Dr. Koller's Panacea.

FOR the removal and permanent cure of all diseases arising from an impure state of the Blood, and habit of the body, viz:

- Chronic disease of the Chest, Bronchitis, Pleurisy, Catarrh, etc., Scrofula in all its stages, Pott's scrofula, Head, Blotches, Cutaneous Eruptions of the head, face and extremities, Ulcers, Chronic Affections of the stomach and Liver, Chronic Rheumatism, White Swellings, Accesses, Syphilitic disorders, constitutional Debility, and all mercurial and hereditary predispositions, &c.

No one deceives themselves, that because a single excess of any kind does not occasion immediate effects the change, and often imperceptibly effect the change, and ruins the constitution, before danger is dreamt of. The majority of human ailments is of slow growth, and of slow progress, consequently admits only of slow cure. Scrofula, consumption, dyspepsia, white swelling, gout, chronic affections of the stomach, liver, spleen, eyes, and extremities, embrace this class—each being the effect of a vitiated life from an antecedent acquired, or hereditary cause, nothing short of powerful alterative medicines, promises the least hope to the invalid—Pallatives will never cure, and often do much mischief. Tonic and Alteratives, combined with a professional regimen of diet, will strengthen, the other to change morbid action, and what pathology incalculates. Read the following valuable testimony.

PHILADELPHIA, June 9, 1847.

Having been apprized of the Panacea, it affords me much pleasure to be able to recommend it as a valuable remedy in this class of chronic, constitutional, and glandular diseases to which it is especially adapted. To those who are afflicted, and require medicine as an alterative, cannot obtain it in a more agreeable, active, and uniform state, than is to be found in the Panacea. I have used it, in several instances with decided success.

Yours, &c. D. ALLISON, M. D. Prepared and sold N. W. Cor. of Third & South street, and by Druggists, Storekeepers and others, throughout the country.
