To Millers & Manufacturers. HOW'S IMPROVED DIRECT ACTION WATER WHEEL.

THE public are informed that the subscriber has bought the right of the above water wheel, for the State of Pennsylvania. It is considered by those having them in use, as one of the most important improvements that has ever been introduced. Persons desirous of seeing the wheel, can do so, by calling at the foundry of DAVID COCKLEY, Lancaster. The annexed certificates have been given as a slight testimonial of its value; they will speak for themselves. All communications addressed to the subscriber in Lancaster, Pa., will be promptly attended to.

MICHAEL M'MATH, April 11, 1839.

[Copy.] This is to certify, that I have put in one of How's Patent Cast Iron Direct Action Water Wheels, in the place of a Reaction Wheel; that the Direct Wheel does not flood the tail race, as much by three inches as the reaction did, and that I can grind seven bushels with the direct action wheel—an hour, and drive two run of stones, where I could not grind four bushels in the same time with the reaction and drive one run of stones.

PETER FAINSTOCK, Ephrata tp. Lan. co. Oct. 1838.

Alloway, May 5, 1838. This may certify, that I have been engaged by H. How's Patent Cast Iron Direct Action Water Wheel, both in the State of New York and in Michigan, and can give it as my decided opinion that with 8 feet head or under, rightly put in, it will do more business with the same water than any other water wheel which I have yet had any experience in, and in reference to back water, is second best to none that I have yet tried. In reference to guarding against ice; there can be no better operation, and it is very easy to be kept in repair.

STEPHEN AILES, Millwright.

Alloway, September 3, 1838. This may certify that I have had in my Mill one of Mr. How's direct water wheels for the space of one year. It is a five feet wheel, and I have yet had any experience in, and in reference to back water, is second best to none that I have yet tried. In reference to guarding against ice; there can be no better operation, and it is very easy to be kept in repair.

LAWRENCE RILEY.

Ivons, September 3, 1838. This may certify, that we have used one of How's patent water wheels since December last, by the side of a reaction wheel, and we think that How's will do double the business, with the same water, than the reaction wheel which we used. We never have but three feet head, and can grind 100 bushels per hour. We are subject to back-water. This wheel will do as good business under back water as the reaction, and we recommend it to the attention and patronage of the public.

DYSPEPSIA! DYSPEPSIA!!

MORE testimonials of the efficacy of Dr. Wm. Evans' Camomile Pills.

Philadelphia, Dec. 19, 1838. Sir—Being of German birth, and from my native village of Germantown, I have availed myself of the opportunity of adding a few words of recommendation to your celebrated Pills, to the abundant testimony already given in their favor.

About four years ago, I was attacked with Dyspepsia, and for several years, notwithstanding I tried every thing that came before the public, I obtained no relief, till I accidentally saw your advertisement. From the numerous and respectable testimonials which I had seen, I had some faint hopes that your medicine might not prove altogether useless in my own case. I tried it, and it is scarcely necessary to add was shortly cured. Indeed the success was greater than I could possibly have anticipated from even the warmest recommendations.

As a small return for the benefit you have bestowed, I send you this acknowledgment of my thanks and the deep sense of obligation under which I feel myself toward you. Having implicit confidence in the efficacy of your Camomile Pills, and some of my fellow sufferers, I would warmly recommend them, as dragging on their existence under the influence of that scourge of the human family, Dyspepsia, by late their early prejudices against such remedies, and apply to you, that they may receive the only permanent restoration.

I still reside in Germantown, though I frequently visit the city, and will willingly give any further information that may be desired. Ever gratefully yours, T. B. WILLIAMS.

Dyspepsia, Dyspepsia.

Is there no cure for that distressing disease? Is the echo from thousands. Read the many certificates of cures performed by Dr. Wm. Evans' Camomile Tonic and Family Astringent Pills. The following certificate most certainly convince every person of the great efficacy of this invaluable medicine.

Dr. Wm. Evans—Dear Sir—I can never be grateful enough for the cure I received by the use of your invaluable medicine (CAMOMILE PILLS). I was for five years very seriously troubled with Dyspepsia, which caused a nervous sensation throughout my system—so much so, that I sometimes thought I had been afflicted with Palsy, during all that time. I tried many medicines, but none would cure me. At last my physician gave me up; but fortunately one day as I was speaking to a friend on the subject he told me that Dr. Wm. Evans' Camomile Pills were the only medicine that would cure me, of which I purchased some, and the result that I am now enjoying perfect health. Any person wishing to see me can call at my house, 365 North Front street, Philadelphia.

HENRY L. CAMPBELL. The above medicine is for sale by J. J. MYERS & Co., Carlisle.

Interesting Cure PERFORMED BY DR. Dr. Swayne's Compound Syrup of Prunus Virginiana, or Wild Cherry.

This invaluable medicine, which I have used in my family, which entirely cured my child. The symptoms were Wheezing and Choking of Phlegm, difficulty of breathing, attended with constant cough, spasms, convulsions, &c. which I had given up all hopes of its recovery, until I was advised to make a trial of this invaluable medicine. After seeing the wonderful effects it had upon my child, I concluded to make the same trial upon myself, which entirely relieved me of a cough that I was afflicted with for many years. Any person wishing to see me can call at my house in Beach street, above the Market, Kensington, Philadelphia, Dec. 7, 1838.

PETERS PILLS

THE TRUE RICHES OF LIFE IS HEALTH.

We know that health, and the ability to labor is the wealth of the great mass of the people in this as in most other countries. To preserve, to improve, that health by Dr. PETERS PILLS, is a grand moral and political scheme, to fulfill which requires our utmost attention.

The unparalleled reputation which Peters' Pills have acquired as a Medical Restorative, is the most unquestionable proof that can be given of their immense importance to the human race, in almost every class of diseases. The number of letters received from patients recovering thro' their means is really prodigious, and the complaints which they have cured are almost as varied as the human constitution. But still there are some in which they are more especially beneficial than in others; and among those may be named the too often fatal complaints of the stomach and bowels, such as Cholera, Flatulency, and Indigestion, for which they are not only a certain but an immediate cure.

It is well known that from the disarrangement of the stomach and bowels, arise nine tenths of all the maladies of adult and declining life; that this is the foundation of Flatulency, Spasmodic Pains, Indigestion, Loss of Appetite, &c., and that these in their turn give birth to Dyspepsia, Complain, Consumption, and habitual nervousness of spirits; therefore Peters' Pills being the very best medicine which has ever been discovered for the incipient diseases of the intestines, are necessarily the surest preventives of those dreadful, and also from acquiring the worst as they mature life, and drag so many millions to untimely graves.

In speaking thus Dr. Peters arrogates nothing to himself that has not been conceded by the public. It is his merely quick and unobtrusive speculation, which comes before the world as his own, and which is placed in a responsible situation by the patronage which he has enjoyed for years, and which is increasing to an extent unprecedented in the annals of medicine, that makes him careful of a reputation which is not bought out by the most inflated price, and hence he does not fear to be put to the test in any thing which he has promised respecting his Pills.

Dr. Peters is most happy to be able to state, on the authority of a great number of regular physicians, that whenever Peters' Pills have been introduced, they have almost superceded the adoption of mercurial experiments, for their peculiar faculty in sweetening the blood, and stimulating it to expel all noxious juices, and in giving strength and tone to the nerves, prevent disease from acquiring a permanent seat, and must be got under, if at all, by dangerous remedies.

Prepared by JOS. PRIESTLY PETERS, M. D. 129 Liberty street, New York. Each box contains 40 pills, price 50 cents.

These celebrated Pills are sold by all the principal Druggists in Baltimore, Philadelphia, Washington City, and throughout the United States, the Canadas, Texas, Mexico, and the West Indies, and by JOHN J. MYERS, Carlisle, SAMUEL ELLIOTT, Do. S. WILSON & Co., Shippensburg, GEO. GARLIN, Chambersburg, LEWIS DENIG, Do. ALEXANDER SPER, Mercersburg, P. W. LITTLE, Do.

December 6, 1838.

QUACKS & THEIR DESTRUCTIVE NOSTRUMS.

The united testimony of physicians throughout the United States has fully proved the fact that Peters' Vegetable Pills are the only true Vegetable Pills, which will stand the test of analysis; hence the proprietor would most earnestly urge them to the notice of those who have been in the habit of using, as cathartics or aperients, the destructive and irritating quack pills so generally advertised, and which are at best but slow consumers of the vital functions, and murderous agents, even to the most hale. It is true, most of them produce a purgative effect, and sometimes transient relief; but in most cases they injure the digestive organs, and a habitual resort to them must terminate in confirmed dyspepsia.

It is true that cathartic and aperient medicines are often required, but the nicest discrimination should always be observed in the selection; and, if this be done, nothing injurious can result from their use.

To produce this much desired result, Dr. Peters has made it his study for several years, and feels proud to say he has succeeded at length far beyond his expectations. The object of his pills is to supercede the necessity of a frequent resort to injurious purgatives, and to offer a medicine safe, certain, and pleasant in its operation.

Prepared by Jos. Priestly Peters, M. D. No. 129 Liberty Street, New York. Each box contains 40 pills. Price 50 cents. For sale by J. J. Myers, and S. Elliott, Carlisle, and Samuel Wilson & Co., Shippensburg. Dec. 6.

Peters' Vegetable Pills.

MORE than three millions of boxes of these celebrated pills have been sold in the U. States since January, 1835.

Hundreds and thousands bless the day they became acquainted with Peters' Vegetable Pills, which in consequence of their extraordinary goodness, have attained a popularity unprecedented in the history of medicine.

When taken according to the directions accompanying them, they are highly beneficial in the prevention and cure of Bilious Fever, Fever and Ague, Dyspepsia, Liver Complaint, Sick Headache, Jaundice, Asthma, Dropsy, Rheumatism, Enlargement of the Spleen, Piles, Cholera, Female Obstructions, Heart Burn, Nausea, Furred Tongue, Distension of the Stomach and Bowels, Incontinent Diarrhoea, Flatulency, Habitual Costiveness, Loss of Appetite, Bile, Sallow Complexion, and in all cases of Torpor of the Bowels, where a cathartic or an aperient is needed. They are exceedingly mild in their operation, producing neither nausea, griping nor debility.

The efficacy of these Pills is so well known, and their use so general, that further comment is considered unnecessary. Dec. 6.

Headache, Sick and Nervous.

THOSE who have suffered, and are weary of suffering from these distressing complaints, will find in Peters' Vegetable Pills a remedy of one certain, and immediate in its effects. In Dyspepsia they stand unrivalled, having been cured in a few weeks after having suffered under this dreadful complaint for years.

In habitual Costiveness they are decidedly superior to any Vegetable Pills ever yet discovered, and besides this they are recommended by all the eminent and leading members of the medical Faculty. For sale by above. Dec. 6.
