

PROSPECTUS FOR THE CONGRESSIONAL GLOBE AND APPENDIX.

These works will be published by us during the approaching session of Congress. They have had such a wide circulation in the U. States, and their usefulness and cheapness are so universally acknowledged, that we deem it unnecessary to give a detailed account of what the future numbers will contain. Suffice it to say that they will be invaluable to all who feel an interest in the proceedings of Congress. No other publication gives them so full, nor half so cheap. It is, indeed, the cheapest publication in the United States—perhaps in the world. Our position at the seat of Government enables us to print them at so low a rate. We are compelled to publish the proceedings of Congress in detail, for our daily paper. This done, it requires, comparatively, but a small expense to change them to the forms of the Congressional Globe and Appendix. It is not for these circumstances, however, that we do not publish them for four times the sum charged. In some parts of the U. States, the white paper, upon which these works are printed, would sell for as much as we charge for the publications.

The CONGRESSIONAL GLOBE is made up of the daily proceedings of the two Houses of Congress, and the speeches of the members condensed. The yeas and nays, on all important subjects are given. It is published as fast as the business of the two Houses affords matter enough for a number. Each number will contain sixteen royal quarto pages, of small type. We expect to publish three numbers for every two weeks of the session.

The APPENDIX contains the speeches of the members, at full length, written up by themselves; and is printed in the same form as the Congressional Globe. It is published as fast as the speeches can be prepared by the members.

Each of these works is complete in itself. But is desirable for every subscriber to have both; because, if there should be any ambiguity in the synopsis of a speech in the Congressional Globe, or any denial of its correctness, it may be removed at once, by referring to the speech in the Appendix.

Indexes to both are sent to subscribers as soon as they can be prepared after the adjournment of Congress.

TERMS.
For one copy of the Congressional Globe, \$1.
One copy of the Appendix, \$1.
Six copies of either of the above works will be sent for \$5, twelve copies for \$10, and a proportionate number of copies for a larger sum.

Payments may be transmitted by mail *postage paid*, at our risk. The notes of any incorporated bank in the United States, current in the section of country where a subscriber resides, will be received.

To insure all the numbers, the subscriptions should be here by the 14th of December next, at farthest; will be paid to any order unless the money accompanies it.

LEGISLATIVE PROCEEDINGS.
The Pennsylvania Reporter will as heretofore be published twice a week during the ensuing session of the Legislature, and contain full reports of its proceedings. It will also keep its subscribers advised from time to time of the transactions of Congress, and of the national administration, which will commence its federal reign on next fourth of March. Ample provision has been made for that purpose.

In the present juncture of political affairs—when the Legislature is in session, and the administration of the General Government is passing into strange hands, much interesting matter may be expected. The acts of the Legislature in regard to the cherished but deranged banking system of the whigs; to the embarrassed condition of the Commonwealth which is a consequence of the legislation of 1835-6; and the policy it will attempt to settle for the state and nation under the new dynasty, will furnish cause for amusement, and possibly an early and determined resistance. And the first developments of the Harrison administration, and their curious effect upon the hopes of the south, or north, or east, or the middle states, as its measures shall raise or depress them; and the tournaments in which the jealous competitors for patronage will exhibit the rights and abuses of hope and fear; of exultation, and disappointment, during the process of distribution at Washington, will supply food for merriment, to all our patrons, who are excluded together from the list of preference. The measures of the administration will necessarily be treated more timely by the democratic press; and we shall not be backward to deal out a full measure of condemnation whenever it is deserved and called for on our hands.

In the mean time the democratic party has duties to itself and the country to perform, of which a full share will devolve on the Reporter. The Federalists defeated it on the Presidential election by a few hundred votes. The Governor's election, which in its near approach will marshal the parties for the contest almost immediately, requires that every democrat repair to his post of duty. The party must not be defeated again and cannot be, if its organization be perfected, and its ranks be brought to the polls in their ancient spirit and strength.

In all these matters we shall be vigilant to collect the earliest and most accurate intelligence, and hand it over to our readers; and any additional patronage we may receive will prompt us to a greater expense and efficiency in our place and vocation.

TERMS OF THE REPORTER.
For the session, twice a week, in advance, \$2 00
For the whole year, 5 00
Any person forwarding five session subscribers and the money, shall have a sixth copy for his trouble.

IMPORTANT DISCOVERY.

THE public are hereby directed to the medicinal advertisements of Dr. HARELICH'S celebrated Compound Strengthening and German Aperient Pills, which are a Medicine of great value to the afflicted, discovered by O. P. Harellich, a celebrated physician at Altdorf, Germany, which has been used with unparalleled success throughout Germany. This Medicine consists of two kinds, viz: the German Aperient, and the Compound Strengthening Tonic Pills. They are each put up in small packs, and should both be used to effect a permanent cure. Those who are afflicted with either of these complaints, should use the German Aperient Pills to cleanse the stomach and purify the Blood. The Tonic or Strengthening Pills are to strengthen and invigorate the nerves and digestive organs and give tone to the stomach, all diseases originate from impurities of the blood and disordered stomach. German Medicines, therefore, are pursued by all practical Physicians, which experience has taught them to be the only remedy to effect a cure. They are not only recommended and prescribed by the most experienced Physicians in their daily practice, but are taken by those gentlemen themselves, whenever they feel the symptoms of these diseases, in which they know them to be efficacious. This is the case in all large cities in which they have an extensive sale. It is not to be understood that these medicinal remedies can be obtained merely by purchasing the blood pills, which they will not do; but they certainly will, and sufficient authority of daily proofs asserting that those medicines taken as recommended by the directions which accompany them, will cure a great majority of the diseases of the stomach, liver, and spleen, which impurities of the blood are occasioned.

Ask for Dr. Harellich's Compound Strengthening Tonic, and German Aperient Pills.

Principal Office for the sale of this medicine is at No. 12 North Eighth street, Philadelphia. Also—for sale at the drug store of J. J. MYERS & CO., Carlisle; who are Agents for Cumberland County.

Toughen & Peterson's Red Liniment.
SUPERIOR to all other applications, for Rheumatism, chilblains, sprains, numbness of the limbs, stiffness and weakness of the joints, sore throat, &c. By rubbing the Liniment well into the head with a hair brush to get into and then covering the head with a flannel night cap the relief afforded in that painful form of the disease.

RHEUMATISM OF THE HEAD.
Numerous cures in all the above affections have come under the observation of the proprietors. The following statement of a remarkable cure of partial paralysis of a limb is from William L. Norton, Esq., a well known and respectable resident of Southwark:

Messrs. Vaughan & Peterson—During several weeks I suffered a partial paralysis of the right arm and of the third and fourth fingers of the right hand, which sensibly affected the whole of my business. The doctors were all unable to cure me a difficult task which I could not execute but with painful diminished facility. The use of half a pint of your Liniment gave entire relief, and I cheerfully bear testimony to its efficacy.

SIGNS FACTS.
TO THE AFFLICTED.

It is sometimes urged that Rheumatism cannot be cured by external applications.—This may be true sometimes; but it is also certainly true that this distressing complaint can be cured by internal remedies, except by their long and constant use, by which the system becomes generally deranged, debilitated and destroyed. Even were not this the case how shall the great distress of the sufferer be alleviated while slow and doubtful remedies have their effect? The answer is plain, candid and most reasonable—DR. HEW'S NERVE AND FLESH LINIMENT. No name could be more appropriate. It reaches and soothes the nerves and allays pains more effectually on its first application, and by a few applications removes more effectively and speedily Rheumatic pains than any internal or external remedy was ever known to do. Try it! it is convinced.
