HAVE YOU A COUGH?

Do not neglect it! Theus ods have met a premature death for the want of a little attention to a common cold. Have you a cough or cold! Dr. Swayne's Compound Syrup of Prinus Virginiana, or Wild Cherry, a safe and medical

Virginiana, or Wild Cherry, a safe and medical prescription, and used in an extensive practice, will most positively afford relief, and save you from that awful disease, consumption, which usually sweeps into the grave the young, the old, the fair, the lovely, and the cay.

Have you a cough? Swayne's Prunus Virginiana, or Wild Cherry Syrup, is the only remedy yo should take to cure you. For this plain reason—that in no one of the thousands of cases where it has been used, has it failed to relieve. For sale by J. J. MYERS & CO.

Wonderful Care of Consumption

ERFORMED by Dr. Swayne's Compound Syrup of Prunus Virginia or Wild Cherry. Mr. Wilson Greene, of L measter county, Pa., entirely cured of the above disease. his swiptoms were a chillness, succeeded by heat, lowcough, great oppression in the breast, loss of apprtite, a frequent spitting and coughing up of frothy and florid blood. After using 2 bottles of the above syrup, the cough ceased; the body began to strengthen, and by using 2 more bottles all those disagreeable feelings were removed. He is now enjoying perfect health to the astonishment of all his friends. ness of spirits, salt taste in his mouth, a dry cough, great oppression in the breast, loss of

Brie, Pa., Sept. 3, 1839.
Dear Sir—I this day send for some of Doctor
Swayne's Prunus Virginia, or Wild Cherry
Syrup, there is a gentleman sick at this place

In haste, yours, &c.

Cincinnati, August 10th, 1859. Respected friend Dr. Swayne:—I am truly debted to you for the benefit. I have received from the use of your Compound Syrup of Wild Cherry Bork, which I confess was the means of restoring my health. I was attacked with a common cold, which terminated ma seated dis ease upon the lungs, I at length became much debilitated from constant coughing and loss of appetite, and gave up all hope of recovering, as many of my family had been carried off by consumption. Being recommended by a friend of mine. Mr. Weaver, to make trial of your inestimable Syrup. It did so which ended in particular in the constant of the stimble Syrup. I did so, which ended in per-forming a perfect cure. I have much to say to you when I see you, which will be this fall.— You may make use of these lines if you think proper, that those afflicted may find relief from the same source. Yours truly

The Blood has hitherto been considered by Empirics and others, as the great regulator of the human system, and such is the devoted of the adherents to that erroneous doctrine, that they content themselves with the simple possession of this fallactous opinion, without enquiring into the primary sources from whence Life, Health, and Vigor emanate, and, vice versa pain, sickness, disease and death. Not so with DR HUNT, whose extensive research and practical experience so eminently qualify him for the profession of which he has been one of the most useful members. He contends—and a moment's The Blood has hitherto been considered by Syrup, there is a gentleman sick at this place expectoration.

Syrup, there is a gentleman sick at this place expectoration.

However incredible it may appear, Doctor and has been for a long time; he has tried the Bartholomew's Pink Expectorant Syrup has never been known to fall in affording relief in bottles if you cannot send us more.

To have yours for the above cases, Many certificates have been and great regulators of health, and that the blood in the above cases. and great regulators in nearth, and that these or-in very many instances is dependent on these or-gans, and that unless medicine reaches THE ROOT OF THE DISEASE, the superficial anodynes usually prescribed, serve but as foltocover the ravages of deep-roted maladies—Under these convictions, at the expense of year or close application, the doctor has discovered.

have never been known to fail in effecting two very gratifying results, that of raising from the bed of sickness and disease those who have test ed their afficacy, and thus amply rewarding Dr Hunt for his long and auxious study to attain this herfection in the HEALING ART.

The extraordinary success which has attended the use of HUNT'S BOTANIC PILLS, is the best criterion of their superior virtues. They have been the means of raising a host of languishing patients from the bed of affliction, as it is clearly evinced in the

following CERTIFICATES.

FEVER AND AGUE CURED.

To Dr. Hunt:

D ar Sir—B lieving it a duty I owe you as a successful practitioner, as well as those who may be smillerly afflicted, I take pleasure in acknowledging the benefit I have derived from the use

HUNT'S BOTANIC PILLS.

HUNT'S BOTANIC PILLS,

After much suffering from Pever and Ague, during the spring and fall, for the last four years, and the pecuniary injuries attendant on the indeposition of one on whose exertions a large family was dependant for support, and having without success tested the skill of many medical advisers, at an expense I could not well afford. In the fall of 1838, finding the premonitory symptoms of the disease approaching; I was induced by a friend who had tried your medicine, to purchase a package of your Botanic Pills, and now have the happiness to inform you—and through you, those who may be similarly afflicted—that they counteracted the disease, nor have I been troubled with it since and my confidence continues to uphold me in the belief that your Botanic Pills are the most safe, the cheapest, most tanic Pills are the most safe, the cheapest, most efficacious, and radical cure for that distressing drease Fever and Aeur Aut can for the pre-sent offer you for the blessing you have been in-strumental in conferring on me, is my assurance of unceasing gratitude and esteem.

P. M. McCORMICE.
Newark, N. J., July 31, 1839.

Dyspepsia, or Indigestion, Effectually

Mr. W.m. Tucker, having lately been restored to a sound state of health, through the efficacy of Dr. Hun's Botanic Pills, thinks it an indispensable duty to state certain facts relative to the disease under which he had so long suffered. The symptoms were a painful obstruction, with a constant rejection of food, head-ache, p upita-tion of the heart, lowness of spirits, a troublea constant rejection of food, head-ache, p alpitation of the heart, lowness of spirits, a trouble-some dev cough, dizziness, tightnessat the chest and difficulty of breathing, almost constant pain in the side, loins, and shoulders, accompanied with much languor and debility. These afflictions, together with an unusual degree of flatulence, brought on single a state of extreme weakness, as to prevent him from attending to his business, and his health appeared lost beyond recovery. His friends and relatives became a larmed after the metanchild profiner and seement. covery. The richia and relatives occame a larmed at the melanch by prospect, and strongly Dr. Evans only Office, 3, South Seventh afreet, administered, and in a few days produced asponishing relief, and finally realized a perfect rest. T. R. Kirby, and W. V. Davis, Chambershure, and M. W. Davis, Chambershure.

HAMILTON & Gares, Carlisle.

DR. WM. EVANS! SOOTHING SYRUP, FOR CHILDREN TEETHING.

To Mothers and Nurses.

The passage of the teeth through the gums roduces troublesome and dangerous symptoms is known by mothers that there is great life at the Toilet." Although it was asserted by the secretion of the saliva is increased, the child is seized with frequent and suddent fits of crying, watching, starting in its sleep, and sparms of peculiar parts; the child shricks with extreme violence, and thousts its fingers into its mouth. If these precursary symptoms are not speedily alteriated, spasmodic control in the one alluded to strike my own mind as that instead of "some deterioration of the milk." In the specially supervene, and soon cause the dissolution of the infant. If mothers who have their little babes afflicted with these districts would apply the relebrated to the service of the words at the service of the writer.

Although it was asserted by the specially alteriates were records of facts; few, I presume, were willing to believe that real life could furnish matter of such romantic interest. Especially did the one alluded to strike my own mind as that instead of "some deterioration of the milk," from such unnatural treatment, would be absolutely unhealthy.—Balt. Visiter.

Perhaps some who have seen the words at Refreshments at Half-nust Eleven.—A have their little bases afficted with these distressing symptoms would apply the telebrated American Scothing Syrup, which has preserved hundreds of infants when thought past recovery, from being suddenly attacked with that fatal malady convulsions.

This infallible remedy has preserved hundreds when thought remedy has preserved hundreds.

This intailible rement has preserved nundreds when thought past recovery, from convulsions. As soon as the Syrup is rubbed on the gums, the child will recover. This preparation is so innocent, so efficiatious, and so pleasant; that n child will refuse to let its gums be rubbed with it.

When infants are at the age of four months, though these is no appropriate of features. though there is no appearance of teeth, one better the of the syrup should be used on the gums to open the pores. Parents should never be with out the syrup in the nursery where there are young children, for if a child wakes in the night with pain in the gums, the Syrup immediately gives ease, by opening the pores and bedie at the signs are. By opening the pores and bedie at the signs are. gives ease, by opening the pores and healing the gums; thereby preventing Convulsions, Fevers, &c.

Shocking Murder.

The dense crowd of spectators in the Maxor's Office, vesterday morning, gave signalcourse too thinly clad for the season, and especially for that dreadful day, she had not usual was anticipated. This proved to be went far before she complained of being the case. About 12 o'clock; the Mayor cold, very cold; but the anxiety to reach the end of their ride in time to be present at the in the case of David White, drayman, who

was charged with stabbing Andrew Wallace. opening of the dance, induced them to hurry Mrs. Mary Wallace, widow of the deceased, was first sworn. From her testimony, and from information derived from y comfortable, was now quite warm, and there was no necessity of delay on her are count. They reached, at length, the house ticulars, viz: That early on Monday evening, the prisoner, David White, called at the house of Andrew Wallace, who resided in Schuylkill Fourth street, between Market and Chesnut streets, and wished to see Mr. Wallace, who immediately went to the door,

and on seeing the prisoner, accosted him with "What's your will, friend?"

To this question, White replied, when a scuffle immediately ensued, and both fell in cows kept to supply the whole of London and its environs with milk, is about 12,000. Wallace uppermost. In this situation, White They are, with very few exceptions, of the short horn breed. These cows are estima- and with the other inflicted several deep and are not only regularly recommended and prescribed by the most experienced physicians in their daily-practice, but also taken by those centlemen themselves whenever they feel the cries contains a contain the cries of murder from Mr. Wallare, and with the other innected several deep and mortal wounds with some sharp instrument. of murder from Mr. Wallace; and the cries for assistance from Mr. Wallace and others, brought several persons to the spot.

According to the testimony of Mrs. W.

her husband complained that his feet were held fast by some person, while Wlie held him by his crave t with one hand, and stabbed him with the other. After they were separated, and the friends of Mr. Wallace had taken him into the house. White attempted to enter the house, and even then threatened to 'murder him out.' In this at-tempt he was prevented by Mrs. Wallace, who succeeded in bolting him out. About half past nine o'clock, information of the tragical event was communicated to Messrs, legnault and Miller, who a reested Joseph Proctor and Joseph Kerns, who are said to besin some way or other implicated in this tragical affair. White, the pristing, was arrested at about half past six o'clock westerday morning, in the back yerd of a house in Perry street, by Robt. McCarroll, just as he was attempting to make his escape, havin determined to leave the city by the Wilmington Railroad,
Before the testimony of Mrs W. was cen-

cluded, information was received that Mr. W. was dying. The further examination of the witnesses was therefore postponed. Great credit is due to the Police for the information was given to the subscriber by Mr. He was all the average quantity obtained is rather more kendall himselfs there can, therefore he no deception. The above invaluable steedicine together with DR. EVANS SOO THING SYRUP (lorsteething) are sold wholesale at 100 Chatham at N. The principal food of the cows in all the dairies of London is grains from the brewsters. Mr. Rhodes, who is one of the large to Messrs. Miller and Regionalt, the Caraman of the Watch, by whose prompt and indicious arrangements, all the villatins considered. dairymen, never allows his cows to be rejudicious arrangements, all the villalis con-moved from their stalls, where they stand cerned in this most shocking affair were

safely lodged in the watch house, in less than two hours after they received the first intelligence of its -Phila. Standard. Methodiets. The number of Weslevan

has one of the largest establishments, turns his cows out once every day to drink from troughs in the yard, and they remain out from half an hour to three hours. From June until Michaelmas they are turned into the fields from six o'bluck in the morning until twelve or one, and from two o'clock in the afternoon till about three o'clock in the speed on the fields. Some sensation has been created in the neighborhood of morning. It would be supposed that such a Sharbrook's Lawer Canada, by the discovery morning. It would be supposed that such a Sherbrooks, Lower Canada, by the dicovery humang course would be rewarded by a more of a white child, supposed to be four or five plentiful supply of milk. But such is said months old, in the possession of a small parnot to he the case—that Mr. Rhouse cowe, two of the St. Francis Indians. The poor lite which are kept thed to the shalls for years the creature was in a wretched state of any and months, give a larger quantity of milk. Ferin emaciated almost trea mere skeleton. It has been purchased from the Indians by a kind-hearted Captain Addams, It is interesting and consequent cutaneous perturnated that its parents are known, or st spiration, Rhouse cows may give a same-least suspected. humane course would be rewarded by a more of a white child, supposed to be four or five
