The efficacy of this most valuable Embrocation is attested by thousands who have proved its healing qualities in the cure of the most troublesome discases to which the horse is liable, such as old or fresh Wounds, Sprains, pains and weakness of the Limbs, Bruises, Swellings, stiffness of the Joints, &cc. &c.

Among numerous certificates which might be produced the following is thought sufficient; it is from 1. Reveides, Esq. the great stage owner and mail contractor. mail contractor.

This is to certify that I have used M. B. Ro-

berta' Embrocation for various kinds of Sores. berta' Embrocation for various arious of color, Wounds, & Sprains on horses, and I find it to exceed any other that I have tried.

DR. J. C. NEFF,

Ladies and gentlemen are requested to call and examine his collection of Porcelain or Incorruptable teeth, which will never decay to change color, and are free from all unpleasant odour, durable and well ad opted for chewing, which will be inserted in the best manner and at fair prices.

Most reasonable terms.
In addition to all other varieties of stoves, which they will constantly have on hand, they-have purchased of Mr. J. G. Hathaway, the exclusive right to manufacture and sell

Hathaway's Patent* Hot Air Cooking Stoves;"

All persons wishing Dr. N. to call at their dwellings will please to leave a line at his resistence, No. 7 Harper's Row, when he will punctually attend to every call in the line of his profession. From a long and successful practice, he hopes to give general satisfaction.

Carlisie, August 1, 1839.

In the counties of Cumberland and Dauphin; and being entirely convinced of the great superiority of this over all other kinds of Cooking Stoves now in use, they will continue to set them up as here-tofore practiced by Messrs. E. Robinson & Co., on trial with all persons who are willing to test their superior excellence.

Last Notice.

Carlisle, Oct. 21, 1841.—3m.

PF ALL PREPARATIONS for the CURE Leas Pine Extract is the best, upon trial. It relieves the pain and cures the corn in from two to form days. Mr. 1 Bayes of Frederick, Md.

I do certify that I am now using one of Hathaway's Patent Hot Air Cook' Stoves, No. 3, and do recommend it as superior to any stove I have seen. The great saving of fuel and the variety that can be cooking at the same time, makes it an object to those who wish to facilitate the operations of the kitchen.

Chapter States 6 1918. Chambersburg, September 6, 1841.

A very superior article of Sperm Oil may be had by calling at Stevenson and Dinkle's Drug and Chemical store:

I have in use in my kitchen one of Hathaway's Patent Hot Air Cooking Stoves, and can recommend it as a very superior article. The one I have is No. 3, it has 5 boilers and an oven sufficiently large to bake 6 loaves of bread. The baking, roasting and boiling, can be done at the same time and with much less wood than required for any stove I have ever used. This size appears to be pcculiarly calculated for Farmers, and for their benefit I invite them to call and see this stove in use; as I shall take pleasure in showing the stove to those who wish to see it.

S. WUNDERLICH. who wish to see it. S. WU
Carlisle, September 12, 1841.

Messrs, E. Robinson & Co. Gentlemen:-I have fairly tested the "Hot Air Gentlemen:—I have fairly tested the "Hot Air Stoves" which you put up at my house and can recommend it as possessing principles of economy and convenience far sutpassing any other stoves which I have ever seen. The boilers coming in immediate contact with the fire gives it great facilities for boiling, and the oven is heated on such a principle that bread is baked in as fine a manner as it a bright were a principle. as in a brick oven. I find it also a great saving of fuel and labor, and would advise all to adopt it.

M. McCLELLAN. Carlisle, September 12, 1841.

Messrs. E. Robinson & Co.

stoves I have used or seen—I find by the trial that boiling, roasting, baking and broiling may all be dome at the same time, in a most perfect manner and with less than one fourth the fuel I have ordinarily used for the same purposes. I have here-tofore been of the opinion bread could not be well baked in a Cook Stove, but I am convinced upon trial that it can be seen as the convinced upon trial that it can be done as well in your stove as in a brick oven. I believe that the general introduction of your stoves into use will be very beneficial to the public, therefore I shall take pleasure in recommending it to my friends.
