

The Cat's Tail and the Augur Hole. The North Carolina Argus tells the following story of a man who is indebted to a stump speech of a certain member of Congress. We have read nothing that has called our inquisitorial muscles more violently into play, for a long while.

The proprietor of a tan yard adjacent to a certain town in Virginia, concluded to build a stand, or sort of store, on one of the main streets, for the purpose of vending his leather, buying raw hides, and the like. After completing his building, he began to consider what sort of a sign it would be best to put up for the purpose of attracting attention to his new establishment, and for days and weeks he was sorely puzzled on this subject. Several devices were adopted, and on further consideration, rejected. At last a happy idea struck him. He bored an augur hole through the door-post and stuck a cat's tail into it, with the bushy end flaunting out. After a while he noticed a grave looking personage standing near the door, with his spectacles gazing intently on the sign. And there he continued to stand, until the curiosity of the tanner was greatly excited in turn. He stepped out and addressed the individual.

"Good morning," said he.
"Morning," said the other without moving his eyes from the sign.
"You want to buy leather?" said the store keeper.
"No."
"Do you wish to sell hides?"
"No."
"Are you a farmer?"
"No."
"Are you a merchant?"
"No."
"What are you, then?"
"I am a physician. I have been standing here for an hour, trying to see if I could ascertain how that cat got through that augur hole, and I can't make out to save my life."

SCENE AT A PAWNBROKER'S SALE. Passing up Third street, on Saturday, we were attracted by the cry of "going, going," at one of these establishments, and entering found it filled with a motley assemblage, examining the mixed display of goods, and arranged for sale. A cradle, a feather bed, a watch, a bureau, a coat and vest, were successively disposed of at prices which struck us to be far above their value, and the competitors were seen to possess themselves of the various objects of their competition. We noticed among the group an interesting girl about seventeen years of age, in faded yet deep mourning. There was an expression of anxious melancholy upon her pale and beautiful countenance which riveted our attention; she was not among those who were bidding, but who undoubtedly waiting until some article was offered which she was desirous of possessing. Although the auctioneer offered a miniature and looked at the pale girl, she did not bid. The auctioneer, the counter, exclaimed in a voice of deep anguish.

"Oh! don't—don't sell them, sir; for mercy's sake keep them a little while longer. I shall be able to redeem them. I shall, indeed."
"Why is that for them?" concluded the auctioneer.
"Do not bid!" almost shrieked the girl, "I had to pawn them to get bread for my little sister; it is my mother's miniature and my mother's hair which that locket contains—my poor, dear mother, who gave it to me when she was dying. Oh! do not sell it—pray don't!"

It is impossible to describe the sensation produced by this appeal among that assemblage. There was not a solitary bid for the articles; but we saw an elderly gentleman in a Quaker's dress, who stepped to the desk, and in a few minutes afterwards we saw the pale girl press his hand to her lips, and after eagerly kissing something which he handed to her, she rushed from the room. This scene terminated the sale that day, for the audience soon began to disperse, the few that remained evincing no disposition to possess themselves of any of the unredeemed pledges left remaining on hand.

FACTS ABOUT DIGESTION.—Wheat is the most nutritious of all substances except oil, containing fifty-five parts of nutriment to five of waste matter. Dry peas, put in a bag, are nearly as nutritious as wheat. Garden vegetables stand next to wheat in nutritive value. Asparagus, cauliflower, peas, and green beans are next in nutritive value. Spinach, green peas, and green beans are next in nutritive value. Spinach, green peas, and green beans are next in nutritive value. Spinach, green peas, and green beans are next in nutritive value.

SOME OF THE SIGNS OF CALIFORNIA.—We saw a letter yesterday from the Pacific, which speaks in glowing terms of the production of the quicksilver mines in Upper California. Two of them, in particular are said to be singularly rich. One of these (Forbes' mine) is represented to be so productive, that the quicksilver is as cheap as iron. Now, this is a fact which is well worth being known, as such as a dollar a pound, more of the silver mines cannot afford to be worked, the reader will see at once how valuable these quicksilver mines must be, and how well calculated they are to enlarge the operation of the other mines. Yet Mr. Webster would have us believe that, exclusive of her ports, California would be scarcely worth to us one dollar!

WHIG ANNEKTION.—The great and glorious Whig party—the party claiming all the principle, all the talent and all the decency, have been brought so low in this country, that they are obliged to abandon all their principles and annex themselves to the ranks of the smallest party that ever existed in the country, the Native American Party—Democratic Union.

HARRISON GRAY OTIS, the only surviving member of the Hartford convention, signed the whig call for a public meeting in Boston, to ratify the nominations of Taylor and Fillmore.

TO BE HAD VERY LOW BY CALLING AT ANY OF THE FEDERAL NEWSPAPER OFFICES.—A number of essays going to show that General Cass was nominated by a majority of the people, and that he is in favor of Southern institutions. Various arguments against the nominations of more military chieftains for the Presidency—Mr. Cass and all such material being at present "obsolete."

New Arrival. THE subscribers would announce to the public that they have just returned from the Eastern cities with a magnificent selection of Spring and Summer Goods consisting of Cloths, Cassimeres and Vestings, of the most varied and beautiful patterns, all of which will be made up in the most approved style. CONSUMPTION. Asthma, Bronchitis, Spitting Blood, Pain in the Lungs, Hoarseness, Sore Throat, Whooping Cough, Croup, Hives, Nervous Tremors, Liver Complaint and Diseased Kidneys, are radically cured by THOMSON'S COMPOUND SYRUP OF TAR AND WOOD NAPHTHA.

ALTHOUGH the great fatality of Pulmonary diseases, at this time shows that there are particular cases that render still too applicable the designation of the disease as Consumption—the disease of physicians—to this class of diseases and that there are stages in their progress, which having once been reached, recovery is doubtful. Still no one should despair. The writings of physicians, who have given to these affections particular attention, abound with many recorded cases of recovery when the patient had reached a seemingly hopeless stage of the disease and there is, at this time, a remedy prepared in Philadelphia which has met with the most triumphant and cheering success in the most obstinate forms of Throat and Pulmonary diseases—so as to have obtained the sanction and employment in the practice of many physicians.

Attention is had to Thomson's Compound Syrup of Tar and Wood Naphtha—the preparation of one who, having given to diseases of the lungs and their means of cure, the most careful and thorough attention, presented to the public this great remedy. The soothing and curative power of Tar has often been observed in severe coughs and consumptions. In the above preparation, the best forms of our most valuable vegetable pectorals there is combined with the Wood Naphtha, a medicine but lately introduced, but which has been employed with the most satisfactory results in England, in pulmonary consumption, especially of a tubercular form.

The following from Dr. Young, the eminent oculist: PHILA, January 18, 1847. Messrs. ANGEY & DICKSON—Gentlemen—Having recommended in my practice, and used in my own family, Thomson's Compound Syrup of Tar and Wood Naphtha, I have no hesitation in saying that it is one of the best preparations of the kind in our country, and persons suffering from colds, coughs, affections of the throat, breast, &c. so prevalent at this season of the year, cannot use any medicine that will cure so present consumption sooner than Thomson's Compound Syrup of Tar and Wood Naphtha. Wm. Young, M. D., 162 Spruce st. This valuable medicine is prepared only at the North East corner of Fifth and Spruce streets, Phila. Sold in Carlisle, at the Grocery store of J. W. EBY. Each of large bottles \$1, or six bottles for \$5. Beware of imitations. November 25, 1847.

Dr. Keeler's Panacea. FOR the removal and permanent cure of all diseases arising from an impure state of the Blood, and habit of the body, viz: Chronic disease of the Chest, Bronchitis, Pleurisy, Catarrh, etc., Scrofula in all its stages, Tetter, scald Head, Blotches, Ulcers, Chronic Affections of the stomach and Liver, Chronic Rheumatism, White Swellings, Abscesses, Syphilitic diseases, constitutional Debility, and all mercurial and hereditary predispositions, &c.

Let no one deceive themselves, that because a single case of any kind does not occasion immediate recovery of disease, it is therefore harmless. Every violation of an organic law, carries with it sooner or later its punishment. In the great majority of situations to which man is exposed in social life, it is the continued application of less powerful causes, which gradually, and often imperceptibly effects the change, and rains the constitution, before danger is dreamt of. The majority of human ailments are of slow growth, and slow progress, consequently admit only of slow cure. Scrofula, consumption, dyspepsia, white swelling, gout, chronic affections of the stomach, liver, spine, head, eyes and extremities, embrace this class—each being the effect of an alteration in the vessels of nutrition, effecting change in the nature of the blood, and the consequent change in the nature of the food, or hereditary disease, nothing short of powerful alterative medicines, promises the least hope to the invalid. Palleatives will never cure, and often do much mischief. Tonics and Alteratives, combined with a proper regimen of diet—the one to strengthen, the other to change the nature of the food, and pathology included. Read the following valuable testimony.

PHILADELPHIA, June 9, 1847. Having been apprized of the Panacea, it affords me much pleasure to be able to recommend it as a valuable remedy in that class of chronic, constitutional, and glandular diseases to which it is especially adapted. To those who are afflicted with such a disease as an alterative, cannot obtain it in a better, more agreeable, active, and uniform state, than is to be found in the Panacea. I have used it, in several instances with decided success. Yours, &c. D. ALLISON, M. D. Prepared and sold N. W. Cor. of Third & South streets, and by Druggists, Storekeepers and others, throughout the country. For particulars see pamphlet. Price \$1 large bottles—\$6 half dozen. For sale at the Drug store of SAMUEL ELLIOTT, in Carlisle, Pa. April 27, 1848.—1y

Great American Remedy. WESTERN NEW YORK COLLEGE OF HEALTH, 207 MAIN STREET, BUFFALO, N. Y. DR. G. C. VAUGHN'S Vegetable Lithoniptic Mixture, a celebrated medicine which has made great cures in all diseases, is now introduced into this section. The limits of an advertisement will not permit an extended notice of this remedy; we have, however, to those who are afflicted with chronic and Consumed a large number of educated Medical Practitioners in high professional standing, who make a general use of it in their practice in the following diseases: Dropsy, Gravel, and diseases of the urinary organs; Piles and all diseases of the blood; derangements of the Liver, &c., and all general diseases of the system. It is particularly requested that all who contemplate the use of this article, or who desire information respecting it, will obtain a Pamphlet of 32 pages, giving a full account of its nature and use, and the names of the Agents whose names are appended will gladly give away a copy of the Pamphlet upon the method of obtaining the properties of the article, and the diseases it has been used for over this country and Europe for four years with the highest effect. Over 100 pages of testimony from the highest authorities will be found, with names, places and dates, which can be written to by any one interested, and the parties will answer post-paid communications.

Be particular and ask for the Pamphlet, as no other such pamphlet has ever been seen. The evidence of the power of this medicine over all diseases is guaranteed by persons of well known standing in society. Put up in 30 oz. and 12 oz. bottles. Price \$5, 50 cts; \$1 1/2 the larger being the cheaper. Every bottle has "G. C. VAUGHN" written on the direct box, &c. See pamphlet, page 28. Prepared by Dr. G. C. VAUGHN and sold at Principal Office, 207 Main street, Buffalo, N. Y. Offices devoted to the sale of this article exclusively, 133 Nassau St., N. York, and corner of Essex and Washington, Salem, Mass., and also at Druggists throughout this country and Canada as Agents. For sale by S. W. Haverstick, Carlisle; M. Lutz, Harrisburg; R. A. Dick, Dickinson; J. C. & G. D. Allen, Shippensburg; Adams & Eshelman, Stoughton, Mass. March 2, 1848.—1y

Dr. I. C. Loomis, WILL perform all operations upon the Teeth such as Scaling, Filing, Plugging, &c., or will restore the loss of them, by inserting Artificial Teeth, from a single Tooth to a full set, at the Railroad on Pitt street, to full doors South of the City. N. B. Dr. Loomis will be absent from Carlisle the last ten days, in each month. Carlisle, July 4, 1847.

J. P. Lyng, WHOLESALE and Retail Dealer in Foreign and Domestic Hardware, Paints, Oils, Glass, &c. Carlisle, has just received from New York and Philadelphia a large addition to his former stock, to which the attention of buyers is requested, as he is determined to sell lower than any other house in town. April 30, 1848.

Health! Health! THE MOST EFFICACIOUS OF ALL KNOWN REMEDIES! Dr. Drake's Panacea, THE ONLY RADICAL CURE FOR CONSUMPTION!

It also removes and permanently cures all diseases arising from an impure state of the blood, viz: Scrofula or King's Evil, Rheumatism, Obsolete Cutaneous Eruptions, Pimples or Pustules on the face, Erysipelas, Ulcers, Cancer, Running Sores, the Bones and Joints, Stomach Ulcers, Syphilitic Symptoms, Sciatia or Lumbago, diseases arising from an impure state of the blood, viz: Dropsy, Expoure or Impudence in life, also, Chronic Constitutional Disorders.

In this medicine several innocent but very potent articles of the vegetable kingdom, entering into a compound entirely different in its character and properties from any other preparation, and unrivaled in its operation on the system when laboring under disease. It should be in the hands of every person, who, by business, or general course of life, is predisposed to the very affections that render life a curse, instead of a blessing, and so often result in death.

FOR SCROFULA. Dr. Drake's Panacea is recommended as a certain remedy. Not one instance of its failure has ever occurred when freely used. It cures the disease and at the same time imparts vigour to the whole system. Scrofulous persons can never pay too much attention to the state of their blood. Its purification should be their first aim for perseverance will accomplish a cure of even hereditary disease.

FOR ERUPTIONS OF THE SKIN. Scoury, Scrofulous Affections, Tumors, White Swellings, Erysipelas, Ulcers, Cancer, Running Sores, Sores and Blisters, Dr. Drake's Panacea cannot be too highly extolled; it searches out the very root of the disease, and by removing it from the system, makes a cure certain and permanent.

INDIGESTION OR DYSPEPSIA. No medicine perhaps has ever been discovered which gives so much tonic to the stomach and causes the secretion of a healthy gastric juice to decompose the food as Dr. Drake's Panacea.

RHEUMATISM. Dr. Drake's Panacea is used with the greatest success in Rheumatism, especially such as are chronic. It cures by driving out all the morbid humors which have accumulated in the system, which are the cause of Rheumatism, Gout, and Swellings of the joints. Other remedies sometimes give temporary relief; this entirely eradicates the disease from the system, even when the limbs and bones are dreadfully swollen.

CONSUMPTION. CONSUMPTION CAN BE CURED—Coughs, Catarrh, Bronchitis, Spitting of blood, Asthma, Difficult or profuse expectoration, Hectic, Night Sweats, Pain the side, &c., have been cured, and can be with as much certainty as any other simple disease. This medicine has long been sought for, but in vain until the discovery of Dr. Drake's Panacea. It is mild and safe, but certain and efficacious in its operation, and cannot possibly injure the most delicate constitution. We would earnestly recommend those afflicted to give it a trial—and we believe they will not regret the occasion to regret it. The system is cleansed and strengthened, the ulcers on the lungs are healed, and the patients gradually regain their usual health and strength. Read the following:

TESTIMONY. PHILA, Dec. 14, 1847. DEAR SIR:—In reply to your question respecting the use of Dr. Drake's Panacea, I will say, that though a perfect disbeliever in the existence of a Panacea, or cure for all diseases, however valuable it may be in certain conditions of the system, still I have believed that a cure for Consumption would give it a trial—and we believe they will not regret the occasion to regret it. The system is cleansed and strengthened, the ulcers on the lungs are healed, and the patients gradually regain their usual health and strength. Read the following:

TO THE LADIES. Ladies of pale complexion and consumptive habits and such as are debilitated by these obnoxious humors, are liable to, are restored by the use of a bottle or two, to bloom and vigor. It is by far and such as have had humors; being pleasant, they take it. It immediately restores the appetite, strength and color. Nothing can be more surprising than its invigorating effects on the human frame. Persons, all weak and feeble before taking it, at once become robust and full of energy under its influence. It immediately counteracts the nervousness of the female frame. CAUTION.—Be careful and see that you get the genuine DR. DRAKE'S PANACEA—it has the signature name "Dr. Drake's Panacea, Phila." blown in the glass. Prepared only by STROM & CO., Druggists, No. 21 North Sixth street, Philadelphia. Sold by S. W. Haverstick, Carlisle; Harrisburg, March 30, 1848.—1y

Removal. NATHAN HANTOUI, having removed his Cheap Clothing Store to the room formerly occupied by H. H. Grove, on the east corner of the Market Square, directly opposite Foster's store, would respectfully inform his friends and the public that he goes down to continue the business of a more extensive catalogue than heretofore. He has just received from the east a large assortment of Spring and Summer Goods, which he will have up at the shortest notice in the most desirable manner. He will constantly have on hand a large selection of READY-MADE CLOTHING, cheaper than ever offered to the public before—such as black and blue dress coats; frock and sack coats; various styles of trousers; coats of all shapes and colors; and all other kinds of summer suits; and jeans coats, vests—all sorts and colors; fancy bosoms and collars; neck and pocket handkerchiefs; stocks, suspenders of all kinds, and very cheap. Don't forget the place—on the east corner of the public square. Carlisle, April 30, 1848.—3m
