W. retorned to Santa Fe on the 25th of September, from an expedition into the country of the Navajees, during which they entered into the treaty. From the same source, the Intelligencer also learns, that large meetings have been held, for the formation of a territorial government in New Mexico. The first meeting was held on Tuesday, the 21st of August, and is styled "a meeting of the citizens of Santa Fecuntry, held pursuant to public notice, to consult upon the question of the organization of a proper Interesting from New Mexico. styled "a meeting of the citizens of Saint Fecounty, held pursuant to public notice, to consult upon the question of the organization of a proper territorial gevernment." For the Removal and Permanent Cure of all NERVOUS DISEASES, se Complaints which are caused by an

NERVOUS SYSTEM. This beautiful and convenient application of the mysterious powers of GALVANISM and MAGNETISM, has been pronunced by distinguished physicians, both in Europe and the United State, to be the most valuable medicinal discovery of

with the most perfect and certain success
cases of

om one simple cause—namely,

A Derangement of the Nervous System. of in Nervous COMPLANTS, Drugs and Medicines increase the disease, for they weaken the vital energies of the already prestrated system; while under the atrengthening, life-giving, vitalizing influence of Galvanism, as applied by this beautiful and wonderful discovery, the schanisted patient and weakened sudorer is restored to former health, strength, elasticity, and vigor.

The great peculiarity and oxcellence of

Dr. Christic's Galvanic Curatives, consists, in the fact that they arrest and cure disease by our worst application, in place of the natual mode of drugging and physicking the patient, till exhausted Nature sinks hopelessly under the infliction.

They strengthen the whole system, equalize the circulation of the blood, grounder the recretions, and sever do the slightest injury under any, circumstances. Since their introduction in the United States, only three years since, more than

60,000 Persons

luding all ages, classes and conditions, among which were rge number of ladics, who are peculiarly subject to Nerv Complaints, have been ENTIRELY AND PERMANENTLY OURED, ENTIRELY AND FERMANENTLY OURED, when all hope of relief had been given up, and every thing else been fried in, vain:

To illustrate the use of the GALVANIC BELT, suppose the case of a person selicted, with that base of civilization, DYSERFEIA, or any other Chronic or Nervous Disorder. In brdinary cases, stimulants are taken, which, by their action of the nerves and mucles of the stomach, aford temperary relief, but which leave the patient in a lower state, and with injured scuttles, after the action thus excited has ceased. Now compare this with the effect resulting from the application of the GALVANIC BELT. Take a Dyspeptic sufferer, even in the worse symptoms of an attack, and amply the the Belt around the body, using the Magnetic Fluid as directed. In a short relief the inventible perspiration will set on the positive element of the Belt, thereby catasing a Galvanic circulation which will pass on to the negative, and thence back again to the positive, thus keeping up a continuous Galvanic circulation throughout the system. Thus the most severe cases of USPERFEIA are FERMANENTLY CURED. A FEW DAYS BIS OFFER AMPLY SUSFICIENT TO ERADICATE THE.
