Celebrated German Bitters. Their power over the above diseases is not excelled—if equalled—by any other preparation in the U. States as the cures attest, in many cases after skillfu physicians had failed. Dorangement of the Liver and Stomach are sources

of insanity, and will also produce disease of the heart, skin, lungs and kidneys, and lays the body open to an attack of Cholera, hilious or yellow fever, and is generally the first cause of that most baneful lisease, consumption.

AN INVALUABLE MEDICINE.—We have frequently heard the celebrated German Bitters, manufactured by Dr. Hoofland, spoken of in terms of commendation, and we know descreedly so. It is a too common practice, in certain quarters, to puff all manner of useless trash, but in the case of the above Bitters, hundreds are living witnesses of their great moral and physical worth. As a medicine for the Livar complaint, jaundice, nervous debility and dyspopsis, it has been found invaluable, effecting cures and thoroughly cradicating diseases, when all other medicines have failed. We feel convinced, that in the use of the German Bitters, the patient does not become debilitated, but constantly gainsstrongth and the use of the German Bitters, the patient does not become debilitated, but constantly gains atrength and vigor to the frame—a fact worthy of great consideration. The Bitters are pleasant in taste and smell, and can be administered under any circumstances, to the most delicate stomach. Indeed they can be used by all persons with the most perfect safety. It would be well for those who are much affected in the nervous system, to commence with one tea spoonful or less, and gradually increase. We speak from experience, and are of course, a proper judge. The press far and wide, have united in recommending the German Bitters, and to the afflicted we most cerdial. German Bitters, and to the afflicted we most cordial-
