TO THE PUBLIC. UMORS having been circulated through a l portion of the county relative to a trans-action between Christian Klepfer and mysell, t which, if true, would justly bring upon me the indignation of my friends, I deem it a duty t which I owe myself thus publicly to make known to the community the truth of the matter, that they may not be misled by the tales of those who are prone to repeat, with embellishments, every idle_story as undoubted truth. What motive could have actuated Mr. Klepfer to a-vow that the fibte which I held upon him was fraudulently obtained and without consideration, is not for me to enquire or declare. It is quite for the second seco fraudulently obtained and without consideration, is not for me to enquire or declare. It is quite enough for the purpose of removing fram me every suspicion of fraud, that the subject-has undergone a judicial investigation before the Court of Common Pleas of this county, where the validity of the note in question was estab-lished by a weight of evidence which 'ought' to mantle with the blush of shame the check of manule with the blush of shame the check of Christian Klepfer, who by affidavit denied that it had been procured from him honestly. The depositions read in evidence are on file in the Prothonotary's office, and if any of Mr. Klep-fer's friends are inclined to give credence to what he has said or may say. THIT ORTAGE THE DISCOVERT. THE public are hereby directed to the med-ical advertisements of Dr. HARLICH'S celebrated Compound Strengthening Thnic, and German Aperient Pills, which are a Medicine of great value to the afflicted, discovered by O. P. Harlich, a celebrated physician at Altdorf, Germany, which has been used with unparal-leded success throughout Germany. This Med-icine consists of two kinds, viz: the German A-perient, and the Compound Strengthening Tonic Pills. They are each put up in small packs, and should both be used to effect a permanent curg. Those who are afflicted would do well to make a trial of this invaluable Medicine, as they never produce sickness or nausea while using. T is sometimes urged that the Rheumatism cannot be cured by external applications.— This may be true sometimes; but it is also cer-tainly true that this dirtressing complaint can-not be cured by internal remedies, except by their long and constant use, by which perhaps, at the same time the system becomes generally deranged, debilitated and destroyed. Even were not this the case how shall the great dis-tress of the sufferer be, alleviated while such slow and doubtful remedies have their effect²
