John Landis The CIRCUS.—This exhibition is fitted up in a style which renders it superior to any thing of the kind in this country. Every exertion will be made on the part of the Equestrians, as well as the Managers, to make it interesting, and worthy of patronage. The scenes in the circle will, present a variety of new and interesting feats of Horsemanship, and other varied scenes of amusement and Equestrian exercises, which will constitute the most delightful and genteel, entertainment over offered in this place.

in this place.

THE GIRAFFE, or CAMELEOPARD.—This stupendous, majestic, and beautiful animal, which is exquisitely depicted in the above masterly engraving, by Mr. Adams of New York, is acknowledged to be the greatest wonder of the animal kingdom. It is not only the tallest of all known creatures, but the rarest and most singular character. It has been the great desideratum of naturalists of all ages, and but few specimens have been seen for the last thousand years. It was known to the Persians about two thousand years ago, having been brought as a present to Dydaspes, father of Darius II., several centuries before the Christian Era, by Abyssians, who brought it from the interior of Africa, where alone it has ever been found.

Hours of Exhibition from one to five o'clock in the afternoon. Admittance 50 cents, children half price.
