## DR. J. C. NEFF,

SURGEON DENTIST,

RESPECTFULLY informs the ladies and

gentlemen of Carlisle and its vicinity that he sets Artificial Teeth in the most approved manner. He also scales, plugs, and separates teeth to arrest decay.

Dr. N. prepares a tooth powder, which whitens the teeth, without injuring the enamel, colors the gums a fine red, and refreshes the mouth.

The tooth-ache will be cured, in most cases, without extraction; and an odontalgic wash is prepared for healing sore gums and fasten the teeth.

Ladies and gentlemen are requested to call and examine his collection of Porcelain or Inocorruptible teeth, which will never decay, or change color, and are free from all unpleasant odors, durable and well adapted for chewing, which will be inserted in the best manner and at fair prices.

All persons wishing Dr. N. to call at his residence with pleasure to leave a line at his residence, No. 7 Harper's Row, when he will punctually attend to every call in the line of his profession. From a long and successful practice, he hopes to give general satisfaction.

## READ THIS—Dr. Swaine's Compound

Syrup of Sassafras or Wild Cherry.

This is decidedly one of the best remedies for coughs and colds now in use—it allays irritation of the lungs, loosens the cough, causing the phlegm to raise free and easy; in asthma, pulmonary consumption, recent and chronic coughs, wheezing and choking of phlegm, hoarseness, difficulty of breathing, group, spitting of blood, &amp;c. The syrup is warranted to effect a permanent cure, if taken according to directions which accompany the bottles. For sale at the drug store of

## HOW'S IMPROVED DIRECT ACTION WATER WHEEL.

THE public are informed that the subscriber has bought the right of the above water wheel, for the State of Pennsylvania. It is considered by those having them in use, as one of the most important improvements that has ever been introduced. Persons desirous of seeing the wheel, can do so, by calling at the foundry of DAVID COCKLEY, Lancaster. The annexed certificates have been given as a slight testimonial of its value; they will speak for themselves. All communications addressed to the subscriber in Lancaster, Pa., will be promptly attended to.

MICHAEL M'MATH.

[Copy.]

This is to certify, that I have put in one of Howd's Patent Cast Iron Direct Action Water Wheels, in the place of a Reaction Wheel; that the Direct Wheel does not flood the tail race as much by three inches as the reaction did, and that I can grind seven bushels with the direct action wheel an hour, and drive two run of stones, where I could not drive four with the same time with the reaction and drive one run of stones.

PETER FAHNESTOCK.

Ephrata tp. Lan. co. Oct. 1838.

Alloway, May 5, 1838.

This will certify, that I have been engaged in putting in S. B. Howd's direct action water wheel in Michigan, and can give it as my decided opinion that with 8 feet head or under, rightly put in, it will do more business with the same water than any other water wheel which I have yet had any experience in, and in reference to the water, it is second to none, and I have yet tried. In reference to guarding against ice; there can be no better operation, and it is very easy to be kept in repair.

STEPHEN AILES, Millwright.

Alloway, September 3, 1838.

This may certify, that I have had in my mill one of Mr. Howd's direct water wheels for the space of one year. It is a five feet wheel, and I have had a reaction in the same place—I have also had Wheeler's Union Wheel, yet I think Mr. Howd's will do more business with less water than any other I have tried. It does well in back water. I have had from 5 to 6 feet head. I think it would do with less than half the water as we used to do with the under wheel, which has also been in operation in my mill.

LAWRENCE RILEY.

Lyons, September 3, 1838.

This will certify, that we have used one of Howd's direct water wheels for the space of one year. It is a five feet wheel, and I have had a reaction in the same place—I have also had Wheeler's Union Wheel, yet I think Mr. Howd's will do more business with less water than any other I have tried. It does well in back water. I have had from 5 to 6 feet head. I think it would do with less than half the water as we used to do with the under wheel, which has also been in operation in my mill.

## TEETH.

SILICIOUS METALIC, OR MINERAL INCORRUPTIBLE TEETH.

This is for many years past a great desideratum among European and American Dentists, to manufacture Teeth from incorruptible materials which should imitate the natural living Teeth.

Many have devoted years to unsuccessful experiments, and others have succeeded in manufacturing teeth of materials which have not been in use before, but which have an appearance, by which they are easily distinguished from the human teeth.

After long and tedious experiments, the subscriber has succeeded in manufacturing teeth of materials entirely incorruptible, and perfectly in imitation of human teeth. They have a semi-transparency, and are made of various sizes and shades.

In cases where absorption of the alveolar process, or other causes may render it necessary, he will cast of the same materials attached to the teeth, artificial gums, which shall imitate the gum and supply the loss of substance.

It is entirely impossible to cause teeth to change their color, or cause fetid breath.

He will insert them from one to entire sets, in such manner that they will make articulation of the voice perfect, and materially assist in mastication, and so that they cannot be distinguished from the most beautiful natural living teeth.

The most scrupulous observation is given to the Dental Surgery, according to the latest scientific improvements in the art.

F. H. KNAPP, Surgeon Dentist.

## CHANGE OF AGENTS

For Morrison's Universal Medicines.

HAROLD SHEPHERD MOAT, late Sole Agent in the United States, having been dismissed by the British College of Health, Dr. George Taylor now of the city of New York, has been appointed Sole General Agent and Hygienic Delegate to the United States.

The said George Taylor has appointed A. D. Olmstead, of Monroe, Susquehanna county, Pennsylvania, Sole General Agent for the states of Maryland and Delaware, and thirty three counties east of the Allegheny Mountains, Pennsylvania, and George C. Hand, Surgeon Dentist, of Allentown, Let high county, Pa., General Agent for four counties in the state of New York, and seven in the state of New Jersey, to wit: Burlington, Cape May, Cumberland, Gloucester, Monmouth and Salem, in the state of New Jersey; Genesee, Livingston, Monroe and Steuben, in the state of New York.

Hereafter, no person can or will vend the genuine Hygienic Medicines within the said districts, except by the authority of the said A. D. Olmstead, and George C. Hand, or their agents, agencies within said districts having terminated by the removal of H. S. Moat, who is now offering for sale under the firm of Moat &amp; Pelham, Medicines of their own manufacture, which will readily be detected, as such will not have the signature of A. D. Olmstead, G. C. Hand, or Olmstead &amp; Hand, on the cover of each box or package.

The leading principles of the Hygienic or Morrison theory of Disease, are too favorably and generally known to require a minute explanation in this advertisement.

These medicines cure all diseases which admit of a cure, and many heretofore deemed incurable.

They may be given with safety to the weakest patient, and under every circumstance and stage of human suffering, and to children of the most tender age.

None offered for sale within the aforesaid districts are genuine, unless each box or package have a fac simile of James Morrison's signature, with a fac simile of the signature of George Taylor, and also the written signature of A. D. Olmstead, G. C. Hand, or Olmstead &amp; Hand, with the written signature of Sole Agents, when appointed.

The Pills are of two kinds—No. 1 and No. 2, sold in boxes with 25 pills, at 25 and 50 cents, and packets of 1 and 25. Each packet contains a proportion of about two to one of No. 2. The Powders are in separate boxes, each 25 cents.

No chemical apothecary or druggist is ever employed to sell these medicines.

Respectable persons, complying with the requisites required, may be appointed agents on liberal terms.

Office and General Depot, No. 5 South Front street, Philadelphia.

A. D. OLNSTEAD, General Agent, For 33 counties, Pa., the states of Maryland and Delaware.

G. C. HAND, General Agent, For 33 counties, N. Y., and 7 counties, N. J.

The public is hereby notified that we have united our business, and hereafter it will be conducted under the firm of Olmstead &amp; Hand.

All orders directed to Olmstead &amp; Hand, No. 5 South Front street, Philadelphia, will receive prompt attention.

OLMSTEAD &amp; HAND.

The above medicine is for sale by

CHARLES OGILBY, Agent for Carlisle, Sept. 20, 1838. 1y

## TO BRIDGE BUILDERS,

T. GOOD'S IMPROVEMENT IN BRIDGES.

FRANCIS GOOD, of the township of New London, in the county of Chester, and state of Pennsylvania, obtained letters patent for an improved plan of erecting bridges over streams of water.

The plan combines strength and permanency with economy, so much so as not to require, in some cases, more than half the expense of erecting a Bridge on this plan, and which would not be liable to be injured by a freshet, or rise in the stream; the Bridge being constructed and secured in such a manner, that if the water should rise so high as to run over the top of it, the Bridge would remain firm and secure.

The plan has been submitted to a number of scientific men, who all pronounce it a great improvement. One on this plan has been erected over a branch of Whitechapel creek, in the township of Londongrove, which received the approbation of a Jury appointed by the court to view the same.

The subscriber having purchased the right of the state of Pennsylvania west of the Susquehanna, New Hampshire, Vermont, New Jersey, Eastern Shore of Maryland, North and South Carolina, Indiana, Kentucky, Michigan, Mississippi, Louisiana, Missouri, and the territories of Wisconsin and Florida, will sell single, township, county, or state rights, to any person or persons, and will give every explanation that may be necessary
