Acute Bronchitis, a forerunner of Consump tion.—This disease is very much like a common catarth, it generally commences like an ordinary cold, with lassitude, chilliness, slight cough and oppression and tightness about the breast. In many instances the disease seems at first of no very serious character. As the disease continues the oppression in the breast increases, the countenance becomes expressive of anxiety the respiration becomes more and more labori-ous, sometimes wheezing or rattling sound, as if the air was forced through a narrow apperit the air was forced through a narrow apper-ture clogged with a viscid fluid. To neglect this disease it may be of serious consequences, but by a timely application to Dr. Swayne's Compound Syrap of Wild Cherry, with a strict attention to the directions, all these unpleasant effects will be removed. Be careful, as it is sold at no place except at No. 19 North Eighth st. r at the respective agents.

Even were not this the case how shall the great distress of the sufferer be alleviated while such slow and doubtful remedies have their effect? The answer is plain, candid and most true—use Dr. Houre's Works and Roye Tipiment.

This Med-icine consists of two kinds, viz: the German Aperient, and the Compound Strengthening Tonic Pills. They are each put up in small packs, and should both be used to effect a-permanent cure. The Tonic or Strengthening Pills are to strengthen and invigorate the nerves and directive organs and give tone to the Stomach, as to strengthen and invigorate the nerves and digestive organs and give tone to the Stomach, as all diseases originate from impurities of the blood and disordered stomach. This mode afterating diseases is pursued by all practical Physicians, which experience has faught them to be the only remedy to effect a cure. They are not only recommended and prescribed by the most experienced Physicians in their daily practice, but also taken by those gentlemen thems, lives whenever they feel the symptoms of those diseases, in which they know them to be efficacious.—
This is the case in all large cities in which they have an extensive sale.
