The Blood has hitherto been considered by Empirics and others, as the great regulator of the human system, and such is the devoted of the human system, and such is the devoted of the adherents to that erroneous doctrine, that they content themselves with the simple possession of this fallacious opinion, without enquiring into the primary sources from whence Life, Health, and Vigor emanate, and, vice versa, pain, sickness, disease and death. Not so with DR. Hunt, whose extensive research and practical experience so eminently qualify him for the profession of which he has been one of the most useful members. He contends—and a moment's reflection will convince any reasoning mind of the reflection will convince any reasoning mind of the correctness of his views—that the stomach, livcorrectness of his views—that the stomach, liver, and the associated organs are the primary and great regulators of health, and that the blood in very many instances is dependent on these organs, and that unleas medicine reaches THE ROOT OF THE DISEASE, the superficial anodynes usually prescribed, serve but as foils to cover the ravages of deep-rooted maladies.—Under these convictions, at the expense of years of close application, the doctor has discovered a medicine whose searching powers are irresistible, and in prescribing, it is with a knowledge of its being a radical cure in the various diseases its being a radical cure in the various diseases already enumerated, even if applied in the most critical cases, but he does not pretend to ascribe

HUNT'S BOTANIC PILLS.

After much suffering from Fever and Ague, during the spring and fall, for the last four years, and the pecuniary injuries attendant on the indisposition of one on whose exertions a large family was dependant for support, and having without success tested the skill of many medical advisers, at an expense I could not well afford. In the fall of 1838, finding the premonitory symptoms of the disease approaching, I was induced by a friend who had tried your medicine, to purchase a package of your Botanic Pills, and now have the happiness to inform you—and through you, those who may be similarly afflicted—that they counteracted the disease, nor have I been you, those win may be similarly amount they counteracted the disease, nor have I been troubled with it since and my confidence continues to uphold me in the belief that your Botanic Pills are the most safe, the cheapest, most efficacious, and radical cure for that distressing disease Fever and Ague. All I can for the pre-sent-offer you for the blessing you have been in-strumental in conferring on me, is my assurance of unceasing gratitude and esteem.

Dyspepsia, or Indigestion, Effectually

Mr. Wm. Tucker, having lately been restored to a sound state of health, through the efficacy of Dr. Hunt's Botanic Pills, thinks it an indispensable duty to state certain facts relative to the disease under which he had so long suffered. The symptoms were a painful observation, with the disease under which he had so long suffered. The symptoms were a painful obstruction, with a constant rejection of food, head ache, palpitation of the heart, lowness of spirits, a trouble-some dry cough, dizziness, tightness at the chest and difficulty of breathing, almost constant pain in the side, loins, and shoulders, accompanied with much languor and debility. These afflictions, together with an unusual degree of flatulence, brought on such a state of extreme weakness, as to prevent him from attending to his business, and his health appeared lost beyond recovery. His friends and relatives became a larmed at the melanchely prospect, and strongly recommended. Hunt's Botanic, Pills—they were administered, and in a few days produced astonadministered, and in a few days produced aston-isling relief, and finally realized a perfect resto-ration to sound health.

FEMALE PILLS

These Pills are strongly recommended to the notice of the ladies as a safe and efficient remedy notice of the ladies as a safe and efficient remedy in removing those complaints peculiar to their sex, from want of exercise, or general Debility of the system, Obstructions, Suppressions, and Irregularity of the Menses, at the same time strengthening, cleansing, and giving tone to the Stomach and Bowels, and producing a new and healthy action throughout the system generally. They create Appetite, correct Indigestion, remove Giddiness, and Nervous Headache, and are eminently useful in those flatulent complaints which distress Females so much at the "Turn of Life." They obviate costiveness, and counteract all Hysterical and Nervous Affections, likewise afford soothing and permanent relief in Fluor Albus, or Whites, and in the most obstinate cases of Chlorosis, or Green Sickness, they invariably restore the pallid and delicate female to health and vigor.

nate cases of Uniorosis, or Green Sickness, they invariably restore the pallid and delicate female to health and vigor.

These Pills have gained the sanction and approbation of the most eminent Physicians in the United States, and many mothers can likewise testify to their extraordinary efficacy. To mairried females, whose expectations of the tenderest pledges of connubial happiness have been defeated, these Pills may be truly esteemed a blissful boon. They soon renovate all functional debility, and if taken (according to directions,) obviate all morbid action. They dispel that fulsome and disagreeable sensation common to females at each monthly return, likewise the attendant pains in the back, side, or loins; they generally counteract the nausea, vomiting, and other nervous affections in chlorosis, or green sickness, in a few days, (and, if continued according to directions,) soon effect a perfect cure.—Nothing is so signally efficacious in recruiting the pallid and sickly female (who has been during her life irregular and sensitive) as the FEMALE PILLS.

The extraordinary success which has attended the use of Hunt's Botanic Pills, is the best criterion of their superior virtues. They have been the means of raising a host of languishing patients from the bed the dissolution of the infant. This infallible remedy has preserved hundreds This infallible remedy has preserved hundreds when thought past recovery, from convulsions. As soon as the Syrup is rubbed on the gums, the child will recover. This preparation is so innocent, so efficacious, and so pleasant, that no child will refuse to let its gums be rubbed with it.—When infants are at the age of four months, though there is no appearance of teeth, one bottle of the syrup should be used on the gums to open the pores. Parents should never be without the syrup in the nursery where there are young children, for if a child wakes in the night with pain in the gums, the Syrup immediately with pain in the gums, the Syrup immediately an hysteric sob, she fell upon the bosom of gives ease, by opening the pores and healing the gums; thereby preventing Convulsions, Fevers, The alarmed, but enraptured Morley.
