### SHORT FACTS.

TO THE AFFLICTED. TO THE AFFLICTED.

It is sometimes urged that the Rhéumatism cannot be cured by external applications.—
This may be true sometimes; but it is also certainly true that this dirtressing complaint cannot be cured by internal remedies, except by their long and constant use, by which perhaps, at the same time the system becomes generally deranged, debilitated and destroyed. Even were not this the case how shall the great distress of the sufferer be alleviated while such affiw and doubtful remedies. Dyspopsia and Hypocondr acisus.

Mr. WM. MORRISON, of Schuylkill Sixth street, Philadelphia, afflicted for several years with the above distressing disease—Sickness at the stomuch, headache, palpitation of the heart, impaired appetite, acrid cructations, coldness and weakness of the extremitics, emaciation & general debility, disturbed rest, a pressure and weight at the stomach after eating, severe flying pains in the chest, back and sides, costiveness, a dislike for society or conversation, languorand lassitude upon the least occasion. Mr. Morrison had applied to the most eminent physicians, who considered it beyond the power of human skill to restore him to health, however, as his afflictions had reduced him to a deplorable condition, having been induced by a friend of his to try Dr. Harlich's Medicines, as they being highly recommended, by which he procured two packages for trial; before using the second package, he found himself greatly relieved, and by continuing the use of them the disease entirely disappeared—he is now enjoying all the blessings of perfect health.
