**Marshall's Worm Syrup and Infant Preservative.**  
THIS remedy is recommended to all patients, nurses and others who have the management of children, as the most safe and effectual worm destroying medicine yet discovered. The symptoms denoting the existence of worms, are indigestion, variable appetite, foul breath, offensive breath, hard, full and tense belly, occasional griping and pains about the navel, heat and itching sensation about the rectum, the eyes heavy and dull, itching of the nose, short dry cough, grinding of the teeth, and starting during sleep, attended with slow fever. When these symptoms occur, the worm syrop, if taken according to the directions, will afford relief by destroying the worms, and the mucus or slimy matter in which they are involved, and thereby prevent their production. The Syrop has already been used with eminent success by many individuals in this place.

**DR. SWAYNE'S** Respected Friends—From the very beneficial effects which I have received from the use of thy Compound Syrup of Wild Cherry Birk, I am fully willing to testify to the astonishing effect. My attack was that of a common cold, which began to threaten something more serious in nature. Being recommended to use the above Syrup, I finally gave it a trial, and am happy to say it gave me almost instant relief. I have used it frequently, and always with the same beneficial effects. If others would use this medicine at the commencement of their colds and coughs, they would prevent a disease which would be more alarming in its character, and much more obstinate in the cure.

It is with sincere pleasure I write you these lines. Having been reduced by a long spell of sickness in this country to a very critical state, I had a constant cough, and a sense of pain in my chest which seemed to be obstructed so that I could not breathe with ease. I got no rest at night, and my constant irritation produced a high fever at times, and I most earnestly sought for help, and reflecting upon the advertisement, I sent you your agent for two bottles of Wild Cherry Syrop, and before using the second bottle I found my cough had disappeared, and with it all those distressing symptoms. You are at liberty to publish this, and I must earnestly recommend your Syrop of Wild Cherry to sufferers with diseases of the lungs, as an effectual remedy. Respectfully yours,

**Acute Bronchitis, a forerunner of Consumption.**  
This disease is very much like a common cold, it generally commences like an ordinary cold, with lassitude, chilliness, slight cough and oppression, and tightness about the breast. In many instances, the disease seems at first of a nervous character. As the disease continues the oppression in the breast, increases, the countenance becomes expressive of anxiety, the respiration becomes more and more laborious, sometimes a wheezing or rattling sound, as if the air was forced through a narrow aperture, clogged with a viscous fluid. To neglect this disease may be of serious consequences, and by a timely application of Dr. Swayne's Compound Syrop of Wild Cherry, with a strict attention to the directions, all these unpleasant effects will be removed. Be careful, as it is sold at no place except at No. 19 North Eighth street, at the respective signs.

**Respected friend Dr. Swayne's—**I am truly indebted to you for the benefit I have received from the use of your Compound Syrop of Wild Cherry Birk, which I confess was the means of restoring my health. I was attacked with a common cold, which terminated in a seated asthma upon the lungs. I at length became completely debilitated from constant coughing and loss of appetite, and gave up all hope of recovering, as many of my family had been carried off by consumption. I was recommended by a friend to try Dr. Swayne's Compound Syrop of Wild Cherry Birk. I did so, which ended in my getting a perfect cure. I have much to say to you when I see you, which will be this fall. You may make use of these lines if you think Dr. Swayne's Compound Syrop will find relief from the same source. Yours truly,

**Goelicke's Matchless Sanative.**  
The article published below concerning the new and popular doctrine advanced by the illustrious Goelicke of Germany, cannot fail of exciting a deep and thrilling interest throughout the country.  
[Translated from the German.]  
LOUIS OEFON GOELICKE,  
GERMANY.  
THE GREATEST OF HUMAN BENEFACTORS.

**Citizens of North and South America.**  
TO LOUIS OEFON GOELICKE, M. D. of Germany, Europe, belongs the imperishable honor of adding a new and PRECIOUS DOCTRINE to the Science of Medicine—a new doctrine which, though vehemently opposed by many of the faculty, (of which he is a valuable member) he proves to be as well founded in truth as any doctrine of Holy Writ—an doctrine, upon the verity of which are suspended the lives of millions of our race, and which he boldly challenges his opposers to refute, viz: Consumption is a disease always occasioned by a disordered state of the VITA (or Life Principle) of the human body; often secretly lurking in the system for years before there is the least complaint of its being, and which, as is certainly, though not so quickly cured, as a common cold, or simple headache. An invaluable lesson to the apparently healthy of both sexes, teaching them that an insidious foe may be an unobserved inmate of their "clayey houses," even while they imagine themselves secure from its attacks, teaching them that THE GREAT SECRET IN THE ART OF PRESERVING HEALTH, IS TO PLUCK OUT THE DISORDER WHILE IN THE FULL GROWN EAR.  
This illustrious benefactor of man is also entitled to your unfeigned gratitude, and the gratitude of the world for the invention of his "Matchless Sanative," whose healing faculty may justly claim for it such a title, since it has so signally triumphed over our great common enemy CONSUMPTION, both in the first and last stages, a medicine which has thoughtfully filled the vacuum in the Materia Medica, and thereby proved itself the CONQUEROR of Physicians—a medicine, for which all mankind will have abundant cause to bless the beneficent hand of a kind Providence—a medicine whose wondrous virtues have been so glowingly portrayed, and so generally avowed, in their pastoral visits to the sick chamber, by which means they often become the happy instruments of changing despondency into hope, sickness into health, and sadness of friends into joyfulness.

**Goelicke's Matchless Sanative,**  
a medicine of more value to mankind than the vast mines of Austria, or even the united treasures of our globe—a medicine, which is obtained equally by from the vegetable, mineral and animal kingdoms, and thus possesses a three-fold power—a medicine, which, though designed as a remedy for consumption solely, is a most beneficial influence over many diseases of the human system—a medicine, which begins to be valued by Physicians, who are daily witnessing its astonishing cures of many whom they had resigned to the grasp of the insupportable grave.  
Dose of the Sanative, for adults, one drop; for children, a half drop; and for infants, a quarter drop; the directions explaining the manner of taking a half or quarter drop.  
Price—Three and one-third six dollars. (23.50) per half ounce.  
\* A German coin, value 75 cents.
