

THE VOLUNTEER

John B. Bratton, Editor and Proprietor. CARLISLE, THURSDAY, JULY 12, 1847.

AGENCY: J. W. PALMER, Esq., authorized Agent for procuring subscriptions, advertising, and making collections for the American Volunteer, at his office, N. W. corner of Third and Chestnut streets, Philadelphia.

DEMOCRATIC NOMINATIONS. FOR GOVERNOR. FRANCIS R. SHUNK, Of Allegheny County. FOR CANAL COMMISSIONER. MORRIS LONGSTRECH, Of Montgomery County.

SPREAD THE TRUTH! The Volunteer until after the October Election.

The gubernatorial contest for 1847, has now fairly opened. The Federalists, true to their ancient usages, have already commenced the work of slandering and vilifying the standard-bearers of the Democratic party, and it is therefore all-important that we be up and doing. The truth must be spread before the people in all quarters, and with this view we propose to send the Volunteer to all new subscribers from this time until after the October election at the following prices:

For one copy, \$0.25; five copies, 1.00; twelve copies, 2.00.

This will hardly pay us for the price of our paper, but we are willing to make some sacrifice for the good of our party, and the welfare of our Commonwealth. SEND US YOUR NAMES.

STANDING COMMITTEE.

The Democratic Republican Standing Committee of Cumberland County are requested to meet at the public house of David Martin, in the Borough of Carlisle, on Monday, the 23rd day of August next, at 1 o'clock P. M., for the purpose of appointing the time for holding the Delegate Elections, and the assembling of a County Convention to form a ticket.

Table with 2 columns: District, Amount. Includes entries for DISTRESSING OCCURRENCE, HOT WEATHER, and various local notices.

A NEW PAPER.—"Valley Spring" is the title of a new paper, just started at Shippensburg, in this county, and edited by Mr. J. M. Cozart.

DEATH OF CAPT. NAYLOR.—We regret to announce the death of Capt. Charles Naylor, of the 2d Penna. Regiment. He died in Mexico, from the effects of brain fever to which he was subject.

THE PRESIDENT, after having spent a most agreeable time with his Northern fellow citizens, has returned to Washington on Wednesday last.

Gov. Shunk and lady reached their home on the 8th inst., in good health and fine spirits, from their visit to Cincinnati, where a large number of Mr. Shunk's relations reside.

The Whigs of Adams county have nominated William R. Sadder for State Senator, and William McSherry for Assembly.

PUBLIC MEETING AT HAGERSTOWN. The citizens of Hagerstown, Md., held a large public meeting on the 31st inst., in relation to the tariff at Carlisle.

Resolved, That in the sympathy and active kindness manifested towards our deceased friend, by many citizens of Carlisle, and in the soundness of views, by them expressed, on his constitutional rights, and their readiness to support them, we recognize what was to be expected from sons and compatriots, un-degenerate, of revolutionary sires, and of the framers of the Constitution.

Resolved, That a committee of five be appointed by the Chair, whose duty it shall be to bring before the people of this county, to remunerate with the authorities of Pennsylvania against the injuries to which we have been exposed, and are yet liable to undergo, in asserting our rights as citizens, under the 4th article of the Constitution.

Resolved, That a committee of five be appointed by the Chair, whose duty it shall be to bring before the people of this county, to remunerate with the authorities of Pennsylvania against the injuries to which we have been exposed, and are yet liable to undergo, in asserting our rights as citizens, under the 4th article of the Constitution.

TROUBLE IN THE FEDERAL WIGWAM.

Gen. Taylor's late letter—which we published in our last—on the subject of the Presidency, has caused a great commotion in the Federal ranks. Many of the Federal papers are now engaged in denouncing the brave old General, merely because he refuses to have anything to do with the corrupt wire-workers who desire to use his good name for the purpose of advancing their own political hopes.

These were the words of the brave Davis to his men in the moment of trial at the battle of Buena Vista, and in our opinion, they can be adopted as a suitable motto for the Democrats of Pennsylvania in the present political campaign.

Independence day was celebrated with spirit in Philadelphia. There were three enthusiastic and numerous Democratic celebrations, without including the usual meeting in Independence Square, which was largely attended.

CANAL AND RAIL ROAD TOLLS.

Table with 2 columns: Location, Toll Amount. Lists tolls for various locations like Easton Office, New Hope, Bristol, etc.

THE TARIFF OF '46.—This "infernal machine," according to Federal logic, appears to be working very well in our Eastern manufacturing towns, if we may judge from the following speech, which the Mayor of Lowell—

"Sir, we feel honored in receiving you as a guest, and extending to you the hospitality of our other car, which we shall be glad to exhibit to you in our mill in operation, where the female with her delicate hand performs her work in cheerfulness, with exactness and with care; in our workshop, where the strong arm of the artisan gives form and shape to iron, and in our counting-rooms, where the cunningly wrought machines, many of which he himself invents, or causes to be invented, nearly all the water of Merrimack river is turned from its original channel and impressed into service for the purpose of driving our various machinery; to the new canal, where more than half a million of dollars is now being expended, in order to furnish further facilities in the use of this water power; and to many other objects which, I trust, you will not consider unworthy your attention."

The Herald, in speaking of the fall in the price of flour and grain, winds up by asking of our readers, "What shall be the result of the Tariff of 1846?" The extraneous prices in breadstuffs, it never was contended, was brought about entirely by the operation of the new tariff, but yet it cannot be denied that the present tariff law must, in its operation, have the effect of keeping up the price of breadstuffs—

Our Federal friends would have you believe that all our present prosperity results from the scarcity of provisions in Europe, and the consequent high prices in this country. That the scarcity in Europe, however, was intended to raise prices in this country, we do not deny. Every man of common sense knows this to be a fact.

A Voice for Shunk in Mexico. Capt. W. QUAIL, of the Second Pennsylvania Regiment, writes as follows to the editors of the Penn. Freeman:

I trust the old Keystone will do justice to our brave soldiers of the Army who gave him a soldier's life from the Falls of the Monocacy. He is not forgotten by the sons of the Keystone of the Arch in the dim and strike of battle.

FORWARD-GUIDE CENTER—MARCH 1847.

These were the words of the brave Davis to his men in the moment of trial at the battle of Buena Vista, and in our opinion, they can be adopted as a suitable motto for the Democrats of Pennsylvania in the present political campaign.

Independence day was celebrated with spirit in Philadelphia. There were three enthusiastic and numerous Democratic celebrations, without including the usual meeting in Independence Square, which was largely attended.

THE FOURTH OF JULY.

Independence day was celebrated with spirit in Philadelphia. There were three enthusiastic and numerous Democratic celebrations, without including the usual meeting in Independence Square, which was largely attended.

THE DEMOCRATIC PARTY.—Its safe and only motto, "Principles, and not Men," whenever it shall seek to initiate the follies of Whiggery by abandoning truth and consistency for the sake of success, its integrity and power will be gone, and the days of its triumph numbered.

WHIG CONSISTENCY.

The Federalists aver that the war is the President's war—but their representatives solemnly voted that it was "brought on by the act of Mexico."

"It is very certain that the trumpeting part is all that the editor of the Volunteer has yet done for the American army."—Carlisle Herald.

GENERAL TAYLOR'S REBUKE OF THE Anti-War Whigs. "We consider the war unconstitutional and unnecessary."—Carlisle Herald.

MONEY FOR THE ARMY.—The Washington Union, noticing the ceaseless and groundless charges of neglect to supply the army with funds, charged against the War Department, says:

"The records of the Treasury show that the Secretary of the Treasury has sent to New Orleans, from the 4th of February up to the 1st of July, eight millions of Dollars, being largely more than 'one million per month,' and that every dollar was sent that had been called for."

JACKSON MONUMENT.—The Jackson Monument Committee, says the Philadelphia Telegraph, held a meeting at Washington on Thursday last. It was decided that the foundation of the monument shall consist of one solid block of rough stone, estimated to weigh at least one thousand tons!

Mr. William Wilson, brother of Judge Wilson of Lewistown, was killed, on Thursday week last, by falling from a barn which he was assisting to erect near Potter's Mills, Centre county.

It is stated that 81 out of 100 paws of the new church erected in New Orleans by the Rev. Dr. Hawks, sold at auction for sixty-three thousand dollars.

THE TAYLOR LETTER. The Cincinnati Signal corrects a paragraph in the famous TAYLOR letter which appeared originally in that paper; and in doing so, strengthens the General's approval of the Democratic article upon which the letter is based.

GENERAL TAYLOR'S LETTER.—We regret the omission of a word in the paragraph next to the last, of our letter. We discovered it yesterday on referring to the Manuscript, and took occasion to satisfy ourselves that in all other respects the printed copy is full and correct.

With these remarks I trust you will pardon me for thus briefly replying to you, which I do with a high opinion and approval of the sentiments and views embraced in your editorial.

The particular subject in question comes up properly in the department of Moral Philosophy, and it is not for the Faculty to express an opinion on a branch of political parties, any whether, while we have tried to make them law-abiding citizens and pure patriots, and as to the particular question which has elicited this communication, I appeal to you to feel that though the Professor, as well as the Faculty, are partly from the Free States and partly from the Slave States, their harmony has not, for the four years which have elapsed since I first became connected with the Institution, been broken on this subject. And even amid the recent commotion, so far as I know, entirely unbroken.
