Rhode Island-Town Meeting. The citizens of the Borough of Carlisle, who recognize the natural and inalicnable rights of man, are requested to meet at the COURT HOUSE on to-morrow evening the 13th inst., at early candle light, to express their disapprobation of the interference of troops of the Federal Government, who are sent to overaws and perhaps shoot down the patriotic citizens of Rhode Island now struggling as did our Revolutionary ancestors, to establish a Republican form of Govornment, in place of the Royal Charter of King Charles 11 of England. May 12, 1842. From the above ilotice it will be perceived that a meeting of the citizens is called for Friday. evening, on the subject of the Rhode Island difficulties .-

We insert the notice at the request of a number of our subscribers, and the call is addressed to all who sympa. thies with the people of that State, in their efforts to

catablish a Republican form of government. We trust that the meeting will be numerously attended. It is/a duty which we owe to the citizens of Rhode Islandand by attending the meeting we prove that we are not cold and indifferent spectators of an effort on their

part involving principles of the most vital character. They should receive every encouragement from the friends of equal rights every where, to maintain their position and to persevere in the good cause, despite the efforts of the Aristocracy, or the gathering into their midst of a hired soldiery for the purpose of intimidathe country-let not the citizens of this Borough be
