

THE VOLUNTEER.

John B. Bratton, Editor and Proprietor. CARLEISLE, THURSDAY, JUNE 14, 1849.

AGENCY. T. V. B. PALMER, Esq., is our authorized agent for procuring advertisements, receiving subscriptions and making collections for the American Volunteer.

FOURTH OF JULY.

A meeting of the Democratic citizens of the borough of Carlisle and vicinity, will be held at early evening on SATURDAY EVENING NEXT, (June 16), at MacLaughlin's, Hotel, to make arrangements preparatory to the celebration of the Birth-Day of American freedom.

The Young Men of the borough of Carlisle and vicinity, who are favorable to celebrating the coming FOURTH OF JULY without distinction of party, are requested to meet at MARTIN'S Hotel to-morrow (Friday) evening to make the necessary arrangements.

Democracy! don't forget the meeting at M. MacLaughlin's, on Saturday evening, to make arrangements for celebrating the 4th of July. Let every Democrat attend.

Downed.—On Monday last a lad—son of Mr. James Callie, of this borough—was drowned in the Conedoguin creek. He, in company with another boy, had been fishing from a skiff, which was forced over the dam by the current.

The Crows.—The traps in this county look very promising. The wheat fields present a lively, healthy appearance, and promise an abundant yield.

L. G. BRANDENBERG, Esq., of our borough, has been appointed to a clerkship at Washington. So Brandy is provided for at last.

GOLD DOLLAR.—Several of the city papers object to the gold dollar because of its size; they consider it too trifling, and "apt to slip from the fingers through mistake."

A NEW VOLUME.

With the present number of our paper we commence a new volume. Four years have elapsed since our purchase of the Volunteer.

When, four years since, we purchased this paper, we came here a stranger to the people of Cumberland county. It was not without some misgivings, we are free to say, that we assumed the control of the Volunteer.

With these brief remarks we return our sincere thanks to the public and the Democratic party, for the very liberal support which has thus far been accorded to us.

YORK AND CUMBERLAND RAILROAD.—The route adopted for the York and Cumberland railroad, is what is generally known as the middle route.

LIFE INSURANCE.—We have on several occasions called the attention of our readers to the great advantages of this system of insurance.

Gov. Johnson and family left Harrisburg on Monday last week for Kittingen, expecting to be absent for a month.

As much as General Taylor's administration has not paid expenses, would it not be well for the whigs to pay him off and discharge him?

GEN. TAYLOR—THE GREAT FRAUD.

"Why is it," asked a Whig of us a few days since—"why is it that you denounce Gen. Taylor with so much severity?"

Why is it that you denounce Gen. Taylor, do you ask? Simply because we have always been in the habit of denouncing knavery wherever found.

First.—They supposed they were voting to sustain the heroes of the Mexican War, and to condemn its opponents—whereas, Gen. Taylor has turned a cold shoulder to his compatriots in arms, and exalted their enemies.

Second.—They supposed they were voting for a man who would "not be the President of a party, or the exponent of party views."

Third.—They supposed that Gen. Taylor's obstinate refusal to pledge himself to carry out any peculiar platform of measures, implied a determination to be governed by liberal principles.

Fourth.—They supposed that Gen. Taylor's obstinate refusal to pledge himself to carry out any peculiar platform of measures, implied a determination to be governed by liberal principles.

When we have on many occasions warned our democratic friends of the necessity of attending the primary meetings—the township meetings, at which delegates are appointed to attend the County Convention.

It is stated upon authority which seems reliable, that the Cabinet have decided to make the following diplomatic appointments:

Hon. Abbott Lawrence, of Mass., Minister to England. Hon. William C. Rives, of Virginia, Minister to France.

Dr. Thos. M. Foote, of N. Y., Charge to Bogota or Venezuela. T. L. Crittenden, of Kentucky, Consul at Liverpool.

FRATERNITY A NEXT.—The members of Congress take good care of their families, it seems. Jas. R. Chandler, of Philadelphia, has got all his sons now in public office.

WHIG "PRINCIPLES"—WHIG "HONOR."

The Philadelphia News—a rabid and able Federal paper—in speaking of the "Taylor Democrats," who claim a portion of "treasury paper" from Gen. Taylor,

Your "principles" indeed! We should like some Federal Whig to tell us what the principles of the Whig party are.

As to the "party honor" which the News objects to yielding up as a sacrifice to Taylorism, we think it need not be uneasy, for the reason that it is extremely doubtful whether the Whigs have got any "party honor" to yield.

Want of Discrimination. Wm. B. Lewis, Esq., Collector, for the time being, of the customs at Philadelphia, dismissed sixty Democratic officers in a single day.

REINSTATE.—John Keene and John Koenig, two of the night inspectors, who, a few days since, received notice that their services would no longer be required, have, it is understood, been reinstated in the posts held by them.

TEXAS—DIFFICULTY BETWEEN THE CALIFORNIA EMIGRANTS AND THE MEXICANS.—By the arrival of the steamer E. A. Ogden, the New Orleans Crescent has received Galveston papers of the 24th.

FATHER MATTHEW'S DEPARTURE FOR AMERICA.—The scene at Cork upon Mr. Matthew's departure for America on Saturday was most exciting.

SOME MEN, when they come to ask a favor, put themselves in such a position as to demand it as a right, and if it is declined, to be insulted by a refusal.

THE QUEEN OF THE WEST.—According to the statistics of the Cincinnati Board of Equalization, the wealth of Cincinnati amounts to \$41,154,940.

ASSASSINATING SLAVES.—Quite a number of slaves have fled from Loudoun county, Va., and when some of them were arrested they produced well executed free papers, which proved to be forged.

DEATH OF MADAME ROTHCHILD.—Madame Rothchild, widow of the founder of the banking house, died at Frankfurt on the 7th inst., aged 99.

THE CARLEISLE CALIFORNIA COMPANY.

The following letter from GEORGE FLEMING, Esq., to his son in this place, we publish with great pleasure.

After slow stages we arrived at this place yesterday, which is about 100 miles from Independence, and were detained until to-day at 4 o'clock, P. M.

Our camp is regularly watched every night, and our camp is picked into this. It is more to accuse ourselves to camp duty than for any immediate apprehended danger, although the Carleisles, in whose territory we now are, are noted thieves.

THE CHOLERA. This terrible malady appears to be spreading over the land. Most of our large cities—both north and south—are cursed with the scourge.

THE CHOLERA. In addition to the foregoing we commend to the attention of our Borough authorities and our readers generally the following article, showing the great benefits resulting from a free use of lime during the prevalence of the cholera in 1832.

THE CHOLERA. Mr. Editor.—When we anticipated the cholera in 1832, exertions were made to put our town in the best possible condition, should we be visited by the pestilence.

Death of General Gaines by Cholera.

Major-General GAINES, commander of the Southwestern Division of the Army, died at New Orleans on the 6th inst., of the Cholera.

Would not give him a cent. He ought to have the cholera, and thus have prevented the riot.—Balt. Argus.
