IMPORTANT DISCOVERY.

THE public are hereby directed to the medicinal advertisement of Dr. HARRICH'S celebrated Compound Strengthening Tonic and German Aperient Pills, which is a medicine of great value to the afflicted, discovered by O. P. Harlich, a celebrated physician at Altdorf, Germany, which has been used with unparalleled success throughout Germany. This medicine consists of two kinds, viz. the German Aperient and the Compound Strengthening Tonic Pills. They are each put up in small packages, and should both be used to effect a permanent cure. Those who are afflicted would do well to make a trial of this medicine. It never produces sickness or nausea while using. A safe and effectual remedy for
DYSPEPSIA OR INDIGESTION, and all Stomach Complaints; pain in Side, Liver Complaints, Loss of Appetite, Flatulency, Palpitation of the Heart, General Debility, Nervous Irritability, Sick Headache, Febrile attacks, Spasmodic Affections, Rheumatism, Asthma, Consumption, &c. The German Aperient Pills are to cleanse the stomach and purify the Blood. The Tonic or Strengthening Pills are to strengthen and invigorate the nerves and digestive organs and give tone to the Stomach, as all diseases originate from impurities of the blood and disordered stomach. This mode of treating diseases is pursued by all practical Physicians, which experience has taught them to be the only remedy to effect a cure. They are not only recommended and prescribed by the most experienced Physicians in their daily practice, but also taken by those gentlemen themselves whenever they feel the symptoms of those diseases, in which they know them to be efficacious. This is the case in all large cities in which they have an extensive sale. It is not to be understood that these medicines will cure all diseases merely by purifying the blood—they will not do so; but they certainly will, and sufficient authority of daily proofs asserting that those medicines, taken as recommended by the proprietors, which accompany them will cure a great majority of diseases of the stomach, lungs, and liver, by which impurities of the blood are occasioned.
Ask for Dr. Harlich's Compound Strengthening Tonic, and German Aperient Pills.
Principal Office for the sale of this medicine is at No. 19 North Eighth street, Philadelphia.
Also—For sale at the drug store of J. J. MYERS & CO., Carlisle, who are Agents for Cumberland county.

Dyspepsia and Hypochondriacism.

Dr. Harlich's celebrated Medicine, Dr. Wm. MORRISON, of Schuylkill, (sixth street, Philadelphia), afflicted for several years with the above distressing disease—Sickness at the stomach; headache, palpitation of the heart, impaired appetite, acid eructations, coldness and weakness of the extremities, emaciation &c. general debility, disturbed rest, a pressure and weight at the stomach after eating, severe flying pains in the chest, back and sides, costiveness, a dislike for society or conversation, languor and lassitude upon the least occasion. Mr. Morrison had applied to the most eminent physicians, who considered it beyond the power of human skill to restore him to health; however, as his afflictions had reduced him to a deplorable condition, having been induced by a friend of his to try Dr. Harlich's Medicine, as they being highly recommended, he purchased the second package, he found himself greatly relieved, and by continuing the use of them the disease entirely disappeared—he is now enjoying all the blessings of perfect health.

DR. SWAYNE'S Respected Friend—

From the very beneficial effects which I have received from the use of thy Compound Syrup of Wild Cherry Bark, I am fully willing to testify to the ability of this medicine to cure what that of a common cold, which began to threaten something of a more serious nature. Being recommended to use the above Syrup, I finally gave it a trial; and I am happy to say I have almost instant relief. I have used it frequently, and always with the same beneficial effects. If others would use this medicine at the commencement of their colds and coughs, they would prevent a disease which would be more alarming in its character, and much more obdurate in the cure.
