine, in relieving afflicted mankind. For sale by
