

AMERICAN VOLUNTEER.

BY GEO. SANDERSON.

Now our flag is flung to the wild wind free, Let it float o'er our fatherland...

CARLISLE:

THURSDAY, JULY 23, 1840.

FOR PRESIDENT,

MARTIN VAN BUREN.

FOR VICE PRESIDENT,

RICHARD H. JOHNSON.

APPOINTMENT BY THE GOVERNOR.—ANSON V. PARSONS, Esq. of Lycoming, to be President Judge...

We invite attention to the correspondence, in another column of this paper, between a number of the democratic citizens of this Borough...

Congress adjourned on Tuesday last, and the members are now on their way to their respective homes.

For balance of volunteer tokens—see first page. Now that we have done with these "short speeches" of our friends...

Well done, Frankfort!—We learn that a number of the democrats of Upper Frankfort, met at the house of Major WM. WALLACE, on Saturday the 4th inst...

Our information from Frankfort leads us to believe, that in that sterling old republican township, Federal Whiggery will have scarcely a "grease spot" left in all her borders after the next election.

Our remarks last week, as well as those of our correspondent "Cujum," had the desired effect, if we are permitted to judge from the unusual "fluctuating amongst the wounded pigeons" of the opposition.

What say you, Freeman, can you vote for such a man as William Henry Harrison? We appeal now to your feelings as MEN—as AMERICAN CITIZENS, who are jealous of that liberty bequeathed to you as a rich legacy by your forefathers.

Some of the Federalists are growing like bears with a sore foot, at our remarks last week. Be it so—we have no objection.

Another FALSEHOOD NAILED.—The federal papers, alarmed at the injury likely to accrue to their cause from the visit of Col. Johnson to Pennsylvania, have set their wits at work to counteract the influence.

UNPARALLELED SUBSCRIPTION LIST.—The Extra Globe of the 8th inst. states that "the number now subscribed for falls but little short of FORTY-THOUSAND, and still they come at the rate of about SIX HUNDRED A DAY."

Encampments.—To the Volunteers who design taking an excursion abroad during the present summer, the proposed Encampments to be held at Dillsburg and Newville, present favorable opportunities for carrying out their intentions.

Millington Bank.—We learn from the U. States Gazette, that Matthew T. Miller, Esq. successor to Robert T. Bicknell, No. 76, South Third Street, Philadelphia, has been appointed agent to redeem the notes of the Commercial Bank of Millington, Md., at one half per cent. discount.

SELLING WHITE MEN AND WOMEN, Because they are Poor!

For this is the conclusion, says the "Platidealer," to which every unprejudiced mind must arrive, who reads the law voted for by Harrison in the Ohio Senate...

The liberty of the poor man, says our talented cotemporary, is cheaper than the money of the rich one: for while the former may be sold into slavery because he is too poor to pay the costs of an ordinary misdemeanor...

And this is the law signed and voted for by General Harrison! This is the law which this Federal candidate for the Presidency, during his recent journey to Fort Meigs, and in the streets of Cincinnati, admitted that he had signed, and said that he would do it again, if necessary!

Mr. Lucas said that he would vote for the motion of the gentleman from Champlain (Mr. Fittian) to strike out the section. He considered it not only a violation of that provision of the constitution of the State which declares that there shall be neither slavery nor involuntary servitude in this State...

What will be the operation of this section? said Lucas. We will suppose a case, suppose one of the patriots of the Revolution should be insulted by an enemy of his country, or a Tory, who had fought against him in the struggle for liberty...

Mr. Lucas said that he would vote for the motion of the gentleman from Champlain (Mr. Fittian) to strike out the section. He considered it not only a violation of that provision of the constitution of the State which declares that there shall be neither slavery nor involuntary servitude in this State...

The above were words spoken in debate, before the infamous Law—and we are proud to say, unfortunately for the character of Ohio, was defeated by the Democrats in the Senate.

We clip the following from the Globe. It contains an allusion to an incident at the battle of the Thames, which should be published throughout the length and breadth of the Republic.

Wherever this brave veteran and patriot has turned his footsteps on the call of his fellow citizens, he has been overwhelmed with the outpourings of affectionate kindness.

Major BARNEY, former Postmaster General, and aid to Gov. SHELBY at the battle of the Thames, has often told us that when he rode from the rear to see the body of his friend, (the Colonel), whom he understood to have been killed, he met the soldiers bearing him back to where the reserve was stationed, in a blanket. The blood was flowing from each end, the drip from the middle not being sufficient to carry it off.

Commodore Elliott.—We learn from the Globe, that the Naval General Court Martial, which convened at Philadelphia on the 4th of May last, for the trial of Commodore ELLIOTT, found him guilty of the 1st, 3d, 5th, 6th, and 8th charges preferred against him, and sentenced him to be suspended for four years, with a suspension of pay for the first two years.

The sentence has been approved by the Secretary of the Navy; but so much of it as deprived the Commodore of his pay has been remitted by the President.

The "British Queen" arrived at New York on Saturday last, bringing papers from Europe up till the 1st inst.

His Excellency Governor PORTER, and lady, paid our Borough a brief visit on Friday last.

The "GENTLEMAN'S MAGAZINE" for July is on our table, and in richness and variety is the very best number we have seen.

Col. KING, of Alabama, declines being any longer considered a candidate for the Vice Presidency, and the democratic papers of that State are now running up the flag of "old Tecumseh" to the mast head.

Mr. ELLIOTT.—According to promise I have taken up my pen again, for the purpose of further advancing the claims of some of those patriotic spirits who celebrated the anniversary of independence at Henderson's Island, and circled all the talents, and decency, and honesty, and respectability of this notice, is the one offered by his excellency Joseph Buckshot's Ripper.

But I must hasten on and introduce another worthy's labored effort to notice, viz: By Colonel John Honestas Maginness.

LEADER of the Hard Ciderites in Cumberland county—the amiable, the lovely, the honorable, the honest, the virtuous, the most religious, the most patriotic!

By William Calf Martin. The editor and scribbler of the American Volunteer—their tongues are no scandal.

True, Billy—very true—but have you been taking lessons from your friend Billy Martin? or has the last slipper from your grasp as it has done from his? Truly, the good people in the south, who are so much to be respected, must be successively annoyed at the disagreeable howlings of two such overgrown calves as yourselves.

Verily, the Amalgamation party that celebrated the 4th inst. at Henderson's Island, have been peculiarly unfortunate in the choice of their officers.

Mr. Jacob Cornman, which was a bitter pill to the unprincipled crew, and this week we are enabled to give them another dose, from Mr. Frederick Brechbill, an aged and highly influential democrat, which will doubtless drive them into hysterics!

Mr. Sanderson.—I observe a toast in the Herald & Expositor, purporting to have been given by me, which is in the following words: "Thomas Jefferson, the father of democracy—"

Now, sir, I wish the public to know that I never gave the above toast; nor authorized any person to give it for me.—The toast is not mine—its true origin I was at the federal celebration; I went there under particular circumstances; a prominent member of the party promised me money, which he owed; I went there on account of that claim, and when the money was induced to remain.

For the Volunteer. How much our country wants a man like Oliver Cromwell, who had the power and the will to dissolve a corrupt Parliament.

The above expression, perceived by the hired Tory letter writer for the New York Star, I find endorsed by last week's Expositor.—This extraordinary sentiment might astonish, did we not live in extraordinary times.

But who is to be their Cromwell? I do not at this time propose to discuss the military talents of Gen. Harrison. In the language of our venerable Ex-President, I have looked at his political relations alone.

Gen. Harrison is not the man who should preside over this people; nor would he have ever been thought of, had it not been for his "availability." His attempt to foist himself upon the American People, so opposite to his former course, when he declared that electors had a right to demand the principles of a candidate for their suffrages, is his resigning himself into the hands of a committee, his own confession, and above all his being defeated by a party accustomed to "treat elections as if they had not been held."

should receive the confidence of an intelligent people. I return and ask the Editor of the Herald, does he sanction the extract at head of this communication?

DICKINSON TOWNSHIP, July 1840. Mr. Editor.—There was notice given in a late number of the Carlisle Herald, that there was to be a great Harrison, hard cider, Log Cabin blow out meeting, at the house of John Trego.

Take a friend's advice and save your silver for a sore shin. A FARMER.
