CARLISLE: THURSDAY, APRIL 22, 1841.

DEMOCRATIC REPUBLICAN CANDIDATE FOR GOVERNOR, DAVID R. PORTER.

THE SPECIAL ELECTION. The Special Congressional election is near at hand—being on next Tuesday week. Are our Democratic friends preparing for it as they ought? We trust they are ready to give a good account of themselves in old mother Cumberland. Whether the enemy intends making an effort, we are not able to say; but our friends should be prepared for any emergency. It will be a busy time, it is true, with the Farmers, on account of the lateness of the Spring; but this should not prevent them from doing their duty as Democrats and as Freemen. It may be, that if the opposition (who have still a tolerably perfect organization,) find us careless and indifferent, they will take advantage of our supineness. Be prepared for them. Urge your neighbors, therefore, to turn out to the polls. Let not a single Democrat be left at home on the 4th of May. "England expects every man to do his duty," was the watch-word of Nelson at the battle of Trafalgar—let yours be—our country, its free institutions and laws, demand that every Democrat be at his post on that day.

OUR CANDIDATE.

AMOS GUSTINE, Esq., of Juniata Co., who we are pleased to inform our readers, is a gentleman of talents and of unquestionable political integrity. There were but two names presented to the voters who met at Bloomfield on Tuesday last, viz: Col. CHARLES McCLELLAN, our late worthy and popular Representative, and Mr. GUSTINE. But as Cumberland had the candidate for two successive terms, and Juniata never heretofore—it was thought best by a majority of the Conference to give the preference to the latter at this time—hence the nomination of Mr. Gustine, who was unanimously supported by the Juniata Conference. We trust our Democratic friends in Cumberland will rally to a man in support of the nominee—and show to our worthy little sister Juniata that her claims have been duly appreciated. Perry—gallant little Perry, that never falters in the good cause—will back us with a tremendous majority.

"BROTHER JONATHAN."—This is the title of a weekly sheet, of mammoth dimensions, published in New York at \$3 per annum. Each number contains matter enough to keep an ordinary reader employed for about a week. The last number contains among other things, a biographical sketch of President Tyler, and is embellished with a well executed likeness of that gentleman—also two or three funeral discourses on the death of General Harrison, the confession of Peter Robinson, &c. &c. The paper is neutral as to politics, and is intended to be, as it is, a gazette of Literature, Art, Music, The Drama, Fashion and Novelty.

"THE CHRISTIAN WORLD."—The April number of this valuable religious periodical has been received, and is, as usual, filled with entertaining and instructive matter.

LADIES' AMARANTH.—There is no periodical of the size that we read with greater pleasure than the Amaranth. It is published monthly at \$1 per annum—cheap enough in all conscience—and in point of good reading matter, is not a whit behind many of its overgrown cotemporaries.

"THE PEACOCK." has passed into the hands of Messrs. PEACOCK & MCKINLEY, the former being a veteran in the editorial corps. Messrs. Barret & Parke (the former editors,) have our best wishes for health and prosperity in their retirement.

President Tyler has removed the venerable ex-Governor FINDLAY from the Treasuryship of the Mint, to make room for JOSEPH RITNER. O tempora! O mores! If this is the kind of "reform" the new President intends carrying out, the people of Pennsylvania may well exclaim, God save the Commonwealth! What, to remove such a man as William Findlay—the dignified, affable, accommodating and venerable old man, who has not a personal enemy in existence—and appoint in his stead the imbecile, narrow-hearted, proscription tool of Thaddeus Stevens and Thomas H. Burrows, argues badly for the intelligence, discrimination and leniency of the new Executive. We had thought that the damning character of the celebrated "Buckshot War," would have consigned the prominent actors in it to well-merited odium and disgrace, particularly in the eyes of one who prides himself in having descended from Virginia's noblest stock; but in this we acknowledge ourself mistaken. "After such an appointment, we shall be prepared for any thing, and should not be astonished to hear that Tom Burrows and Theo Henn have become the bosom friends, and confidential advisers of Mr. Tyler."

The notorious pipe-laying BELA BADGER, who figured so conspicuously in defrauding Mr. Ingersoll out of his election, has also received his reward from President Tyler, in the shape of Naval Officer, vice Henry Horn, removed.

A "BUSINESS CONVENTION" is to be held at Harrisburg on the 25th of May. The avowed object is, "to consider the present condition of the various branches of industry pursued within the limits of the State—examine the immediate and prospective resources—inquire into the measures most suitable for their relief—on pressing commercial embarrassments, and for their future protection—and lay the result before the people for their consideration." The agricultural, mechanical, and mining interests, are to be represented in the Convention.

Democratic Triumphs! From the New York Era. THE EMPIRE CITY OF THE EMPIRE STATE IS TRUE AS STEEL!

Again the democracy of the city of New York has conquered! Notwithstanding our want of organization and harmony in many of the wards, and strange apathy in others—notwithstanding the strange economy and secret hostility of very many of those who have lived—the real bone and marrow of the democratic party; the people—the real bone and marrow of the city took the matter in hand, and have elected that stern, honest and upright Democrat Robert H. Morris, to the Mayoralty of the city of New York, by a majority of about 500.—We are not disappointed at the reduced majority we have received—for notwithstanding the apparent apathy in both parties, it really did not exist among the whigs. They have here played a deep game—and let it be a warning to the democracy in future, to never trust to the seeming listlessness of that wily, insidious and corrupt party. The vote, it will be perceived, is unusually small.—We have a clear majority to-day of 3000, but we have slept on our post, we have allowed the enemy to steal upon us and almost defeat us in our strong hold. Still, when we take into consideration the extreme apathy prevailing in our ranks—to tremendous defeat the democracy of the Union have sustained, we consider it a great and glorious victory, and fully sustains the reputation which our great city is so justly entitled to.

The Albany Argus of Tuesday contains highly flattering accounts of Democratic triumphs and gains in the town elections throughout the State. We have room only for the following: A voice from the Kinderhook Democracy.

(It will be seen by the following letter, how true the birth place and residence of Mr. Van Buren is to its democratic attachments.) Correspondence of the Argus. Kinderhook, April 9. Dear Sir—Our election was held yesterday, and resulted in the triumphant success of the whole democratic ticket by a majority unprecedentedly large. Our old supervisor, Major Van Buren, having declined a re-election, the democrats nominated a new and efficient republican Dr. Vanderpoel (a brother of the member of congress) as his successor. Dr. V. is probably the most obnoxious man to the federalists in Columbia county, which is sufficient praise for any democrat. He has fairly earned their hatred and our favor, by his adoption of whiggery to defeat him, was characteristic of the party of shifts and gibberish. Despairing of success in an open and fair contest, they seized on the occasion of the absence of a tried and unflinching democrat (Henry Snyder, Esq.) to use his name for the purpose of dividing our ranks. Had Mr. S. been at home, the federalists would have been unable to make him an unsuccessful; the election resulted in the election of Dr. Vanderpoel by a majority of 1641—and the whole democratic ticket by nearly the same majority. Our majority last spring was 117, and last fall about the same. So you see—the more Democracy is rubbed, the brighter it shines. Cool speaking, hard cities, and gibberish have fallen off, as Mr. Webster would say, 90 per cent. Please give "three cheers for the birth place." Yours, truly,

[We have already given the result in Columbia county—viz, TWELVE democratic and EIGHT federal towns. Last year 10 and 10.] A correspondent of the Albany Argus, writes that even in Black Rock, within the infected district, the democrats have carried a majority of the charter officers. The "whigs" professed to call a "union meeting," and nominated a majority of their own friends. The arrangements were objected to by the Democrats, and both parties took the field with spirit.

From the Albany Argus of Wednesday week. ALBANY CHARTER ELECTION. The contest yesterday was active and spirited in all the wards, though, so far as we have heard, with good temper generally. The office-holders and their retainers, were exceedingly busy of course; and although there were perhaps less than the expenditure of money on their part on some occasions, and less than the usual amount of colonization and "pipe laying," they brought out their strength in nearly every ward, and with great exertion and activity. The result—although we do not carry a majority of the Common Council nor the Mayor's office, a moral victory for the Democracy. We carry four of the ten wards by large majorities, and strike down the federal majorities in three of their six wards to 12, 37 and 36. And the "whig" candidates for Mayor succeeds in the city, by only twenty votes. The Junia are hereby driven to the wall. The democratic gain is great and decisive. In the present Common Council we have but one member. In the next under the new organization, we have 8. In 1839, the federal majority in the city was 686; last spring for Mayor 368; and last fall for Harrison 551: now eight!

COMPARATIVE VOTE. Spring Election—1841. Spring Election—1840. Van Vechten, 2417 Rathbone, 2474 Lansing, 2438 Corning, 2106 8 368 Whole number of votes last spring 45801 whole number now 4886. Democratic increase of votes since last spring 338—federal loss 27—Democratic net gain, Three Hundred and Sixty!

If the people of Pennsylvania desire the "Buckshot and Ball" administration of Joseph Ritner removed, they will vote for Lawyer Banks—if they do not, then David R. Porter will get their suffrages. Let the Freemen of Cumberland county, many of whom were eye-witnesses to the enormities practised under the late dynasty, judge for themselves. It appears by the report of the Investigating Committee of the U. S. Bank, that the small sum of SIX HUNDRED AND EIGHTEEN THOUSAND SIX HUNDRED AND FORTY DOLLARS, which Biddle and Cowperthwaite refused to account for. Wonder how much of it was spent for "pipe laying," "yarn spinning," and "incidental" to editors, members of Congress, &c. &c.

We learn by the Washington papers, that President Tyler left his lodgings at Brown's hotel, on Thursday last, and removed to the Executive Mansion. Mr. T. is a widower—and his daughter-in-law, the wife of John Tyler, Jr., will do the honors of the White House. She is said to be a lady of great personal accomplishments.

The Procession at New York, on Saturday week, on the occasion of the death of President Harrison, is said to have been four miles long, and to have numbered nearly thirty thousand persons!

Snow Storm.—The New York papers of Tuesday week, the 13th inst., state that the ground on that morning was covered with snow to the average depth of twelve inches!

President Tyler is 61 years of age—being the youngest of all the distinguished men who have occupied the Executive chair.

President Tyler has issued a proclamation, recommending the people of the United States, of every Religious denomination, to observe Friday, the 14th of May next, as a day of Fasting and Prayer.

It is conjectured by some that the Legislature, if the dominant party in it cannot force the Governor to swallow their obnoxious Bank bills, will adjourn without making any provision to keep the wheels of government in motion. By so doing, it is thought, they expect to force the Executive to convene them again in extra session, and throw the responsibility of the unpopular measure upon his shoulders. Should this course be pursued on the part of the Legislature, we hope and trust Gov. Porter will not convene them—but that he will instead directly to the PEOPLE, and let them instruct their unworthy representatives.

Mr. Banks still holds on to his Judgeship.—From this we infer that he is not so certain of being elected Governor as some of his friends are, or pretend to be. John no doubt goes on the principle, that "a bird in the hand is worth two in the bush"—and he is not much to be blamed for adhering to the maxim. How this course, however, tallies with the hue and cry sometimes started by the Federalists, about political Judges, we leave our readers to determine.

THE PROSPECT IN OLD NORTHAMPTON.—The Eastern Sentinel contains the following gratifying assurance of the political prospect in "Old Northampton."

Previous to the nomination of Judge Banks as the federal candidate for Governor, great pains were taken by his friends to make it be believed where he was not known, that the judge was a popular in this judicial district, which is composed of Berks, Northampton, and Lehigh Counties, and thus manufacture for him, an equal popularity, and advantage over his friends that the case is the same in Berks and Lehigh Counties. When we assert as we do, unhesitatingly about Judge Banks has no personal popularity in this district which can carry him ahead of the vote of his party, and we have good reason to believe that we deem him to have as little strength as any man of his party, that could have been placed in nomination. There is nothing prominent about his character. He is not considered a candid open or sincere man, his talents are not above mediocrity, and his acquirements are by no means extraordinary and is wholly unfit for the position which he occupies. His management of the party which has nominated him as their candidate.

Whom have the Opposition for their President?

The portion of them who make abolitionism a paramount consideration, have a SOUTHERN SLAVEHOLDER!!!

The high-tariffmen, have a decided ANTI-TARIFF MAN!

The friends of a National Bank, and these embrace nearly all the leaders of whiggery—the Clay's, Webster's, Southard's, &c. together with the army of SPECULATORS, these have a declared ENEMY of such an institution!!!

The old Blue-light Federalists of the East, have one, who at least profess attachment to the Democratic creed of the Southern State Right's school—the very Antipodes to the former!

The advocates of the distribution of the proceeds of the sale of the public lands among the states, have a sworn ENEMY of the distribution plan!

That portion of the whig party, which favors the prosecution of internal improvements by the general government, have a President, who is a wretchedly HOSTILE to spending a single dollar for such purposes.

And last, but not least, the "distinctive Anti-Masons," with Stevens and Granger at their head, have an ADHERING ROYAL ARCH MASON—the very TYLER of the "Royal Grand Lodge of free and accepted Masons"!!!!!!

Verily, the fate of Providence has thrown the case of whiggery completely into pi.—Yoman.

State Legislature.

Letter to the Editor, dated "HARRISBURG, April 17, 1841. The House has been hammering away during the week at what has been termed a Revenue bill. It passed final reading yesterday by a vote of 51 to 39; several Democratic members voting for it—the members from our county, Messrs Zimmerman and McKinney, voting in the negative. I have neither time nor inclination to give you the details—nor could I, if I would, so utterly crude and undigested are the provisions. I may state, however, that it suspends for five years the penalties against the Banks; gives them the privilege of issuing small notes to the amount of \$200,000, to be secured by State stocks; authorizes the sum of three millions to be paid in various appropriations for interest on the public debt, repairs, &c.; levies on certain new taxes, among the rest a tax on lawyers, with sundry other matters and things "too numerous to mention."

The bill was immediately sent to the Senate, and will no doubt pass that body in the course of a few days, perhaps with some slight amendments. A great many bills of a local character have been passed, but nothing of a nature interesting to our readers.

The Governor's Veto of the Bank Bill is winning his Excellency golden opinions to merit the name. Should his future course continue to merit the approbation of the people, his majority in October will be overwhelming.

The 27th inst., is fixed for the adjournment. Yours, &c."

For the Volunteer. SIR—I send you an article from the Philadelphia Daily Chronicle, and the sentiments and opinions of which I fully concur. Should you think proper, will you please give it an insertion in your paper.

Correspondence of the Daily Chronicle. WILMINGTON, DEL., April 13, 1841. Messrs. Editors—Allow me, through the medium of your useful journal, to suggest to the citizens of Pennsylvania the propriety of calling upon Governor Porter to set at liberty Doctor Thomas W. Doytt, now confined in the Penitentiary, for the trifling offence of issuing a quantity of "Shin Plasters," and by his Banking operations (through the agency of the shavers who surrounded him) cheated a few widows and orphans out of their property. Considering the utter insignificance of the crime he committed, when compared with the astounding disclosures now being made by the Committee of Investigation in the United States Bank—I appeal to every honest man—ought he not to be liberated? Previous to his Banking operations, he was one of the most useful citizens of Philadelphia, giving, as he did, by the management of a large and lucrative business, employment to hundreds of the most useful classes in society. The mechanic, artisan, and laborer, shared alike his bounty, and his profits. This man is now seventy years of age without money, and without friends. Let not

a little time be denied him to prepare for that world where even-handed justice will be meted out to all. Contrast the crime and conduct of this aged man with that of Biddle and his clique, and Doytt's is the innocence of the lamb, compared with the ferocity of the lion. Look at the present of three hundred thousand dollars to Mr. Jaudon! Thrown away by the very men selected by the Stockholders to guide and guard their interests to justice, they have wasted millions, and the orphan, and the widow, are alike swept away by the reckless conduct of men, deaf to every feeling that belongs to the human heart, save their own self-aggrandizement.—Should these millionaires be allowed to live in affluence, to go in the best circles of society, walking in golden slippers, and no efforts be made to bring them to justice, when it was dealt out so liberally to the individual already mentioned? I hope no Pennsylvania, who regards the honor of the State, or respects the Courts of Justice, but what will say, "Free Doctor Doytt, or bring to justice those who have wasted millions—who have summarily swept away the widow, the orphan, and the helpless orphan is left without support, through the mismanagement and unfair dealings of these worthies. I am confident I speak the sentiments of more than two hundred daily readers of the Chronicle in this city, when I utter the declaration, repeat, set free, the much injured, much abused, the ninety-and-nine, who have been punished in the penitentiary, and guilty of more than has yet been laid to their charge. A VOICE FROM DELAWARE.

REPORT Of the Directors of the Common Schools.

To THE CITIZENS OF CARLISLE.—The Directors by their committee respectfully submit to their Fellow citizens, the following exhibit and remarks relative to the Schools of this District. The number of scholars applying for admission into the primary Department during the past winter, has been so great, as to oblige the Directors to put at times seventy and eighty scholars in some of the schools, more than any one Teacher could possibly attend to; this has decided the Board to open a new school for boys, and the arrangement in the present month, so as to accomplish it during the month of June. The school will make fifteen in the Borough, open eleven months in the year, and sustained at an expense of about Four thousand dollars per annum. The school District now owns Real Estate which cost \$2650,00, and with the improvements and alterations since made, may be fairly estimated at \$3000; affording accommodations for seven schools, and a large saloon for exhibitions and public purposes, besides ground for another school house. The balance of purchase money yet unpaid and a lien on the property is \$1483,33, viz: The widow's share of the estate, \$1000,00, interest to be paid annually, \$283,33 Balance of Judgment, lien on Education Hall, 500 00 Four Bonds of \$175 each due 1st April 1842, 1843, 1844, and 1845, 700 00

The Board will be able to reduce the liens \$1483,33, which they promised the public should be appropriated to this purpose out of the taxes levied last year, and which, it will be seen by the annexed exhibit, will be in the Treasury ready to be immediately called.

Estimate of expenses for the school year which will end in June 1841.

Table with 2 columns: Expense Category and Amount. Includes Teachers' salaries (\$3307 62), Rents (252 00), Wood and cutting (116 00), Incidental—salary of Messenger, stationery, insurance, printing (64 55), Interest on money borrowed (47 00), Repairs of Real Estate and school rooms (111 56), Furniture purchased for schools (70 25).

Table with 2 columns: Receipts and Amount. Includes Balance in Treasury, 1st June 1840 (\$493 34), State appropriation (844 00), School tax (3320 76), Other receipts (60 00).

Estimated Balance in Treasury on the 1st June 1841, \$748 12. The year 1841 will be increased for the ensuing year to \$3477,37 by the proceeds of another school, but other expenses will probably be diminished. We may estimate the whole expense of the fifteen schools at \$4000,00, and we calculate on paying on account of the purchase of the Real Estate on or before the 1st of April, 1842, \$4600,00, making the whole amount \$3169 98.

According to these estimates the same additional tax as last year, will leave a balance in the Treasury on the 1st of June 1842 of about \$362,00, a sum which in the opinion of the Board, ought to be in our hands to meet any unexpected decrease or losses.

The Board are aware (in presenting their estimate) of the weight of taxation at present bearing on us, and the probability of a considerable addition in another year, to meet the interest on the State Debt; and the question has been referred to a committee of the Board to examine and report whether any change should be made in the general expenses of the school system, without materially deranging the plan.

During the year, Angela's Series of Reading Books have been substituted for Emerson's, Smith's for Kirkham's Grammar, and Parley's Blossoms, white slate, figured, striped and burr-ed silk, new style, figured, plain, burr-ed, striped Jacknet, navy, cambric and mull muslins.

NEWS TO THE AFFLICTED! YEAGER & ALBRIGHT'S Celebrated Botanical and Life Preserver.

This Medicine, although known for many years as "Yeager's Medicine," has never been offered to the public for sale, until late the proprietors have been prevailed upon to offer it for the benefit of those who are laboring under the diseases here enumerated, viz: Cancers, Ulcers of the Throat and Body, Liver Complaint, Spitting of Blood, Whooping Cough, Rheumatic affections in the head and body, Colic of long standing, attended with severe pain in the breast, consumption—in many cases when the patient has been abandoned by the physician and pronounced an incurable case, this medicine has had the most wonderful effect. The proprietors are fully aware of the numerous diseases that are already offered to the public for the relief of the afflicted, many of which have not the slightest effect of performing any cure—but the numerous testimonials which have of late been given to them by some of the most respectable citizens, there can no longer be any doubt as regards the medicine which they now offer and would say to those afflicted with it but a trial—adhere to its directions—and we will warrant a permanent cure. Directions for using it will be found accompanying each bottle. Purchase them at the Drug Store of Myers & Haverstick, Price \$1 per bottle. April 22, 1841. 6n

NOTICE. The creditors of John McCandlish, and all concerned in the assignment of his property to Thomas Craighead, Junior, for the benefit of his creditors, will take notice that the said Thomas, assignee of the said John, has applied to the Court of Common Pleas of Cumberland county to be discharged from the said trust, and the said Court has granted a rule to show cause at the argument Court, on the eleventh day of May next, why the said Thomas should not be discharged from the said trust agreeably to the prayer of his petition. GEO. SANDERSON, Proth'y. April 19, 1841.
