CARLISLE:

THURSDAY, DECEMBER 24, 1840. FOR GOVERNOR IN 1841, DAVID R. PORTER.

Subject to the decision of a State Convention.

The Democratic Republican STANDING COMMITTEE of Cumberland county, are requested to meet at Bexley's tavern...

George D. Foulke, William Z. Angney, Andrew Kretzer, Thomas McCulloch, David Martin, Joseph Trego, Capt. Michael Wise, Jas. Hoover, William Brown, David Sheaffer, William H. Cummins, Benjamin Myers, sen., William Mitchell, James Willis, Dr. W. W. Dale, Abraham Bosler and Henry C. Hackett.

The Legislature will assemble at Harrisburg on Tuesday the 5th of January. An exciting session may be anticipated.

On the opposite page will be found a somewhat extended account of the murder of Mr. SUYDAM, the President of the Farmers and Mechanics Bank of New Brunswick, (N. J.) whose sudden disappearance some two weeks ago, created much surprise...

Census.—We learn from the Harrisburg Reporter that the entire population of Cumberland county, is 30,937—being an increase of 1,792 on the population of 1830.

A bill has been introduced into Congress, by Dr. DUNCAN, of Ohio, fixing upon a particular day for the election of President and Vice President, and members of Congress, throughout the United States.

Mc. CLAY has introduced a resolution into the Senate for a repeal of the Independent Treasury. This gave rise to a warm debate at the time between Messrs. Clay, Calhoun, Wright and Hubbard, in which some pretty sharp shooting was had.

JOHN QUINCY ADAMS is at his old trade again, of kicking up a dust about Abolition petitions.—We hope the Democratic representatives from the North will not interfere in the matter pro or con.

The committees of the House of Representatives were announced on Monday week, and are pretty much the same as last session. Our representative, the Hon. CHARLES McCLEURE is placed on the Committee on Public Expenditures.

Before the Presidential election, our farmers were promised an advanced price for their produce the moment it should be ascertained that General Harrison was elected.

Governor Porter.

We learn from the Keystone, that out of 94 democratic papers, English and German, published in the State, 67 have either already raised the name of David R. Porter to the mast head, or have expressed their opinion in favor of his re-nomination.

For our own, we are firmly of the opinion that Governor Porter is the only man in the State who could be certain of electing, after the disastrous defeat we have recently met with.

measures recommended by him, all are willing to concede the honesty and integrity of his intentions, and that he never abandoned a single principle advocated by the Democratic party.

"To speak his thoughts is every freeman's right."—In the foregoing article we have given our views relative to the gubernatorial nomination, honestly and candidly, and, in so doing, are of the opinion that the same views and feelings are entertained by nine-tenths of the democracy of the county.

FOR WHAT DO WE CONTEND?—Now that the Presidential contest is over, and we are out of the dust and heat of battle, it is necessary for us as Democrats to scan our lines, to gather up the fragments of our broken ranks, and to prepare for another onset.

For what then do the Democracy contend?—The question may be answered by asking another—For what have they contended? From the days of the Declaration of Independence, when Thomas Jefferson penned that immortal line—"that all men are created equal, that they are endowed by their Creator with certain unalienable rights"—they have contended for these rights unadulterated and unabridged.

But to be more explicit—for what particular measures, or policy of government, do they now contend, as the means of carrying out their principles? They advocate the "Independent Treasury," as the best and only constitutional mode of collecting, keeping, and disbursing the public moneys.

They profess uncompromising hostility to a National Bank in every shape and form, as an institution unconstitutional, and opposed to the spirit of our government.—a great overshadowing central money power, and dangerous to the liberties of the people.

These are the MEASURES of the Democratic party. For these they contend. They go for the constitution being strictly construed; and for the government being simply and plainly administered in accordance with the intentions of its original founders.

Under the head of "Trouble Brewing," we two weeks ago adverted to the fact that the different factions composing the Harrison party were jealously inclined, and that the respective leaders were already looking dagger points by reason of each other's supposed amount of influence with the President.

signal for a war of extermination among the clans of federal whiggery.—But we did not suppose at the time, that our forebodings were so soon to be realized—that we would thus early have to record the fact that hostilities have commenced.

We are led to make these remarks from the cross firing which has recently taken place between the "Carlisle Herald," owned by Mr. Penrose, and the "Gottysburg Star," the property and mouth-piece of Mr. Stevens.
