Dyspepsia, or Indigestion, Effectually Cured.

Mr. Wm. Tucker, having lately been restored to a sound state of health, through the efficacy of Dr. Hun's Botanic Pills, thinks it an indispensable duty to state certain facts relative to the disease under which he had so long suffered. The symptoms were a painful obstruction, with a constant rejection of food, head-ache, palpitation of the heart, lowiess of spirits, a trouble-some dry cough, dizziness, tightness at the chest and difficulty of breathing, almost constant pain in the side, loins, and shoulders, accompanied with much languor and debility. These afflictions, together with an unusual degree of flatulence, brought on such a state of extreme weakness, as to prevent him from attending to his business, and his health appeared lost beyond recovery. His, friends and relatives. Became alarment at the melancholy prospect, and strongly recommended Hunt's Botanic Fills—they were administered, and in a few days produced astonishing relief, and finally realized a perfect restoration to sound health.
