Gen. Scott was at Puebla on the 30th of July, but

that all prospects of poace, were dissipated. Its cor-respondence states that there has been a contest of eliquetto about constitutional rights between Con-gress and Santa Anna, each charging the other with the responsibility of inaking poace. It is, however, shrewidly supposed that the latter personage sincerely desires patching up of the differences between the two countries, as the sole means of securing the grand object of his ambition, the Dictatorship.-When Congress was dissolved it was done by the withdrawal of such a number of the menubers, as to lagor the remainder too faw to form a querum.
