DR. SWAYNE, Philadelphia.—It is with sincere pleasure I write you these lines. I have been reduced by a long spell of sickness in the lower country to a very critical state of health I thought I foresaw my early dissolution. I had a constant cough, and a sense of pain on my chest which seemed to be obstructed so that I could not breathe with ease. I got no rest at night, and my constant irritation produced a high fever at times. In this alarming state I looked for help, and recollecting your advertisement I sent for two bottles of Dr. Swayne's Compound Syrup of Wild Cherry, and before using the second bottle, I found my cough had disappeared, and with it all those distressing symptoms. You are at liberty to publish this, and I most earnestly recommend your Syrup of Wild Cherry to all sufferers with diseases of the lungs, as an effectual remedy. Respectfully yours,
REUBEN RICHARDSON,

DR. SWAYNE, Respected Friend.—From the very beneficial effects which I have received from the use of thy Compound Syrup of Wild Cherry Bark, I am fully willing to testify to the astonishing effect. My attack was that of a common cold, which began to threaten something of a more serious nature. Being recommended to use the above Syrup, I finally gave it a trial, and am happy to say it gave me almost instant relief. I have used it frequently, and always with the same beneficial effects. If others would use this medicine at the commencement of their colds and coughs, they would prevent a disease which would be more alarming in its character, and much more obstinate in the cure.

CERTIFICATE.
Dear Sir—This day said for some of Doctor Swayne's Prunus Virginiana, or Wild Cherry Syrup, there is a gentleman sick at this place and has been for a long time; he has tried the medicine and finds it helps him much. I am old, please send some immediately; send two bottles if you cannot send us more.

Cincinnati, August 10th, 1839.
Respected friend Dr. Swayne—I am truly indebted to you for the benefit I have received from the use of your Compound Syrup of Wild Cherry Bark, which I confess was the means of restoring my health. I was attacked with a common cold, which terminated in a seated disease upon the lungs. I at length became much worse, and was confined to my bed for many days, and my family had been carried off by consumption. Being recommended by a friend of mine, Mr. Weaver, to make trial of your invaluable Syrup, I did so, which ended in perfect cure. I have much to say to you when you next visit Carlisle, which will be this fall. You may make use of these lines if you think proper, that those afflicted may find relief from the same source. Yours truly,
JAMES PARRY.

Acute Bronchitis, a forerunner of Consumption.
This disease is very much like a common cold, it generally commences like an ordinary cold with hoarseness, slight cough and oppression and tightness about the breast. In many instances the disease seems at first no very serious character. As the disease continues the oppression in the breast increases, the respiration becomes oppressive of anxiety, the respiratory becomes rattling sound, as if the air was forced through a narrow aperture clogged with a viscid fluid. To neglect this disease it may be of serious consequences, but by a timely application to Dr. Swayne's Compound Syrup of Wild Cherry, a safe and medical prescription, and used in an extensive practice, will most positively afford relief, and save you from that awful disease, consumption, which usually sweeps out the grave the young, the old, the fair, the lovely, and the gay.
