MANY DEMOCRATS. June 22, 1818.

THE TOAST COMMITTEE For the Democratic celebration, will meet at Beteni's Hotel, on Saturday evening next, (the 24th inst.) at 8 o'clock.

THANKS to Vice President Dallas, Gen. Camero and Gen. Houston, of the U.S. Senate, and to Messrs Kaufman, Broadhead, and Wilmot, of the House of Representatives, for Congressional favors.

expense, and present to our readers this week, a correct likences of General LEWIS CASS, the Democrati Gen. C. will spree with us in saying that the likeness is striking and correct.

HOT WEATHER .- For the last several days it has paper this week as usual-we found it all nonsense little room like an oven, the drops of perspiration.

starting from every pore of the skin, and the turpen tine cozeing from the floor of our office. Whew who could write during such weather ? No one.

To BE DISCHARGED .- We learn that Col. MAY, no stationed at Carlisle Barracks, received orders from the War Dopartment on Monday last, to discharge sil the troops enlisted for the war now in garris

cruit at the Carlisle Barracks, named Dawson, a na. tive of North Carolina, received a kick on the head from his horse, while leading him to, water. The kick fractured the scull in a frightful manner. The differer died in about two hours after receiving the injury, and was buried the same evening. The officars and mon stationed at the Barracks followed his remains to the grave, and buried him with military lionors.

DEATHS IN THE CARLISLE COMPANY .- By a lotter received from a member of the Carlisle company, now that the following deaths by sickness, have occurred in the company since it left our borough-Wright, Carev. Culp, Kunkle, McDonnald, James, Hetrick, McCoffry, Wild, Gill, Holin, Chens, Culin, Hudson, Holler, Bistline, Rubes, Gallaan, Michael, Miller, Barry,

WHO IS TO BE BELIEVED! "IN NO CASE can I permit myself to be the candidate of any party, or yield myself to party schemes." Gen. Taylor's Signal Letter.

" I will not be the candidate of any party, or olique." Gen. Taylor's letter to the Troy Post, dated Monterey, May 29, 1847. "I need hardly sdd that I cannot in any case permit myself to be brought before the people exclu-sively by any of the parties that now so unfortunately

divide our country, as their cundidate for this office Gen. Taylor's letter to Dr. Browson. "If over I fill that high office, it must be untram-melled with party obligations or interests of any kind."-Gen. Taylor's letter to Peter Skeen Smith. From the above extracts it will be seen that Gen Taylor has pledged himself over and over again that he would " not be the candidate of any party," and yet in the face of these declarations, his friends in he late Federal National Convention, in submitting his name to that body, assured the Delegates that Gen. Taylor had pledged himself in black and while, in letters to delegates, to abide by the decision of that Convention, and that he would withdraw from the field if he could not receive the nomination by that body! If his friends spoke the truth-and no doubt they did-what a humiliating position dues it place Gen. Taylor in! He has swallowed up his own words, and "surrendered" himself and the position he was pledged to occupy, into the hands of un scrupulous demagogues and political gamblers.-What a disgraceful picture does this present! In his anxiety for the Presidency, how quick has the hero of the Mexican war sunk into a small potate olitician! We ask the people of this county to look at the position of Gen. Taylor, and then ask them

selves whether they can support a man for the first office in their gift, who can thus change his position for the purpose of procuring a nomination by a cor. adelphia." rupt party? Can they support a man who has no

mind of his own-who is a more ball of wax in the hands of office seeking domagogues, who can turn not frankly to admit, that in placing the name of him and twist him and get him to write letters Gen. Taylor in this position, we perform the most which contain everything and nothing ! Some of the friends of Gen. Taylor have gared to compare him to the great and good Washington! What an insult to the memory of the father of his country! Washington had the mind of a statesman, and was never known to be guilty of fulsehood. But, Gen. Taylor has convicted himself of falsehood by his own tters, and a man who can do this is unworthy the

nfidence of the people. GEN. SAM. HOUSTON.

"GEx. Cass -- We have procured at considerable Carlislo, at the Democratic celebration on the 4th of Whig smile since. The little muttering which has nominee for the Presidency. Those acquainted with of taking by the hand the great statesman of the lond-mouthed opposition of the Whigs of Rochester

Democratic principles in the United States Senateo pretend to write an article of any length, with our the firm supporter of the present National adminie tration.
