YET ANOTHER GURE!

PRILADELPHIA, April 9, 1846.

Lest August a year I caught a violent cold in consequence of getting wet in a shower of rain. A circumstance, so common gave me no immediate cocern, supposing I should soon get rid of it. On the contrary, however, I dully grew worse; a violent cough set in, then pain in my breast and between my shoulders. I now suffered great oppression from the great secretion, of purulent matter in my lungs. I became greatly-alarmed, and my friends considered my situation extremely critical, the more so as less of appetite, hoctic fever and night sweats rendered me as weak as a child. At night the sweat literally poured off mel. This yas my condition when I commonced using "Thumson's Compound Syrup of Tst and Wood Naptha," I procured one bottle, and circumstanced in the interest of the continue it. I took in all nine bottles; and am now perfectly restored. It is now six months since I ceased using the medicine and the cure remains perfect. I firmly biolieve this medicine is a superior to every remedy for consumption of the Tangs.
