

SHORT FACTS.

TO THE AFFLICTED.
It is sometimes urged that the Rheumatism cannot be cured by external applications. This may be true sometimes, but it is also certainly true that this distressing complaint cannot be cured by internal remedies, except by their long and constant use, by which perhaps, at the same time the system becomes generally deranged, debilitated and destroyed. Even were not this the case how shall the great distress of the sufferer be alleviated while such slow and doubtful remedies have their effect? The answer is plain, candid and most true—use **Dr. Howe's Nerve and Bone Liniment.** No name could be more appropriate, and it always pains most effectively on its first application, and by a few applications removes more effectively and speedily Rheumatic pains than any internal or external remedy was ever known to do. Try it and be convinced.

M. B. ROBERTS'S CELEBRATED VEGETABLE EMBROUATION.
THE efficacy of this most valuable embrocation is attested by thousands who have proved its healing qualities in the cure of the most troublesome diseases to which the horse is liable, such as old or fresh wounds, sprains, inflammation of the limbs, bruises, swellings, stiffness of the joints and tendons, galls & scuffings produced by the collar and saddle-tracked heels, scratches, grease, thrush in the foot, or footrot in the feet of cattle, &c.
The most flattering encomiums are daily bestowed upon this embrocation, and it is therefore recommended to farmers, stage contractors, stable keepers, wagoners, farmers, and private scientific owners of horses, as the best remedy for the above diseases and should be constantly kept in their stables.
The following certificate is from Mr. James Keeside, a stage owner and great mail contractor:
—Philadelphia, June 12th, 1839.
—This is to certify that I have used M. B. Roberts's Embrocation for various kinds of sores, wounds and sprains in horses and I have found it to exceed any other that I have used.

DR. SWAYNE. Respected Friend:—From the very beneficial effects which I have received from the use of thy Compound Syrup of Wild Cherry Bark, I am fully willing to testify to the astonishing effect. My attack was that of a common cold, which began to threaten something of a more serious nature. Being recommended to use the above Syrup, I finally gave it a trial, and am happy to say it gave me almost instant relief. I have used it frequently, and always with the most beneficial effects. If others would use this medicine at the commencement of their colds and coughs, they would prevent a disease which would be more alarming in its character, and much more inveterate in the cure.

Acute Bronchitis, a forerunner of Consumption.
This disease is very much like a common catarrh, it generally commences like an ordinary cold, with lassitude, chilliness, slight cough and oppression and tightness about the breast. In many instances the disease seems at first to be very serious character. As the disease continues the oppression in the breast increases, the countenance becomes expressive of anxiety, the respiration becomes more and more laborious, sometimes wheezing or rattling sound, as if the air was forced through a narrow aperture clogged with a viscid fluid. To neglect this disease may be of serious consequence, but by a timely application of **Dr. Swayne's Compound Syrup of Wild Cherry**, with a strict attention to the directions, all these unpleasant effects will be removed. Be careful, as it is sold at no place except at No. 19 North Eighth street, or at the respective agents, **J. J. MYERS & CO.**

IMPORTANT DISCOVERY.
THE public are hereby directed to the medical advertisements of **DR. HARLICH'S** celebrated **Compound Strengthening Tonic, and German Aperient Pills**, which are a medicine of great value to the afflicted, discovered by O. P. Harlich, a celebrated physician at Altdorf, Germany, which has been used with unparalleled success throughout Germany. This medicine is composed of the most valuable and potent ingredients, and the Compound Strengthening Tonic Pills. They are each put up in small packages, and should both be used to effect a permanent cure. Those who are afflicted would do well to procure this medicine, as it is a safe and never produce sickness or nausea, while using. A safe and effectual remedy for **DYSPEPSIA OR INDIGESTION, and all Stomach Complaints; pain in Side, Liver Complaints, Loss of Appetite, Flatulency, Painful effect of the Heart, General Debility, Nervous Irritability, Sick Headache, Female Diseases, Spasmodic Affections, Rheumatism, Asthma, Consumption, &c.** The **German Aperient Pills** are to cleanse the stomach and purify the Blood. The Tonic or Strengthening Pills are to strengthen and invigorate the nerves and digestive organs and give tone to the stomach, as all diseases originate from impurities of the blood and disordered stomach. This mode of treating diseases is pursued by all practical physicians, which experience has taught them to be the only remedy to effect a cure. They are not only recommended and prescribed by the most experienced Physicians in their daily practice, but also taken by those gentlemen themselves when they feel the symptoms of those diseases. This is the case in all large cities in which they have an extensive sale. It is not to be understood that these medicines will cure all diseases merely by purifying the blood—this they will not do; but they certainly will, and sufficient authority of daily proofs asserting that those medicines, taken as recommended by the directions which accompany them, will cure a great majority of diseases of the stomach, lungs, and liver, by which impurities of the blood are occasioned.
Ask for Dr. Harlich's Compound Strengthening Tonic, and German Aperient Pills. Principal Office for the sale of this medicine is at No. 19 North Eighth street, Philadelphia. Also for sale at the drug store of **J. J. MYERS & CO., Carlisle,** who are Agents for Cumberland county.

Dr. Swayne's Compound Syrup of Prunus Virginiana, or Wild Cherry, a safe and medicinal prescription, and used in an extensive practice, will most positively afford relief, and save you from that awful disease, consumption, which usually swells and finally buries the young, the old, the fair, the healthy and the gay.

Wonderful Cure of Consumption.
DEFORMED BY Dr. Swayne's Compound Syrup of Prunus Virginiana, or Wild Cherry. Mr. Wilson Greene, of Lancaster county, Pa., entirely cured of the above disease. His symptoms were a chilliness, succeeded by heat, loss of spirits, salivary in his mouth, a dry cough, great oppression in the breast, loss of appetite, a frequent spitting and coughing up of frothy and florid blood. After using 2 bottles of the above Syrup the cough ceased, the body began to strengthen, and by using 2 more bottles all these distressing feelings were removed. He is now enjoying perfect health to the astonishment of all his friends.
CINCINNATI, August 10th, 1839.
Respected friend Dr. Swayne:—I am truly indebted to you for the benefit I have received from the use of your Compound Syrup of Wild Cherry Bark, which I confess was the means of my recovery. I was attacked with a common cold, which terminated in a seated disease upon the lungs. It at length became much debilitated from constant coughing and loss of appetite, and gave up all hope of recovering, as most of my friends had been carried off by Consumption. Being recommended by a friend of mine, Mr. Weaver, to make trial of your inestimable Syrup, I did so, which ended in performing a perfect cure. I have much to say to you in praise of your medicine, and will, if I may, make use of it for the benefit of my friends. You may make use of these lines if you think proper, that those afflicted may find relief from the same source. Yours truly,

The Persian Pills.
Superior to the Hygean, Brandy, Evans, Vienna, the Arabian, Sarsaparilla or any other cough before the public.
It is now a settled point with all who have ever used the **VEGETABLE PERSIAN PILLS** that they are the best and most efficacious FAMILY MEDICINE ever used in America.
These pills arise from the greatest weakness, distress and suffering, to a state of strength health and happiness. The name of these pills originated in the circumstances of the medicine being found only in the countries of Persia. This vegetable medicine is of a peculiar kind, and led to experiments as to its medicinal qualities and virtues. In half a century it became an established medicine of this country.
The extract of this country plant is introduced into the medicine in the year 1783, and used by many celebrated Physicians in curing certain diseases where all other medicines had been used in vain. Early in the year 1792 the extract was combined with a certain vegetable medicine imported from *Zena Zaca* in the East Indies, and formed into pills. The admirable effect of this compound upon the human system led physicians and families into its general use. Their long established character, their universal and healing virtues, the detergent and cleansing qualities of their specific action upon the glandular part of the system are such as will sustain their reputation and general use in the American Republic.

LIVER COMPLAINT.
This disease is discovered by a greenish obdurate pain and weight in the right side under the short ribs, attended with heat, uneasiness about the pit of the stomach, there is in the right side also a distension—the patient loses his appetite and becomes sick and trembled with vomiting. The tongue becomes rough and black, countenance changes to a pale or citron color or yellow, like those afflicted with jaundice—difficulty of breathing, disturbed rest, attended with a dry cough, difficulty of lying on the left side, the limbs become weak, and finally the disease terminates into another of a more serious nature, which in all probability is far beyond the power of human skill. Dr. Harlich's Compound Tonic Strengthening and German Aperient Pills, will check it, and by continuing the use of the medicine a few weeks, a perfect cure will be performed. FREDK A. KENNEDY,
Carlisle, April 18, 1839.

DR. SWAYNE, Philadelphia.—It is with sincere pleasure I write you these lines.—Having been reduced by a long spell of sickness in the lower country to a very critical state of health I thought I deserve my early dissolution. I had a constant cough, and a severe pain in my chest which seemed to be obstructed so that I could not breathe with ease. I got no rest at night, and my constant irritation produced a high fever at times. In this alarming state I looked for help, and recollecting an advertisement I sent to your agent for two bottles of Wild Cherry Syrup, and before using the second bottle, I found my cough had disappeared, and with it all those distressing symptoms. You are at liberty to publish this, and I most earnestly recommend your Syrup of Wild Cherry Bark to sufferers with diseases of the lungs, as an effectual remedy. Respectfully yours,
REUBEN RICHARDSON,
Pittsburg, Sept. 27, 1839.
