Thomson's Compound Syrup of Tar and Wood Napilia will cure Consumption ! YET ANOTHER CURE !

PHILADELPHIA, April 9, 1846.

YET ANOTHER CURE : PRILADELETIA', April 2, 1846, Last August a year. I caught a violent cold in consequence of getting wet in a shower of rain. A circumstance so common gave me no immediate con-cern, supposing I should soon get rid of it. On the contrary, however, I daily grew worse; a violent cough set in, then pain in my breast and between my shoulders. I now suffered great oppression from the great secretion of purulent matter in my lungs. I became greatly alarmed, and my friends considered my situation extremely critical; the more so as loss of appetite, hectic fever and night sweats rendered me as weak as a child. At night the aweat literally poured off. mel. This was my condition when I cam-menced using "Thomson's Compound Sytup of Tar and Wood Naptha." I procured one bottle, and ex-perionced so muce. benefit that I resolved to continue it. I took in all nine bottles, and am now perfectly restored. It is now six months since I-ccased using the incidence and the cure, remains perfect. I firmly believe this medicine is far superior to every remedy for consumption of the Lungs. J. J.
