Ladies of pale complexion and consumptive habits, and such as are debilitated by those obstructions which females are liable to, are restored by the use of a bottle or two, to bloom and vigor. It is by far the best remedy ever discovered for weakly children, and such as have bad humore; being pleasant, they take it. It immediately restores the appetite, strength

Nothing can be more surprising than its invigorating effects on the human frame. Persons, all weakness and lassitude before taking it, at once become probust and full of energy under its influence. It immediately counteracts the nervelossness of the female frame.

INDIGESTION OR DYSPERSIA.

No medicine perhaps has ever been discovered which gives so much tone to the stomach and causes with remarkable power in medifying every part of the system. A greater number of persons fall victims to the harrassing effects of Constipation and Dyspepsia, and more organic diseases commencing in the digestive system, than all other diseases combined. The many thousands who die with Yellow Fever, Cholera, Influenza, and other epidemics, is owing to disease or derangement there. If the digestive system is in perfect health, the nervous system and the circulation of the blood will be also, as upon it they depend, then epidemics loose all their terror.

No medicine perhaps has ever been discovered which gives so much tone to the stomach and causes and strengthen the system, no excess of bile will the secretion of a healthy gastric juice to decompose accumulate, and they will not in one instance take the disease. Prevention is far better than cure.

The rare success in treating diseases of the sto-much successfully, has not been so much a want of pathological knowledge of its functions, as the
