PETERS'PILLS.

THE TRUE RICHES OF LIFE IS HEALTH.

We know that health, and the ability to labor is the wealth of the great mass of the people in this as in most other countries. To preserve, therefore, that health by NATURAL means, is a grand moral and political scheme, to fulfil which requires our utmost attention.

THE unparalleled reputation which Peters' I pills have acquired as a Medical Restorative, is the most unquestionable proof that can be given of their immense importance to the afflicted in almost every class of diseases. The number of letters received from patients recovering through their means is really prodigious, and the complaints which they have cured are almost as varied as they are numerous. But still there are some in which they are more especially beneficial than in others; and among those may be made the too often fatal complaints of the stomach and bowels, such as Cholic, Flatulence, and Indigestion, for which they are not only a certain but an immediate cure.

It is well known that from the disarrangement of the stomach and bowels, arise nine tenths of all the maladies of adult and declining life; that this is the foundation of Flatulency, Spasmodic the first properties of the secure they are approved.

Liver Complant, Consumption, and habitual lowness of spirits; therefore Peters' Pills being the very best medicine which has ever been discovered for the incipient diseases of the intestines, are necessarily the surest preventives of those dreadful, and also general disorders, which embitter mature life, and drag so many millions to untimely graves.

In the fact that the more they are they are approved.

A Because as their application creates no debility in the system, they may be taken without producing any hindrance to business or the usual pursuits of every day life.

Is Because when once introduced into a family, or a village, they almost immediately take the precedence of all other medicines in general complaints.

In speaking thus Dr. Peters arrogates nothing to himself that has not been conceded by the public. He is no needy quack or unknown speculator, who comes before the world as his own herald and witness, but is placed in a responsibility of situation by the patronage which he has enjoyed for years, and which is increasing to an extent unprecedented in the annals of medicine, that makes him careful to arrest nothing which is not borne out by the most infalible proof, and hence he does not fear to be put to the test in any thing which he has promised respecting his Pills.

Dr. Peters is most happy to be able to state, on the authority of a great number of regular physicians, that wherever his Vegetable Pills

if this be done, nothing injurious can result from their use.

To produce this much desired result, Dr. Peters has made it his study for several years and feels proud to say he has succeeded at length far beyond his expectations. celebrated pills have been sold in the U. States since January, 1835.

Hundreds and thousands bless the day they became acquainted with Peters' Vegetable Pills, which in consequence of their extraordinary goodness, have attained a popularity unprecedented in the history of medicine.

When taken according to the directions accompanying them, they are highly beneficial in the prevention and cure of Bilnous Fever, Fever and Ague, Dyspepsia, Liver Complaints, Sick Headach, Jaundice, Asthma, Dropsy, Rheumatism, Enlargement of the Spleen, Piles, Cholic, Female Obstructions, Heart Burn, Nausen, Furred Tongue, Distension of the Stomach and Bowels, Incipient Diarrhoea, Flatulence; Habitual Costiveness, Loss of Apetite, Blotched or Sallow Complexion, and in all cases of Torpor of the Bowels, where a cathartic or an aperient is needed. They are exceedingly mild in their operation, producing neither nausea, griping nor debility.

The efficacy of these Pills is so well known, and their use so general, that further comment is considered unprecessary.
