It is to be hoped that every Democrat in the county will endeavor to be present. MANY.

Carlisle, March 31, 1842.

The citizens of Carlisle and its vicinity, are respectfully invited to attend a county, made the following sensible and pertinent re-discourse on the subject of "CHRISTIAN BAP-marks: "ISM," to be delivered in the Court House on Sabbath next, the 3d of April, at 10 o'clock, A. M. by Elder E. WEST. M., by

Appointment by the Commissioners. JOHN BLACK, Esq., of East Pennsborough town-ship, and ADAM FEEMAN, Esq., of Allen town-ship, "Inspectors of Lumber," at the different landings on the Susquehanna, in the county of Camberland, Pennsylvania, for the ensuing year.

this week, so that their papers may receive a proper direction.

MR. BUCHAN AN'S SPECE We commence this mative, week the admirable speech of this distinguished states man, (against abolishing the Veto power,) in reply to Mr. CLAT-and shall continue it next week. We advise all our readers to give it a careful perusal, and to preserve the papers containing it for future reference.

It is one of the masterly efforts of the master mind who conceived it, and completely annihilat.s all the

arguments of his distinguished oppenent,

TEXAS. The news from this young Reput he is of the most interesting character, and we therefore do-

vute's considerable space of this week's paper to a de-Mexicans have invaded Texas with a large army, and

It that there is every prospect of a fierce and sanguinary war-perhaps a war of extermination.

-The correspondence between Santa Anna and Gen. Hamilton will also be highly interesting to our readers; and discloses the determination of the Mexican Chief in a way not to be misunderstood.

MARTIN VAN BUREN and RICHARD M. JOHN-Box have been nominated, in Michigan, for President

and Vice President. This makes three States, viz: Mississippi, Missouth and Michigan, that have already expressed their preference for these distinguished individuals, for the two highest offices in the Republic. Kentucky has nomihated her own heroic son, Col. Jouxson, for the Presidency-and the names of several other distinguished

individuals are spoken of for the high station. We have reason to believe, however-nay, we feel assured-that the contest for the highest honor, before the National Convention, will be narrowed down b Messrs: VAN BUREN and BUCHANAN-and much, very much, depends on the action of Pennsylvania in the

premises. For Mr. VAN BUREN we have the warmest feelings, and, should he be the nominee, would as cheerfully support him as we did upon the two former occasions. But, then, we have a Pennsylvania candidate-a distinguished son of the old Keystonewhose great talents and long experience in public offuirs, pre-eminently qualify him to be the Nation's Chief. Besides, he is a statesman of unbounded personal popularity—and, if nominated, would go into the chair of State with a larger majority, than any other individual, perhaps, that could possibly be nominated.

crutic party, and he would be triumphantly elected by an old-fushioned Jackson majority. We appeal to every Domocrat in our ancient Comhe neged and heeded.

Taking the back track .- President TYLER has sont from the time when they may report at the Headin a message to Congress, recommending the repeal of he law for the distribution of the proceeds of the pub lic lands, passed at the extra session, and urging the nccessity of prompt action in order to save the nation from dishonor. He also recommends an increase of the tariff, so that a sufficiency of revenue may be raised

from these two sources to pay off the public debt and carry on the government. Verily, this "Tippecanoe and Tyler too" Adminis

tration, that so much was anticipated from by those who "moved heaven and earth" to place it in power, has performed wonders in the first year of its reign!-A public debt of twenty millions already—a deficit in he quarter ending this day of over three millions-

C During a discussion on Friday last, in the House of Representatives, on a resolution for suspend-ing the work on the unfinished lines of improvements, Mr. CUZVER, one of the Representatives from thus county, made the following sensible and pertinent re-marks: Mr. CULVER hoped that the house would now come up to the vote and discontinue these works, as the public treasury was exhausted and there was no means left for carrying them on, unless the people were to be burthened more than they were able to bear. Millions upon millions had been expended on these works, and still they yielded nothing to the stute, and be thought; it was now tune that, they should be dis-continued, at least, until it was seen whether they could ever be made beneficial to the state.
