YET ANOTHER CURE! PUILADELPHIA, April 0, 1846. Last August a year I caught a violent cold in consequences of geiting wet in a shower of rain. A circumslance so common gave mo no immediate con-cern, supposing I should soon get rid of it. On the contrary, however, I daily grew worse; a violent cough set in, then pain in my breast and between my shoulders. I now suffered great oppression from the great secretion of purulent matter in my lungs. I became greatly alarmed, and my friends considered my situation extremely critical; the more so as loss of appetite, heetic fever and night sweats rendered mo as weak as a child. At night the sweat literally poured of me! Thomson's Compound Syrup of Tar and Wood Naptha?" I procured one bottle, and ex-perienced so much thenefit that I resolved to continue it. I took in all nine bottles, and am now perfectly restored. It is now six months since I ceased using the medicine and the cure remains perfect. I firmly believe this medicine is far superior to every remedy for consumption of the Lungs. J. J. CHAMBERLAIN, No. 8 Carberry sl. Affirmed and subscribed this 0th day of April, 1846, before me.
