M. B. ROBERTS' VEGETABLE EMBROCATION.

The efficacy of this most valuable Embrocation is attested by thousands who have proved its healing qualities in the cure of the most troublesome diseases to which the horse is liable, such as old or fresh Wounds, Sprains, pains and weakness of the Limbs, Bruises, Swellings, stiffness of the Joints, &c. &c.

Among numerous certificates which might be produced, the following is thought sufficient; it is from I. Reesides, Esq. the great stage owner and mail contractor.

This is to certify that I have used M. B. Roberts' Embrocation for various kinds of Sores, Wounds, & Sprains on horses, and I find it to exceed any other that I have tried.

DR. J. C. NEFF,
SURGEON DENTIST.

RESPECTFULLY informs the ladies and gentlemen of Carlisle and its vicinity that he sets Artificial Teeth in the most approved manner. He also scales, plugs and separates teeth to arrest decay.

Dr. N. prepares a tooth powder, which whitens the teeth, without injuring the enamel, colors the gums a fine red and refreshes the mouth.

The tooth ache will be cured, in most cases, without extraction; and an odontalgic wash is prepared for healing sore gums and fasten the teeth.

Ladies and gentlemen are requested to call and examine his collection of Porcelain or Incorruptable teeth, which will never decay or change color, and are free from all unpleasant odour, durable and well adapted for chewing, which will be inserted in the best manner and at fair prices.

All persons wishing Dr. N. to call at their dwellings will please to leave a line at his residence, No. 7 Harper's Row, when he will punctually attend to every call in the line of his profession. From a long and successful practice, he hopes to give general satisfaction.

MORE PROOFS

Of the Efficacy of Dr. Swayne's Compound Syrup of Prunus Virginiana, or Wild Cherry.

Mrs. Brown, corner of Second street and the forks of Germantown road, effectually cured. Her symptoms were, general debility, attended with a constant cough,—pain in the side, breast, and back, with other symptoms indicative of Pulmonary Disease, not essential to intimate. After using the second bottle of this invaluable medicine, her cough entirely disappeared, and her strength increasing fast,—and by the time she used two bottles more, she found herself freed from all pain and other unpleasant symptoms which attended her disease. She is now enjoying perfect health, and willing to give any information respecting her cure likewise recommends this Syrup to all afflicted with a Cough or a Disease of the Lungs.

OF ALL PREPARATIONS FOR THE CURE OF CORNS, it can soon be found that WHEELERS PINE EXTRACT is the best, upon trial. It relieves the pain and cures the corn in from two to four days. Mr. J. Beyon, of Frederick, Md., writes that he has been afflicted with corns for nearly seven years, and used all the preparations for his cure offered during that time without being cured. He noticed the advertisements and obtained two boxes of the Pine Extract, intent on giving it a thorough trial; he used half of one box and is entirely cured by it.

DR. DUNCAN'S
EXPECTORANT REMEDY
FOR
CONSUMPTION, COLDS,

Coughs, Spitting of Blood, Bronchitis, Difficulty of Breathing, Asthma, Pain in the Side, Breast, and Chest, Whooping Cough, and all diseases of the Liver and Lungs.

We are all alike liable to disease—and death is the certain lot of all that live and have a being; and although the latter cannot be averted, still the former may, by the power of medicine, be removed, or rendered less painful to the afflicted. There is one disease, however, which seems for ages to have defied the power of the healing art—the learned faculty have in vain attempted to arrest its fatal progress, by the application of remedies within their reach, or known in their practice—but *Consumption* has defied their united skill. It has stalked forth with impunity, gathering in its cheerless embrace a friend from every circle, and a member from every family, and casting gloom and darkness over the place of its visitation.—He then, whose labors have brought forth a medicine which in many cases, will arrest the progress of this fatal disease—and which will also afford relief in the most stubborn and hopeless should be regarded in the light of a public benefactor. It is confidentially believed that *Duncan's Expectorant Remedy* will do this. Hence it is presented and recommended to the community. This medicine immediately palliates and relieves the distressing cough, causing a free and easy expectoration; stopping the hectic fever and night sweats, healing the ulcerated lungs, and arresting the fatal progress of Consumption, at the same time, strengthening the weak and debilitated, regulating the bowels, and producing quiet rest and sweet repose.—This "REMEDY" can be relied upon, to do all that lays in the power of medical aid, being used in the private practice of the late Dr. Duncan, (Professor in the University of Edinburg,) for upwards of eighteen years, by which, thousands have been restored to perfect health. It is not to be understood that the "*Expectorant Remedy*" will cure all diseases of Consumption; this it will not do. But while there is life, there is hope; we would therefore advise all to use this medicine. What the case is incurable, it still proves a blessing to the sufferer; by giving ease and strength, relieving the cough, and choaking of phlegm, &c.—This alone is a consolation to the patient, which thousands do not experience.

FRIDLEY & ROBINSON.

Tin, Coppersmith, & Stove Business.

JACOB FRIDLEY & ELEAZER ROBINSON having entered into Co-Partnership, in the Tin, Copper, and Stove business, under the firm of FRIDLEY & ROBINSON, respectfully inform the public that they intend carrying on their business in all its branches, at the old stand of Jacob Fridley, North Hanover street Carlisle; where they will, at all times, be prepared to serve purchasers with any article in their line, on the most reasonable terms.

In addition to all other varieties of stoves, which they will constantly have on hand, they have purchased of Mr. J. G. Hathaway, the exclusive right to manufacture and sell

Hathaway's Patent "Hot Air Cooking Stoves;"

in the counties of Cumberland and Dauphin; and being entirely convinced of the great superiority of this over all other kinds of Cooking Stoves now in use, they will continue to set them up as heretofore practiced by Messrs. E. Robinson & Co., on trial with all persons who are willing to test their superior excellence.

For the information of those who are not acquainted with the advantages of the *Hot Air Cooking Stoves*, we subjoin the certificates of some of the many highly respectable gentlemen who have favored us with their written opinion of the merits of the article.

Carlisle, November 9, 1841.

Messrs. E. Robinson & Co.—GENTLEMEN:—The "Hathaway Patent Hot Air Cooking Stove" has been used in my kitchen for about two months. I have inspected it and examined the principles upon which it is constructed. I have also made particular inquiry of the cooks who have used it: from these different sources of information, I am led to a very favorable opinion in regard to it. I prefer it to the Rotary; which we have heretofore had in use. It is represented as baking remarkably well, and as being a saving of fuel. The circulation of the heat so extensively after it is generated, and before it escapes by the pipe, must lead to this result. There is a great convenience in the use of it, from the numerous and various implements employed about it in cooking, at the same time.

JOHN REED,

Carlisle, November 8, 1841.

Messrs. E. Robinson & Co.—GENTLEMEN:—I have had sufficient time to try "*Hathaway's Patent Hot Air Cooking Stove*," you put up in my kitchen, and am prepared to certify to its good qualities. I find that large quantities of wafer can be heated with it in a short time; that for cooking it boils, roasts meat, and bakes bread. The provision in this cooking stove for baking bread is the only arrangement I have ever seen in an article of the kind, at all calculated to accomplish that object. The simplicity of its arrangements are its great recommendation, the entire heat is applied to the purpose intended, and I verily believe a great saving of fuel is effected. Comparing the Hot Air Cooking Stove with the much celebrated Rotary, the latter is insignificant and a toy, incapable of any thing but boiling. I am of the opinion that no arrangement of iron can be made to supersede the "Hot Air Cooking Stove;" nor can I suggest any improvement. Your ob't. serv't,

A. McDOWELL,

Harrisburg, November 11, 1841.

Messrs. E. Robinson & Co.—GENTLEMEN:—According to your request, I have given one of "*Hathaway's Patent Hot Air Cooking Stoves*" a thorough trial, and in my opinion think it one of the best now in use. I have had a Rotary stove in use for several years, and am decidedly in favor of your stoves—they do not consume as much fuel as the Rotary, and are better adapted for baking, and equally as well for any kind of cooking.

Your's with respect,

VAL. HUMMEL, Jr.

I do certify that I am now using one of Hathaway's Patent Hot Air Cook Stoves, No. 3, and do recommend it as superior to any stove I have seen. The great saving of fuel and the variety that can be cooking at the same time, makes it an object to those who wish to facilitate the operations of the kitchen. J. CULBERTSON.

Chambersburg, September 6, 1841.

I have in use in my kitchen one of Hathaway's Patent Hot Air Cooking Stoves, and can recommend it as a very superior article. The one I have is No. 3, it has 5 boilers and an oven sufficiently large to bake 6 loaves of bread. The baking, roasting and boiling, can be done at the same time and with much less wood than required for any stove I have ever used. This size appears to be peculiarly calculated for Farmers, and for their benefit I invite them to call and see this stove in use, as I shall take pleasure in showing the stove to those who wish to see it. S. WUNDERLICH.

Carlisle, September 12, 1841.

Messrs. E. Robinson & Co.

Gentlemen:—I have fairly tested the "Hot Air Stoves" which you put up at my house and can recommend it as possessing principles of economy and convenience far surpassing any other stoves which I have ever seen. The boilers coming in immediate contact with the fire gives it great facilities for boiling, and the oven is heated on such a principle that bread is baked in as fine a manner as in a brick oven. I find it also a great saving of fuel and labor, and would advise all to adopt it.

M. McCLELLAN.

Carlisle, September 12, 1841.

Messrs. E. Robinson & Co.

Gentlemen:—I have during the few days I have had your Hathaway Hot Air Stove in use become convinced of its great superiority over all other stoves I have used or seen—I find by the trial that boiling, roasting, baking and broiling may all be done at the same time, in a most perfect manner and with less than one fourth the fuel I have ordinarily used for the same purposes. I have heretofore been of the opinion bread could not be well baked in a Cook Stove, but I am convinced upon trial that it can be done as well in your stove as in a brick oven. I believe that the general introduction of your stoves into use will be very beneficial to the public, therefore I shall take pleasure in recommending it to my friends.

PETERS' PILLS.

THESE unrivalled pills having now acquired a celebrity and a popularity unequalled in the annals of medicine, and also having obtained the entire confidence and being used in the private practice of almost the whole body of the medical faculty in the United States, Europe, Asia, South America, the West Indies, and a great part of Africa, it is unnecessary to advertise them at length, or to say anything further of their merits, than by stating the complaints which they are most effective in the cure of, and which are as follows:—Yellow and bilious fevers, fever and ague, dyspepsia, croup, liver complaint, sick headache, jaundice, asthma, dropsy, rheumatism, enlargement of the spleen, piles, colic, female obstructions, heart-burn, furred tongue, nausea, distensions of the stomach and bowels, incipient diarrhœa, flatulence, habitual costiveness, loss of appetite blotched or sallow complexion, and in all cases of torpor of the bowels, where a cathartic or an aperient is needed. They are exceedingly mild in their operation, producing neither nausea, griping nor debility.

Extract of a letter from Dr. Pye, of Quebec, L. C.

"For bilious fevers, sick headaches, torpidity of the bowels, and enlargement of the spleen, Dr. Peters' Pills are an excellent medicine."

Extract of a letter from Dr. Gurney, of New Orleans, La.

"I have received much assistance in my practice—especially in jaundice and yellow fever—from the use of Peters' Pills. I presume, that on an average, I prescribe a hundred boxes a month."

Extract of a letter from Dr. Reynolds, of Galveston, Texas.

"They are certainly an excellent general family medicine, and there is no quackery about them."

Extract of a letter from Dr. Waines, of Philadelphia.

"Your pills are the mildest in their operations, and yet most powerful in their effects, of any that I have ever met with in a practice of eight and twenty years. Their action on the chyle and hence on the impurities of the blood, is evidently surprising."

IMPORTANT TO THE AFFLICTED,

SHERMAN'S COUGH LOZENGES are fast superseding the use of all other remedies for Coughs, Colds, Asthma, Croup, Hooping Cough and Consumption.

They are not only the best, but the cheapest medicine in use. Six cents worth a day is all that is required in any case, and all ordinary cases are cured in one or two days.

Sherman's Lozenges.—We don't know any handier mode of taking medicine than in the shape of the lozenge. It is so small, so neat, so handy, and withal so pleasant, that the most fastidious taste cannot reject it. We are glad to perceive that all kinds of medicines are now prepared in this palatable way by Dr. Sherman, and may be obtained at the depot in this city.—[Philada. Times.]

We know of no better cough medicine than Dr. Sherman's Cough Lozenges; they cure as soon and are so pleasant that it is almost a pleasure to be sick, to be thus agreeably dosed.—[N. Y. Sun.]

Sheriff Perkins, Mr. Burton, of Providence Mr. Shaler, of Boston, Mr. Rivers, Mr. Combs, Mr. Wallace, Judge Peters, Mrs. Coleman, Mrs. Richardson, and hundreds of others of this city, have called to express their surprise and commendation of the speedy relief and cures effected by these truly wonderful Cough Lozenges.

Doctors Smith, Vandenburgh, Comstock, Harris, Brigham and several others of our most distinguished physicians, have used these Lozenges in their practice with invariable success. The medical faculty uniformly approve of them, as the best cough medicine in use.

SHERMAN'S WORM LOZENGES,

Are the greatest discovery ever made for dispelling the various kinds of worms, that so frequently and distressingly annoy both children and adults. They are an infallible remedy and so pleasant to the taste that children will take them as readily as a common peppermint Lozenge.

Rev. Dr. Ludlow has used them for two years, and always with entire success. Daily complaints are made by persons who have been gulled out of their dollars by humbug advertisers, but who have found a cure in Sherman's Lozenges. Remember, you are not required to buy several dollars worth of these Lozenges to test their virtues. A few shillings worth will cure you.

The Rev. Jabez Townsend's little girl, nine years old, was given up as incurable by two physicians. She was fast wasting away, and was so miserable that death was alone looked to for relief. Three doses of Sherman's Worm Lozenges entirely cured her. Dr. Stevens, one of the most distinguished physicians in this country, says, Sherman's Worm Lozenges are the safest and best article he knows of for destroying worms.

Dr. Hunter, another celebrated physician, uses no other worm medicine in his practice.

Dr. Castle, 297 Broadway, N. Y. has used Sherman's Lozenges in his practice for more than two years, and never knew them to fail.

Price 25 and 37½ cents per box.
