It is now admitted by Pathologists, that no original temperament, complexions, constitution, or form of body, confers complete immunity, from Hereditary, diseases; that scrofula, consumption and other affections having a similarity of origin occur in all: although observation convinces us, that individuals and families, possessing certain characteristics are more frequently the subject of these maladies than others. These diseases are a morbid condition of the wildle system of multion—these products being but the offects of an alteration of the blood and secretions,—the ulcers abuses, andarred glands, inflamations, &c., being
