LIFE AND HEALTH
DR. LEIDY'S

VALUABLE MEDICAL PREPARATIONS

are calculated to produce more real good than can possibly result from the use of any others, for several reasons:—They are not recommended to cure all, and every disease, as is generally boasted of other preparations, (which the most ignorant must be aware cannot be, as different diseases require different medicines,) but each of Dr. Leidy's Medicines are recommended and adapted to different classes of diseases. They do not contain Mercury, or the minerals which are combined with most, if not all, other preparations in use. They are perfectly safe and pleasant to take, containing nothing offensive or deleterious, but being composed of Vegetable Extracts—may be employed by young and old, male and female, at all times, and under all circumstances, without restraint from occupation, temperate or moderate living. They are the preparations of a Regular Druggist, (Dr. Leidy,) also Physician, attested by the most distinguished Physicians of the United States, among whom are, Dr. P. S. Physic, Dr. N. Chapman, Dr. W. Gibson, Dr. S. Jackson, Dr. W. E. Horner, Dr. W. P. Dewees, Dr. T. C. James, Dr. J. Redman Coxe, Dr. R. Hare, &c., &c.; also, by the Rev. W. H. Delancy, Robert Adrain, L. L. D., I. E. Biddle, Esq., and numerous others.—They have been employed in innumerable instances, with the most unexampled success, as thousands can testify, among whom are the principal officers in Washington City, Members of Congress, of the State Legislatures, many of the Clergy, &c. &c. (See certificates and recommendations, accompanying the directions with each Medicine.

Dr. Leidy's Medicated Extract of Sarsaparilla.—The strongest preparation of Sarsaparilla in existence. One Hundred Dollars will be forfeited for a preparation equal to it. One Bottle (half a pint) is equal to six pints of the strongest Syrup of Sarsaparilla that can be made. Comment upon the virtues of Sarsaparilla is unnecessary—the world knows it—it is only necessary for persons using it to be sure of getting a good preparation of it. See recommendations, with directions.

Victory!

WHO DOES NOT KNOW OF Dr. Leidy's Blood Pills! a component part of which is Sarsaparilla.

The reputation of Dr. Leidy's Sarsaparilla Blood Pills is so well known, that comment upon their virtues is almost unnecessary. Suffice it to say they possess all the Purgative and Purifying properties that can be combined in the form of Pills. Newspaper Puffing is unnecessary to their success.

Their efficacy, in one case, is a sure introduction and passport of them to a thousand. Five years employment of them throughout the United States, have made them as they deserve to be Victorious! Whilst the Proprietors and Manufacturers of others Pills, have been endeavoring to humbug the public in various ways to introduce their pills, publishing columns of matter and boilstering them up by made, false, lying certificates, and attributing to their pills the powers of effecting every thing, barely excepting the restoration of the dead to life.

Dr. Leidy has allowed his Blood Pills to become known by their effects; thus establishing for them a character that can never be taken from them, and which is proof incontrovertible of their qualities.

Most other pills have gone out of use since their introduction, many have fallen into deserved disrepute, and some are now altogether unknown; still a few hangers-on endeavor to gull the ignorant by plausible (though false) reasoning of the extraordinary powers their pills possess; but the public are fully sensible of such imposition.

Dr. N. B. Leidy is a regular Physician Druggist, attested by Doctors Physick, Chapman, Jackson, Dewees, Horner, Gibson, Coxe, Hare, &c., and well knows the nature of the ingredients contained in his Blood Pills, and knows too their adaptation in all cases where a purgative is required, or for purifying the blood.

There is no risk or danger in employing them; they contain no Mercury—they do not produce inflammation of the Bowels—they do not produce disorganization of, nor do they injure the digestive functions—they do not produce the piles—they do not produce irregularity of the bowels, or costiveness, as do other pills; on the contrary, they will be found to obviate all the foregoing, besides being efficacious in all cases where a purgative may be necessary, and for purifying the Blood and Animal Fluids.

Ample directions, together with recommendations from Physicians and others, accompany each box of pills.

Dr. Leidy's Tetter & Itch Ointment,

AN infallible remedy for various affections of the Skin, removing Pimples, Pustules, and Eruptions, of the Skin, and particularly adapted to the cure of Tetter and the Itch.

This ointment has been used in numerous schools throughout the city and county, as well as Factories, employing numerous girls and boys and amongst whom Tetter and Itch, as well as other Affections of the Skin, prevailed, with the most unexampled success. Names of School Teachers, as well as Superintendants and Proprietors of Factories, could be given, confirming the above, but for the delicacy they feel in having their names published in connection with such loathsome and disagreeable affections.

Price 25 cents a box.

Dr. Leidy's Rheumatic Liniment,

A truly efficacious application for Rheumatism, Bruises, Sprains, Stiffness and Weakness of the Joints, Numbness of the Muscles and Limbs, Pains along the Back, Spine, Sides, and across the Loins.

Many highly commendatory certificates from physicians and others, have been frequently published of its efficacy. See directions.

Price 37½ cents a bottle, or three bottles for one dollar.

FRIDLEY & ROBINSON.

Tin, Coppersmith, & Stove Business.

JACOB FRIDLEY & ELEAZER ROBINSON having entered into Co-Partnership, in the Tin, Copper, and Stove business, under the firm of FRIDLEY & ROBINSON, respectfully inform the public that they intend carrying on their business in all its branches, at the old stand of Jacob Fridley, North Hanover street Carlisle; where they will, at all times, be prepared to serve purchasers with any article in their line, on the most reasonable terms.

In addition to all other varieties of stoves, which they will constantly have on hand, they have purchased of Mr. J. G. Hathaway, the exclusive right to manufacture and sell

Hathaway's Patent "Hot Air Cooking Stoves;"

in the counties of Cumberland and Dauphin; and being entirely convinced of the great superiority of this over all other kinds of Cooking Stoves now in use, they will continue to set them up as heretofore practiced by Messrs. E. Robinson & Co., on trial with all persons who are willing to test their superior excellence.

For the information of those who are not acquainted with the advantages of the *Hot Air Cooking Stoves*, we subjoin the certificates of some of the many highly respectable gentlemen who have favored us with their written opinion of the merits.

Carlisle, November 9, 1841.

Messrs. E. Robinson & Co.—GENTLEMEN:—The "Hathaway Patent Hot-Air Cooking Stove" has been used in my kitchen for about two months. I have inspected it and examined the principles upon which it is constructed. I have also made particular inquiry of the cooks who have used it: from these different sources of information, I am led to a very favorable opinion in regard to it. I prefer it to the Rotary; which we have heretofore had in use. It is represented as baking remarkably well, and as being a saving of fuel. The circulation of the heat so extensively after it is generated, and before it escapes by the pipe, must lead to this result. There is a great convenience in the use of it, from the numerous and various implements employed about it in cooking, at the same time.

JOHN REED.

Carlisle, November 8, 1841.

Messrs. E. Robinson & Co.—GENTLEMEN:—I have had sufficient time to try "*Hathaway's Patent Hot Air Cooking Stove*," you put up in my kitchen, and am prepared to certify to its good qualities. I find that large quantities of water can be heated with it in a short time; that for cooking it boils, roasts meat, and bakes bread. The provision in this cooking stove for baking bread is the only arrangement I have ever seen in an article of the kind, at all calculated to accomplish that object. The simplicity of its arrangements are its great recommendation, the entire heat is applied to the purpose intended, and I verily believe a great saving of fuel is effected. Comparing the Hot Air Cooking Stove with the much celebrated Rotary, the latter is insignificant and a toy, incapable of any thing but boiling. I am of the opinion that no arrangement of iron can be made to supersede the "Hot Air Cooking Stove;" nor can I suggest any improvement. Your ob't. serv't,

A. McDOWELL.

Harrisburg, November 11, 1841.

Messrs. E. Robinson & Co.—GENTLEMEN:—According to your request, I have given one of "*Hathaway's Patent Hot Air Cooking Stoves*" a thorough trial, and in my opinion think it one of the best now in use. I have had a Rotary stove in use for several years, and am decidedly in favor of your stoves—they do not consume as much fuel as the Rotary, and are better adapted for baking, and equally as well for any kind of cooking.

Your's with respect,

VAL. HUMMEL, Jr.

I do certify that I am now using one of Hathaway's Patent Hot-Air Cook Stoves, No. 3, and do recommend it as superior to any stove I have seen. The great saving of fuel and the variety that can be cooking at the same time, makes it an object to those who wish to facilitate the operations of the kitchen. J. CULBERTSON.

Chambersburg, September 6, 1841.

I have in use in my kitchen one of Hathaway's Patent Hot Air Cooking Stoves, and can recommend it as a very superior article. The one I have is No. 3, it has 5 boilers and an oven sufficiently large to bake 6 loaves of bread. The baking, roasting and boiling, can be done at the same time and with much less wood than required for any stove I have ever used. This size appears to be peculiarly calculated for Farmers, and for their benefit I invite them to call and see this stove in use, as I shall take pleasure in showing the stove to those who wish to see it. S. WUNDERLICH.

Carlisle, September 12, 1841.

Messrs. E. Robinson & Co.

Gentlemen:—I have fairly tested the "Hot Air Stoves" which you put up at my house and can recommend it as possessing principles of economy and convenience far surpassing any other stoves which I have ever seen. The boilers coming in immediate contact with the fire gives it great facilities for boiling, and the oven is heated on such a principle that bread is baked in as fine a manner as in a brick oven. I find it also a great saving of fuel and labor, and would advise all to adopt it.

M. McCLELLAN.

Carlisle, September 12, 1841.

Messrs. E. Robinson & Co.

Gentlemen.—I have during the few days I have had your Hathaway Hot Air Stove in use become convinced of its great superiority over all other stoves I have used or seen—I find by the trial that boiling, roasting, baking and broiling may all be done at the same time, in a most perfect manner and with less than one fourth the fuel I have ordinarily used for the same purposes. I have heretofore been of the opinion bread could not be well baked in a Cook Stove, but I am convinced upon trial that it can be done as well in your stove as in a brick oven. I believe that the general introduction of your stoves into use will be very beneficial to the public, therefore I shall take pleasure in recommending it to my friends.

PETERS PILLS.

THESE unrivalled pills having now acquired a celebrity and a popularity unequalled in the annals of medicine, and also having obtained the entire confidence and being used in the private practice of almost the whole body of the medical faculty in the United States, Europe, Asia, South America, the West Indies, and a great part of Africa, it is unnecessary to advertise them at length, or to say anything further of their merits, than by stating the complaints which they are most effective in the cure of, and which are as follows:—Yellow and billous fevers, fever and ague, dyspepsia, croup, liver complaint, sick headache, jaundice, asthma, dropsy, rheumatism, enlargement of the spleen, piles, colic, female obstructions, heart burn, furred tongue, nausea, distensions of the stomach and bowels, incipient diarrhœa, flatulence, habitual costiveness, loss of appetite blotched or sallow complexion, and in all cases of torpor of the bowels, where a cathartic or an aperient is needed. They are exceedingly mild in their operation, producing neither nausea, griping nor debility.

Extract of a letter from Dr. Pye, of Quebec, L. C.

"For bilious fevers, sick headaches, torpidity of the bowels, and enlargement of the spleen, Dr. Peters' Pills are an excellent medicine."

Extract of a letter from Dr. Gurney, of New Orleans, La.

"I have received much assistance in my practice—especially in jaundice and yellow fever—from the use of Peters' Pills. I presume, that on an average, I prescribe a hundred boxes a month."

Extract of a letter from Dr. Reynolds, of Galveston, Texas.

"They are certainly an excellent general family medicine, and there is no quackery about them."

Extract of a letter from Dr. Waines, of Philadelphia.

"Your pills are the mildest in their operations, and yet most powerful in their effects, of any that I have ever met with in a practice of eight and twenty years. Their action on the chyle and hence on the impurities of the blood, is evidently surprising."

IMPORTANT TO THE AFFLICTED:

SHERMAN'S COUGH LOZENGES are fast superseding the use of all other remedies for Coughs, Colds, Asthma, Croup, Hooping Cough and Consumption.

They are not only the best but the cheapest medicine in use. Six cents worth a day is all that is required in any case, and all ordinary cases are cured in one or two days.

Sherman's Lozenges.—We don't know any handier mode of taking medicine than in the shape of the lozenge. It is so small, so neat, so handy, and withal so pleasant, that the most fastidious taste cannot reject it. We are glad to perceive that all kinds of medicines are now prepared in this palatable way by Dr. Sherman, and may be obtained at the depot in this city.—[Philada. Times.]

We know of no better cough medicine than Dr. Sherman's Cough Lozenges; they cure so soon and are so pleasant that it is almost a pleasure to be sick, to be thus agreeably dosed.—[N. Y. Sun.]

Sheriff Perkins, Mr. Burton, of Providence, Mr. Shaler, of Boston, Mr. Rivers, Mr. Combs, Mr. Wallace, Judge Peters, Mrs. Coleman, Mrs. Richardson, and hundreds of others of this city, have called to express their surprise and commendation of the speedy relief and cures effected by these truly wonderful Cough Lozenges.

Doctors Smith, Vandenburgh, Comstock, Harris, Brigham and several others of our most distinguished physicians, have used these Lozenges in their practice with invariable success. The medical faculty uniformly approve of them, as the best cough medicine in use.

SHERMAN'S WORM LOZENGES,

Are the greatest discovery ever made for dispelling the various kinds of worms, that so frequently and distressingly annoy both children and adults. They are an infallible remedy and so pleasant to the taste that children will take them as readily as a common peppermint Lozenge.

Rev. Dr. Ludlow has used them for two years, and always with entire success. Daily complaints are made by persons who have been gulled out of their dollars by humbug advertisers, but who have found a cure in Sherman's Lozenges. Remember, you are not required to buy several dollars worth of these Lozenges to test their virtues. A few shillings worth will cure you.

The Rev. Jabez Townsend's little girl, nine years old, was given up as incurable by two physicians. She was fast wasting away, and was so miserable that death was alone looked to for relief. Three doses of Sherman's Worm Lozenges entirely cured her. Dr. Stevens, one of the most distinguished physicians in this country, says, Sherman's Worm Lozenges are the safest and best article he knows of for destroying worms.

Dr. Hunter, another celebrated physician, uses no other worm medicine in his practice.

Dr. Castle, 297 Broadway, N. Y. has used Sherman's Lozenges in his practice for more than two years, and never knew them to fail.

Price 25 and 37½ cents per box.
