PETERS' MEDICATED LOZENGES are the result of long and patient experiments, made by some of the most distinguished Physicians in the Union, with a view to the formation of several safe, cheap, pleating and certain remedies for com-plaints most provalent in this country; and they have the satisfaction of assuring the public that their success has far outstripped their most sanguine expectations.

To Parents it is recommended to keep these medicines at all times on hand. Your children will eat them as readily as Peppermint candy. — Caution — Children actually cry for Peters' Le zenges, and care should be observed to follow the directions, lest, being so pleasant, they should eat too much.
