## THIS DAY

The Examination and Exhibition of the High

at the Saloon. During the exercises of the evening, the Barracks Band is engaged to be in atterdance. It is to be hoped that the citizens generally will endeavor to be present, and judge for themselves as to the efficiency of the Schools.

N. R. It is understood that Francis R. Shunk, --- Fray the Superintendent of Common Schools, will be present at the Examination and Exhibition this afternoon and evening.

Our Democratic friends will remember, that Monday evening, the 9th of August, is the time appointed for holding a County Meeting, at the Court House in this Borough. We hope there will be such a turn-out of the "hone and sinew" upon the occasion, as will strike terror into the dwarts of our "Yearful adversaries." Let every friend of Gov. Porter, in the whole county, endeavor to be present. Then is the time to prepare for the approaching election.

Address, No. 7, of the Democratic Central Committee, which will be found on the first page, is a document of more than ordinary importance. It relates to the subject of the pardoning power as exercised by Gov. Powren, and is a most triumphant reply to the falsehoods and misrepresentations of the Federal press on the subject. Instead of Gov. P. having exercised this constitutional prerogative with an ensparing hand, and to a greater extent than any of his predecessors, as has been repeatedly alleged, it is here proven from the records that rewer executive pardons have been granted by him during his administration, than by any of his predecessors. 'And, instead of the pardon of Hutter & Cantine before trial being an unprecedented stretch of the pardoning power, as the Federalisis assert, it is here proven that numerous similar cases have occurred-and in several, o them, the pardons were granted by Gov. McKEAR, himself one of the framers of the constitution of 1790, and amongst the ablest jurists of the country. We bespeak for the address a careful and attentive perusal.

Messrs. Buchanan, Sturgeon and WRIGHT, of the Senate, and Messrs. Guering, Brown and INGERSOLL, of the House of Representatives, have our thanks for various public documents, speeches,

The last Herald makes a most ridiculous effort to "claw off" on the subject of the Assessment .-Our correspondent had given the lawyers of the concern such a terrible drubbing, that they are bawling out lustily for quarters. Their vindictive attack upon Judge Hepburn, the Commissioners and County Officers, was made so glaring and unfounded, that they are anxious to "beat a retreat" with as little delay as possible. "Vindex," we suppose, thinks it unnecessary to inflict any more punishment upon the slanderers and falsifyers, as they now virtually acknowledge the mendacity of

In the course of his remarks on Monday last, Mr. Benton said, the Demogratic administrathe public house of Simon Wunderlich, in Carlisle, tion, if it had continued, would have gone through the year without an additional dollar, and appealed

to Mr. Woodbury, who confirmed it, and gave him a written statement to that effect. Now, contrast this with the policy pursued by this "economy and reform" party—these patriotic immaculate Whig gentry, and mark the difference. Immediately upon the possession of power, they introduce a bill to distribute the annual proceeds of the public lands among the States; which is. nothing less than carrying out the wishes of a set bill, Mr. Fillmore gave his views at length, and of foreign Bankers and stockjobbers that they may the House adjourned .- Ballimore Republican. be paid at the expense of the people; and the consequence of such an abstraction from the Treasmry of a part of the means of carrying on the Government, a loan is to be made from these self same bankers of twelve millions at six per cent, thus paying them doubly for the loan of money, which has been squandered by the States, without any earthly henefit to the monle .-- but on the contrary. In the place of this, we now have nothing but one continual cry from the present Administration party in Congress and that is, MONEY!—MONEY!—MONEY!
—"help us, CASH-US, or we sink!" All of which money is to be renaid by the sweat of the poor man's brow-by the producers-the farmers, the mechanics and laborers! Let the people look to the extravagant demands of their servants, before they render the nation bankrupt and barter away the liberties of the country for foreign gold;-they have already dimmed the lustre of our National honor, let them be checked before they further disgrace us, by making us the slaves of foreign Bankers, stockjobbers and money lenders—for it is as true of governments as of individuals-that the borrower is slave to the lender .- Balt. > FEDERAL CONSISTENCY. Strange as it may seem, the presses devoted to the interests of Judge Banks are straining every this naked condition of the Treasury, the federalnerve to make the public believe, that their friends ists propose to divide among the States some in the legislature sent to the world, under their three or four millions annually. Why not use own signatures, A DELIBERATE FALSE-HOOD! Here is the proof.

Immediately after the adjournment, the federal so-called relief-bill, as follows:

"The undersigned, (viz the whig members,) determined to act ON THEIR OWN RESPONSIBILITY, PASSED THE MEASURE OF RELIEF by a constitutional majority. If public gratitude be due, NO SHARE OF IT IS DUE TO THE EXECUTIVE."

This was the character of a borrowing, spending and irredeemable party.

ANOTHER GREAT BANK ROBBERY

This was the solemn assertion of every-federal nember of either branch of the legislature, uttered the very next day after the bill had passed, and following:-"An express arrived in town this sent among the people. Every body here says, that Ewing, if he had the spirit of a l——, would have resigned at once. Catch him at it. The Hockhocking speculation makes the salary and "pickings" of the Treasury Department rather too important to be given up. Nothing short of kicking, will start Tommy Ewing. He may get that before long. Tyler is a Virginia gentleman, of high personal honor, and he will be obliged to rid himself of the vulgar speculator from Ohio. It is understood here that Tyler begins to discover, that Ewing has been playing his game of Removals for the benefit of Uay, and that Clay and Ewing have a perfect understanding on the subject.—

Don't Comptrollers of the Public Schools of this city be surprised if you hear that those who got the benefit of these, on a re-hearing, are put where they were—that is, out. There is a case of snap judgment, I have heard spoken of, taken by a gentleman of your city, a Mr. Pinckney, who, it is reflects alike credit upon the Board and upon Mr. Said, would not have been appointed, if it had been known that there were several others, of high recreatefallity which were applied for the public for the Public Schools of this city and country have adopted the very valuable system of School and Copy Books, the result of a thirty years' experience of one of the most able and accomplished practical toachers in the country. This case, I understand, will be brought to the attention of the President. I have heard to the attention of the President. I have heard also the appointments of your Gauger and Weighmaster, spoken of as having been made in violation of Mr. Tyler's views—which do not sanction the removal of competent officers, against whom there are no complaints. A STUBBORN FACT!

The reason why the federalists in the last legislature labored so exclusively to build up the fallen Bill without delay; even to the exclusion of his fortunes of the rotten BIDDLE Bank, are now apparent. A vast proportion of them were either largely INDEBTED to the institution, or else HEAVY STOCK-HOLDERS. Those in debt were desirous of paying the bank by "services ren dered" as members, and those holding stocks were anxious to retrieve their losses! Fine fellows truly debt?
