T is confidently believed that few institutions offer greater inducements to students than the above. Located in the midst of a community proverbial for their intelligence, morality and regard for the interests of religion, this Academy can effectually guard its members from evil and immoral influences. Advantages are likewise offered to those desiring to pursue the study of the physical sciences, surpassing those of most similar institutions.

Those having sons or wards, and wishing to send them to a Seminary of learning, are respectfully solicited to visit Newville, and judge of the advantages for themselves, or, at least, procure a circular containing full particulars, by addressing
