A number of the Democrats of South Middleton, and the adjoining townships, met at the public house of Mr. Philip BRECHBILL, on Saturday last, the 29th inst. for the purpose of raising a Liberty Pole. About 4 o'clock, the pole, measuring about 70 feet in length, was erected, with a beautiful banner appended to it, on which were inscribed the motto—"Van Buren, Johnson and No White Slavery." COL. CROGHAN AND GEN. HARRISON. We invite attention to the following letter of Col. Croghan, which we select from a correspondence that took place with Gen. Harrison years ago, and which has recently been made public. This letter, with a number of others, was written by that high minded and gallant officer, under a deep sense of the flagrant wrong committed against him and his brave companions in arms, by Gen. Harrison, who vainly attempted to rob the letter, being the fullest of the series, covers nearly

If the statement in McAfee's book be correct, then where is the merit of the defence of Sandusky? State candidly the facts, without eulogium on any of us; for each one who served there would be judged by his works. Tell to the world that when you fell back on Seneca, leaving, as a garvison for Sandusky, but 150 men, the works of the place was measureably defencelessthat the pickets which connected the blockhouses-were-so-loosely planted, that the efforts of a single man could pull many of them up-that there was no ditch about the work, nor any outward defence to oppose to an assailing force-that but few entrenching tools were left behind, and that unwillingly—and to all this, that there was spared to us scarce 40 rounds of musket cartridges per man, without a single prepared cartridge or one ounce of powder for the only piece of artillery in the place. Having enlarged on these points as far as may be due to the truth, I would then have you speak of every other circumstance in relation to the affair of Sandusky (both an terior and subsequent) calculated to place it in its proper light. I have been told it already occupies its proper place: that every thing in relation to it is well understood and duly appreciated. Can you join in any expressions of this kind? Surely you cannot, for you know too well what was done on that frontier, and how much immediately around Sandusky, that has never come to light. If my services have been duly appreciated, then truly have I been resting too contentedly upon what I have done; for no public expression, conveying an assurance of the grateful sense in which my services are lield has ever yet reached me. You say that I received a sword from the ladies of Chilicothe, and that I was also breveted by the President: for the first I feel as a soldier ought to feel for a gift which he should prize as his life; as for the latter I regard it as a thing of no value, and not to be considered, for brevets had been dealt out by the dozen, and for times to these who had proposents for the characteristic of federal leaders it as a content of the same date, headed "Genuine Van Burtenenium Van Burteneniu duly appreciated.
