We believe there was no insurance. : We have two excellent insurance companies in our own county, and farmers and others should at once avail themselves of the facilities afforded, and effect an insurance upon their prop erties.

HARVEST .- The season of harvest will commence at a later period this year than for some years past. But few will commence cutting before the 1st of July, and not as a general thing before the 4th. The crops in this county are unusually good-never were beiler.

PUBLIC SCHOOLS .- The several schools of the Borough are now undergoing their annual examinations by the Board of Directors accompanied by visitors. A number of the schools are yet to be examined. From what we learn, we have reason to believe the examinations generally will be satisfactory alike to parents, Directors, Teachers and visitors. The school in care of Miss Hendel will be examined this morning, in Education Hall. Those who desire a rich treat will certain candidate to fill the vacancy. The Secreeation Hall.
