ANOTHER VICTIM.

Removal of George Sauderson, Esq., our Post-Master.

Well, the long sgony is over. On Tuesday last we recoived information by telegraph that our efficient and obliging Post-master, Mr. SANDERSON, had been removed by the " powers that be," and Col. ABRAHAM HENDEL appointed in his place. Thus has another Democrat and most worthy officer been " punished" hy the "no-party" administration of Gen. Taylor .-We feel satisfied our citizens, regret the remova of Mr. SANDERSON, for they knew him to be able obliging, and courteous to all those having business with the office. He has been removed because he tire community.

Gen. Taylor and his advisors, we are told, had lover of his country. The great Democratic party died away-all is hushed in repose. Taylor was denounced firstadministration, including even Fitz Henry Warren The Democrats looked on and laughed.

The public linds in Flore complain at being removed from office, were not such removals in violation of uniform profession and pledges of Whiggery for the last 20 years.

On the 27th of January, 1832, Ewing the secretary of the Interior, in the United States Senate, offered the following resolution: "Resolved. That the practice of removing public officers, by the President for any other purpose than that of securing a faithful execution of the laws, is hostile to the spirit of the constithem ; we ask where are they who constructed these mighty fabrics ? and echo faintly answers "where are they ?"
