TO THE AFFLICTED. T is sometimes urged that the Rheumatism cannot be cured by external applications. This may be true sometimers but is a las cer tainly true that this dirtressing complaint can not be cured by internal remedies, except by their long and constant use, by which perhaps, at the same time the system becomes generally deranged, debilitated and destroyed. Ever were not this the case how shall the great dis-tress of the sufferer be alleviated while such slow and doubtful remedies have their effect. The answer is plain, candid and most true—use Dr. Hewe's Nerve and Bone Liniment.

No name could be more appropriate. It reaches es and soothes the nerves; and allays pains most effectually on its first application, and by a few applications removes more effectually and speedily Rheumatic pains than any internal or exter-nal remedy was ever known to do.
