R. SWAYNE: Respected Friend:—From the very beneficial effects which I have received from the use of thy Compound Syrup of Wild Cherry Bark, I am fully willing to testify to the astonishing effect. My attack was that of a common cold, which began to threaten something of a more serious nature. Being recommended to use the above Syrup, I finally gave it a trial, and am happy to say it gave me almost instant relief. I have used it frequently, at dislways with the same beneficial effects. If others would use this medicine at the commence mert of their colds and coughs, they would prevent a disease which would be more alarming t its character, and much more obstinate in the cure.
