It is now admitted by Pathologists, that no ofig-inal temperament, complexion, constitution, of form of body, confers complete immunity from Hereditary, diseases; that scrofula, consumption and other affections, having a similarity of origin occur in all: although observation convinces us, that individuals and families, possessing certain characteristic's are more frequently the subject of these maladies than others. These diseases are a these maladies than others. These diseases are a morbid condition of the whole system of nutrition—these products being but the effects of an alteration of the blood and secretions,—the ulcers, ation of the blood and secretions,—the ulers, abuses, enlarged glands, inflamations, &c., being merely attendent phenomena. The cause exists prior to the phenomena, and must be destroyed before perfect health can be established. This may be done by Dr. Keeler's Vegetable landees, the most certain remedy for all diseases arising from an impure state of the blood and system of putrition, ever presented to the notice of the affects. nutrition, ever presented to the notice of the af-

PINE OIL LAMPS, which are superior in construction, more simple in arrengement and en prace improvements and acvantages possessed by no other Lamps. The cost of burning them does not exceed one-half of that of any other light, and produces a light more brilliant than gas. The lamps are so constructed that they can be burned dry, when the wick is short. The wick, which is consumed, being supplied with oil by a feeder underneath it. This arrangement keeps the oil always pure in the lamp, and renders other cleanabing altogether unnecessary, and the recent improvements made by the patentice, adds beauty to their, appearance, and renders their management so easy, that a child can take care of them. They are perfectly safe, and free from unpleas sont odour.
