May 2, 1839.

NOTICE.
WHEREAS the charter of the "Carlisle Saving Fund Society," will expire in 1843, and a heretofore given agreement to the constitution and laws of Pennsylvania that the stockholders said institution intend applying to the next Legislature of the commonwealth for a renewal of charter.—Change of name, style, and title to "Cumberland and Carlisle Saving Fund Society," to \$200,000 and general discounting and banking privileges all under such restrictions as the Legislature may direct. The above institution to be continued in Carlisle, Cumberland county, Pa.
JOHN J. MYERS,
August 1, 1839.

Goeckle's Matchless Sanative.
The article published below concerning the new and popular doctrine advanced by the illustrious Goeckle of Germany, cannot fail of exciting a deep and thrilling interest throughout the country.

[Translated from the German.]
LOUIS OFFON GOECKLE,
OF GERMANY.
THE GREATEST OF HUMAN BENEFACTORS.

Citizens of North and South America,
To Louis OFFON GOECKLE, M. D. of Germany, Europe, belongs the imperishable honor of adding a new and PRECIOUS DOCTRINE to the Science of Medicine—a new doctrine which, though vehemently opposed by many of the faculty, (of which he is a valuable member) he proved to be as well founded in truth as any doctrine of Holy Writ—is doctrine, upon the verity of which are suspended the lives of millions of our race, and which he boldly challenges his opposers to refute. viz: Consumption is a disease always occasioned by a diseased state of the lungs. (See his Principle) of the human body: often secretly lurking in the system for years before there is the least complaint of the lungs—and which may be as certainly, though not so quickly cured, as a common cold, or simple headache. An invaluable precious doctrine, as it imparts an important lesson to the apparently healthy of both sexes, teaching them that this insidious foe may be an unobserved inmate of their "clayey houses," even while they imagine themselves secure from its attacks. IN THE ART OF PRESERVING HEALTH IS TO PLUCK OUT THE DISEASE WHILE IN THE BLADE, AND NOT WAIT TILL THE FULL GROWN EAR.

This illustrious benefactor of man is also entitled to your unfeigned gratitude, and the gratitude of a world, for the invention of his Matchless Sanative,—whose healing fiat may justly claim for it such a title, since it has so signally triumphed over our great common enemy consumption, both in its first and advanced stages,—a medicine which has thoroughly filled the vacuum in the Materia Medica, and thereby proved itself the Conqueror of Physicians—a medicine, for which all mankind will have abundant cause to bless the beneficent hand of its discoverer.—A medicine whose wonderful virtues have been so gloriously portrayed even by some of our clergy, in their pastoral visits to the sick chamber, by which means they often become the happy instruments of changing despondency into hope, sickness into health, and sadness of friends into joyfulness.

Goeckle's Matchless Sanative,
a medicine of more value to man than the vast mines of Austria, or even the united treasures of our globe—a medicine, which is obtained equally from the vegetable, mineral and animal kingdoms, and thus possesses a three-fold power, medicine, which, though designed as a remedy for disease, is also possessed of a mysterious influence over many diseases of the human system—a medicine, which begins to be valued by Physicians, who are daily witnessing its astonishing cures of many whom they had resigned to the grasp of the Inevitable Grave.

Dose: of the Sanative, for adults, one drop; for children, a half drop; and for infants, a quarter drop, the directions explaining the manner of taking a half or quarter drop.
Price—Three and one-third six dollars (\$3.50) per bottle.
*A German coin, value 75 cents.
For sale at the Post Office, Mechanicsburg, Cumberland county, Pa., by GEO. F. CAIN, sole agent for Mechanicsburg.
Mechanicsburg, July 25, 1839.

A CARD.
SARAH E. O'BRIEN,

JAMES GRAHAM,
May 30, 1839.

IMPORTANT
To Millers & Manufacturers.
HOW'S IMPROVED DIRECT ACTION WATER WHEEL.
THIS public are informed that the subscriber has bought the right of the above water wheel, for the State of Pennsylvania. It is considered by those having them in use, as one of the most important improvements that has ever been made in the kind, and it is by calling at the foundry of DAVID COCKLEY, Lancaster. The annexed certificates have been given as a slight testimonial of its value; they will speak for themselves. All communications addressed to the subscriber in Lancaster, Pa., will be promptly attended to.
MICHAEL M'MATH,
April 11, 1839.

[Cont.]
This is to certify, that I have put in one of How's Patent Cast Iron Direct Action Water Wheels, in the place of a Reaction Wheel; that the Direct Wheel does not flood the tail race as much by three inches as the reaction did, and that I can grind seven bushels with the direct action wheel an hour, and drive two run of stones, where I could not grind four bushels in the same time with the reaction and drive one run of stones.
PETER FAHNESTOCK,
Ephrata tp. Lan. co. Oct. 1838.

Alloway, May 5, 1838.
This may certify, that I have been engaged in putting in S. B. How's cast iron direct action Water Wheel, in the State of New York, and in Michigan, and can give it as my decided opinion that with 8 feet head or under, rightly put in, it will do more business with the same water than any other water wheel which I have yet had any experience in, and in respect to the water, it is second to none that I have yet tried. In reference to guarding against ice there can be no better operation, and it is very easy to be kept in repair.
STEPHEN AILES, Millwright.

Alloway, September 3, 1838.
This may certify that I have had in my Mill one of Mr. How's direct water wheels for the space of one year. It is a five feet wheel, and I have had it in action in the same place—I have also had Wheeler's Union Wheel, yet I think Mr. How's will do more business with less water than any other I have tried. It does well in back water. I have had from 5 to 6 feet head. I think we could do as much work with half the water we used to do with the other wheel, which is a great saving in my mill.
LAWRENCE RILEY.

Lyons, September 3, 1838.
This may certify, that we have used one of S. B. How's patent water wheels for the space of one year, by the side of a reaction wheel, and we think that How's will do double the business, with the same water that the reaction wheel will do very near. We never have but three feet head, and can grind with that eight bushels per hour. We are now in the State of New York and will do as good business under back water as the reaction, and we recommend it to the attention and patronage of the public.
SIMON BURTT,
MILES S. LEACH.

DR. J. C. MOOMIS,
DENTIST.
INTENDS residing permanently in Carlisle, and will respectfully offer his professional services to the citizens of the place and vicinity. He has taken rooms at Col. Ferree's Hotel, where he may be found at all hours.
Persons requesting it will be waited upon at their residences.
Dr. George D. Faulk,
Rev. Thos. C. Thornton,
Dr. David N. Mahon.
Carlisle, Dec. 6, 1838.

A VALUABLE TAN YARD FOR RENT.
AT HARPER'S FERRY, VA.
THE subscribers will lease for one or more years, their valuable Tan Yard, with all its appendages. It is one of the best locations in Virginia for carrying on the business on an extensive scale, as there is abundant room, and the materials are ample. A number of the Yards are under cover, and all the buildings are of the most suitable kind—besides the grinding of Bark (which can be got convenient and at fair prices), is done by water power.

Any quantity of Hides can be procured in the neighborhood, as there is no other tannery within several miles of the place—and there is also every facility for getting hides from the cities, and sending them to a market, when tanned, either by rail road or canal. There is, likewise, a demand for this place, for a large quantity of Leather annually by the Government.
Possession will be given immediately.
For further particulars enquire of
HUGH GILLECE & CO.
Harper's Ferry, Feb. 7, 1839.

A New Line of Freight Cars FROM HARRISBURG TO PHILADELPHIA.
THE subscriber, grateful for past favors, respectfully acquaints his friends and the public, that he has put into operation on the HARRISBURG, LANCASTER, and GERMANTOWN RAIL ROAD, a line of new PUBLISHED CARS, which will run regularly between Harrisburg and Philadelphia, by which Goods and Produce of all descriptions will be forwarded with care and despatch, at the lowest rates of freight.
Goods will be received at the WAREHOUSE of THOMAS MAXWELL, N. E. corner of Broad and Vine streets, Philadelphia, and forwarded to Harrisburg, Carlisle, Chambersburg, and intermediate places, and by the subscriber, JOHN W. McCABE.

Harrisburg, Jan. 31, 1839.
FRESH, SALT AND PLASTER, CONSTANTLY ON HAND. Cash paid for almost all kinds of country produce.

DYEING & SCOURING.
THE subscriber respectfully informs the public that she continues to cleanse Cloths of grease, stains, &c. in the best manner and without injuring the cloth. She will also attend to
DYEING
all kinds of Yarns, Cloths, Silks, &c. &c. any color which may be desired, on the most accommodating terms and with despatch.
Her residence is a few doors east of Mr. A. Richards' store, Centre Square, Carlisle.
JANE MCMURRAY,
April 25, 1838.

VALUABLE FARM FOR SALE.
THE subscriber offers at private sale, the following described valuable real estate, situated in Allen township, Cumberland county, containing 113 acres, more or less, of patented land, about 90 acres of which are cleared and in a high state of cultivation, and the residue covered with thriving timber. The improvements are a
TWO STORY

STONE HOUSE,
And Double Log Barn,
two Apple Orchards, one of which is of choice fruit, a never failing spring of water, and a fountain pump at the door, and a Tenant House. The above mentioned tract is nearly all limestone land, of a good quality, and is in a healthy neighborhood—within two miles of Mechanicsburg and the Cumberland Valley Rail Road, and about one mile from Shepherdstown. An inalienable title will be given. For terms apply to the subscriber near the premises.
JAMES GRAHAM,
May 30, 1839.

CHANGE OF AGENTS
For Morrison's Universal Medicines.
HORATIO SHEPHERD MOAT, late Sale Agent in the United States, having been dismissed by the British College of Health, Dr. George Taylor now of the city of New York, has been appointed Sole General Agent and Hygienic Delegate to the United States.
The said George Taylor has appointed A. D. Olmstead, of Montrose, Susquehanna county, Pennsylvania, Sole General Agent for the states of Maryland and Delaware, and thirty three counties east of the Allegheny Mountains, Pennsylvania and George C. Hand, Surgeon Dentist, of Allentown, Lehigh county, Pa., General Agent for four counties in the state of New York, and seven in the state of New Jersey, to wit—Burlington, Cape May, Cumberland, Gloucester, Monmouth and Salem, in the state of New Jersey; Genessee, Livingston, Monroe and Steuben, in the state of New York.

Hereafter, no person can or will vend the genuine Hygienic Medicines within the said districts, except by the authority of the said Dr. Olmstead and George C. Hand. All former agencies within said districts having terminated by the removal of H. S. Moat, who is now offering for sale under the firm of Moat & Pelham, Medicines of their own manufacture, which will readily be detected, will not be held as the signature of A. D. Olmstead, G. C. Hand, or Olmstead & Hand, on the cover of each box or package.

The leading principles of the Hygienic or Morrisonian theory of Disease, are generally and generally known to require a minute explanation in this advertisement.
These medicines cure all diseases which admit of a cure, and many heretofore deemed incurable.

None offered for sale within the aforesaid districts are genuine, unless each box or package is signed, except by the authority of the said Dr. Olmstead and George C. Hand, with a facsimile of the signature of George Taylor, and also the written signature of A. D. Olmstead, G. C. Hand, or Olmstead & Hand, with the written signature of Sole Agents, when appointed.

The Pills are of two kinds—No. 1 and No. 2, sold in boxes with envelopes, at 25 and 50 cents, and packages at \$1 and \$3. Each packet contains a proportion of about two to one of No. 2. The Powders are in separate boxes—price 25 cents.

No chemical apothecary or druggist is ever employed to sell these medicines.
Respectable persons complying with the requisitions required may be appointed agents on liberal terms.

Office: General Depot, No. 5 South Front Street, Philadelphia.
For 33 counties, Pa., the states of Maryland and Delaware.
G. C. Hand, General Agent,
For 5 counties, N. Y., and 7 counties, N. J.
The public is hereby notified, that we have united our business, and hereafter will be conducted under the firm of Olmstead & Hand.

All orders directed to Olmstead & Hand, No. 5 South Front Street, Philadelphia, will receive prompt attention.
OLMSTEAD & HAND.
The above medicine is for sale by
CHARLES OGILBY, Agent for Carlisle.
Sept. 20, 1838.

DYSPEPSIA! DYSPEPSIA!
MR. TESTIMONIAL of the efficacy of Dr. Wm. Evans' Camomile Pills.
Philadelphia, Dec. 19, 1838.

Sir—Being on a visit to Philadelphia, from my native place of Germantown, I joyfully avail myself of the opportunity of adding a few words of recommendation to your celebrated Pills, to the abundant testimony already given in their favor. About four years ago, I was attacked with Dyspepsia, and for several years it continued to torment me, and I was almost entirely disabled. Notwithstanding I tried every thing that came before the public, I obtained no relief, till I accidentally saw your advertisement. From the numerous and respectable testimonials which accompanied it, I had some faint hopes that I might be able to prove all together useless in my own case. I tried it, and it is scarcely necessary to add that I was cured. Indeed the success was greater than I could possibly have anticipated from an external recommendation.

From a small return for the benefit I have bestowed, I send you this acknowledgment of my thanks and the deep sense of obligation under which I feel myself toward you. Having implicit confidence in the efficacy of your Camomile Pills, and feeling it due to my fellow sufferers, I will not hesitate to attest to the efficacy of their existence, and to the influence of that source of the human faculty, Dyspepsia, to lay aside their early prejudice against such remedies, and apply to you, that they may receive a speedy and permanent restoration.

I am, Sir, your obedient servant, &c. I frequently visit the city, and will willingly give any further information that may be desired.
Ever gratefully yours,
T. B. WILLIAMS.

Dyspepsia, Dyspepsia.
Is there no cure for that distressing disease? Is the echo from thousands. Read the many certificates of cures performed by Dr. Wm. Evans' Camomile Pills, and you will be convinced of every person of the great efficacy of this invaluable medicine.

Dr. Wm. Evans—Dear Sir—I can never be grateful enough for the cure I have received by the use of your valuable medicine (CAMOMILE PILLS). I was for five years very seriously troubled with Dyspepsia, which caused a nervous sensation throughout my system—so much that I sometimes shook as if I had been afflicted with a palsy during all this time. I took many medicines, but none would cure me. At last my physician gave me up; but fortunately one day as I was speaking to a friend on the subject he told me that Dr. Wm. Evans' Camomile Pills were the only medicine that would cure me, of which I purchased some, and the result is that I am now enjoying perfect health. Any person wishing to see me can call at my house, No. 365 North Front street, Philadelphia.
HENRY L. CAMPBELL.
The above medicine is for sale by
J. J. MYERS & CO., Carlisle.

READ THIS!—Dr. Swaine's Compound Syrup of Prunus Virginiana or Wild Cherry.—This is decidedly one of the best remedies for coughs and colds now in use. It allays irritation of the lungs, loosens the cough, causing the phlegm to raise free and easy; in asthma, pulmonary consumption, recent and chronic coughs, wheezing and choking of phlegm, hoarseness, difficulty of breathing, croup, spitting of blood, &c. The syrup is warranted to effect a permanent cure, if taken according to directions which accompany the bottles. For sale at the drug store of
J. J. MYERS & CO.

Interesting Cure
PERFORMED BY DR. H. SWAINE'S Compound Syrup of Prunus Virginiana, or Wild Cherry in my family, which cured a very young child. The symptoms were Wheezing and Choking of Phlegm, difficulty of breathing, attended with constant cough, spasms, convulsions, &c. &c. I had given up all hopes of its recovery, when I was advised to try a small quantity of this invaluable medicine. After seeing the wonderful effects it had upon my child, I concluded to make the same trial upon myself, which entirely relieved me of a cough that I was afflicted with for many years. Any person who will see me can call at my house in Beach street, above the Market, Kensington, Philadelphia, Dec. 7, 1838.
The above medicine is for sale by
J. J. MYERS & CO., Carlisle.

THRASHING MACHINES
AND
HORSE POWER
CALL AND EXAMINE FOR YOURSELVES!
The subscribers, thankful for past favors, take this method of informing the public that they still continue the building of Thrashing Machines and Horse Power, at their old stand, in Louthers street, Carlisle, where Farmers and others can at all times be supplied. They have made considerable improvement in the power and machine, and have also attached a
CLOVER THRASHER,
which for durability and simplicity of construction is surpassed by none, and a Straw Carrier. Having all manner of confidence in the superiority of the above mentioned machine, &c. they are willing that Farmers should test them before making the purchase.
Persons wishing to purchase or examine the machine will please make application at the public house of John Conman, Carlisle.
NEVIUS & MITCHELL,
May 3, 1838.

PETERS' PILLS
THE TRUE RICHES OF LIFE IS HEALTH.
We know that health, and the ability to labor is the wealth of the great mass of the people in this as in most other countries. It is the basis, therefore, that health by NATURAL means, is a grand moral and political scheme, to fulfil which requires our utmost attention.

THE unparalleled reputation which Peters' Pills have acquired as a Medical Restorative, is the most unquestionable proof of their efficacy, in almost every class of diseases. The number of letters received from patients recovering through their means is really prodigious, and the complaints which they have cured are almost as varied as they are numerous. But still there are some in which they are more especially beneficial than in others; and among those may be named the too often fatal complaints of the stomach and bowels, such as Cholera, Flatulence, and Indigestion, for which they are not only a certain but an immediate cure.

It is well known that from the disarrangement of the stomach and bowels, arise nine tenths of all the maladies of adult and declining life; that this is the foundation of Flatulency, Spasmodic Pains, the Lungs of America, and that those who have their true give birth to Dropsy, Liver Complaint, Consumption, and habitual lowness of spirits; therefore Peters' Pills being the very best medicine which has ever been discovered for the incipient diseases of the intestines, are especially adapted to the relief of these disorders, and also general disorders, which embitter the life, and drag so many millions to untimely graves.

In speaking thus Dr. Peters arrogates nothing to himself that has not been conceded by the world. He is not a needy quack or unknown speculator, who comes before the world as his own herald and witness, but is placed in a responsible situation by the patronage which he has enjoyed for years, and which is increasing to an extent unprecedented in the history of medicine. He makes him careful to arrest nothing which is not borne out by the most inflexible proof, and hence he does not fear to put to the test in any thing which he has promised respecting his Pills.

Dr. Peters is most happy to be able to state, as the authority of a great number of regular physicians, that wherever his Vegetable Pills have been introduced, they have almost superceded the adoption of mercurial experiments, for their peculiar faculty in sweetening the blood, and stimulating it to expel all noxious juices, and in giving strength and vigor to the nerves, which must be got under, if at all, by dangerous remedies.

Prepared by JOS. PRIESTLY PETERS, M. D. 129 Liberty street, New York. Each box contains 40 pills—price 50 cents.

These celebrated Pills are sold by all the principal Druggists in Baltimore, Philadelphia, Washington city, and throughout the United States, the Canadas, Texas, Mexico, and the West Indies, and

W. LITTLE, Do.
Dec. 6, 1838.

QUACKS & THEIR DESTRUCTIVE NOSTRUMS.—The united testimony of physicians throughout the United States has fully proved the fact that the only true and reliable remedy for the cure of the various diseases to which the human system is subject, is the only true Vegetable Pills which will stand the test of analysis; hence the proper remedy would most earnestly urge them to the notice of those who have been in the habit of using, as cathartics or aperients, the destructive and irritating quack heat but slow consumers of the vital functions, and murderous agents, even to the most hale. It is true, most of them produce a purgative effect, and sometimes transient relief; but in most cases they injure the digestive organs, and an habitual resort to them must terminate in confirmed dyspepsia.

It is true that cathartic and aperient medicines are often required, but the nicest discrimination should always be observed in the selection; and, if this be done, nothing injurious can result from their use.

To produce this much desired result, Dr. Peters has made it his study for several years and feels proud to say he has succeeded at length far beyond his expectations. The object of his pills is to supercede the necessity of a frequent recourse to injurious purgatives, and to offer a medicine safe, certain, and pleasant in its operation. Prepared by Jos. Priestly Peters, M. D. No. 129 Liberty Street, New York. Each box contains 40 pills. Price 50 cents. For sale by J. J. Myers, and S. Ely, Carlisle, and Samuel Wilson & Co. Shippensburg. Dec. 6.

Peters' Vegetable Pills.
MORE than three millions of boxes of these celebrated pills have been sold in the U. S. since January, 1835.

Hundreds and thousands bless the day they became acquainted with Peters' Vegetable Pills, which in consequence of their extraordinary goodness, have attained a popularity unprecedented in the history of medicine.

When taken according to the directions accompanying them, they are highly beneficial in the prevention and cure of Bilious Fever, Fever and Ague, Dyspepsia, Liver Complaints, Sick Headache, Jaundice, Asthma, Dropsy, Rheumatism, Enlargement of the Spleen, Piles, Cholera, Female Obstructions, Heart Burn, Nausea, Furred Tongue, Distension of the Stomach and Bowels, Incipient Diarrhea, Flatulence, Habitual Costiveness, Loss of Appetite, Blisters or Sallow Complexion, and in all cases of Torpor of the Bowels, where a cathartic or an aperient is needed. They are exceedingly mild in their operation, producing neither nausea, griping nor debility.

The efficacy of these Pills is so well known, and their use so general, that further comment is considered unnecessary. Dec. 6

Headache, Sick and Nervous.
THOSE who have suffered, and are weary of suffering from these distressing complaints, will find in Peters' Vegetable Pills a remedy at once certain, and immediate in its effects.

In Dyspepsia they stand unrivaled; many have been cured in a few weeks after having suffered under this dreadful complaint for years. In habitual Costiveness they are decidedly superior to any Vegetable Pills ever yet discovered, and besides they are recommended by all the eminent and leading members of the medical faculty.

For sale as above
Dec. 6.

A CATALOGUE OF REASONS
For using Dr. Peters' Celebrated Vegetable PILLS.
1. Because they are exceedingly popular, which proves them to be exceedingly good.
2. Because they are composed of simples which have the power to do good in an immense number of cases, without possessing the means to do injury in any.
3. Because they are not a quack medicine, but the scientific compound of a regular physician, who has made his profession the study of his life.
4. Because they are not unpleasant to take nor distressing to retain, while they are most effective to operate.
5. Because they are recommended as standard medicine by the regular faculty.
6. Because by keeping the system in a natural state of action, they cure almost every disease which is incidental to the human frame.
7. Because they are cheap and portable, and will retain all their virtues in full vigor, in any climate, and for any length of time.
8. Because, notwithstanding their simplicity and mildness, they are one of the speediest purgative medicines which has yet been discovered.
9. Because they are an unfailing remedy for procuring a good appetite.
10. Because in cases of spleen or despondency, by their healthy influence on the excited state of the body, they have a most happy effect, in calming, and invigorating the mind.
11. Because they effect their cures without the usual attendants of other pills, sickness and griping.
12. Because as well as being an unrivaled purifier of the general system, they are a sovereign remedy for sick head-ache.
13. Because they differ from the majority of medicines, in the fact that the more they are known the more they are appreciated.
14. Because as their application creates no debility in the system, they may be taken without producing any hindrance to business of the usual pursuits of every day life.
15. Because when once introduced into a family, or village, they are not likely to be taken the precedence of all other medicines in general complaints.
16. Because a number of the wonderful cures they have effected, can be substantiated without undue means being resorted to, to procure invalid testimonials.
17. Because their composition is such, that they are equally applicable to the usual diseases of warm, cold, or temperate climates.
18. Because two or three, are in general sufficient for a dose—so that, as in the case with the generality of patent medicines—the patient is not compelled to take a large amount of them.
19. Because each individual pill is put up under the immediate superintendence of the proprietor, so that no mistake in the composition or quantity can possibly occur through the carelessness of an interested agent.
20. Because they purify the frame without debilitating the system.
21. Because, notwithstanding their immense popularity, they have never ventured to raise against them the breath of censure, which would not have been the case, if any could have discovered in them a single flaw to cavil at.
22. Because—and this fact is of the utmost importance to ladies in a certain situation—may take them, (not more than one or two at a time however) without in the slightest degree incurring the hazard of abortion. Were the virtues of Peters' inestimable pills, confined to this desirable end alone, it would give them a decided advantage over the medicines of all competitors, as in no case can they be so dangerous to be approached, or for which so few have been discovered, as the one referred to.
23. Because while they are so efficient in their operations with adults they may at the same time be administered to children and even to infants, in such quantities, half a pill for instance, without the slightest danger.
24. Because their virtues are acknowledged to stand pre-eminent for their soothing influence upon young ladies while suffering from the usual changes of life, as directed by the laws of Nature. Dec. 6.

DR. SWAINE'S COMPOUND SYRUP OF PRUNUS VIRGINIANA OR WILD CHERRY.—This medicine is an effectual remedy in all affections indicative of Pulmonary disease, both in their recent and more advanced stages, such as Asthma, Pulmonary Consumption, recent or chronic coughs, hemoptoe, hooping cough, wheezing, and all kinds of breathing, shortness of breath, night sweats, &c. This remedy is highly useful to persons whose nerves have been injured by calomel or excessive grief, great loss of blood, the suppression of accustomed discharges, or cutaneous eruptions, intemperate habits, or other causes which tend to relax or weaken the nervous system. How many persons do we daily behold approaching to an untimely grave, wrested in the bloom of youth from their dear relatives and friends, afflicted with that common and destructive ravenous, called Consumption, which soon wastes the miserable sufferer until they become beyond the power of human skill. If such sufferers would only make a trial of Dr. Swaine's invaluable medicine, they would soon find themselves more benefited than by gulping the various quack remedies which are daily advertised in the newspapers. This syrup immediately begins to heal the ulcerated lungs, stopping profuse night sweats, mitigating the distressing cough, and at the same time inducing a healthy and natural expectoration also relieving the shortness of breath and pain in the chest, which harass the sufferer on the slightest exertion, and finally the hectic fire in
