THE Commissioners of Cumberland county, in connection with the Commissioners of York county, will receive proposals in Cumberland county until the 27th day of July next, and in York county until the 30th of July next, for the building of a

**Wooden Bridge.**  
across the Yellow Breaches Creek at a point where the road leading from Lewisburg to Harrisburg crosses said creek, at or near Brooks' mill, in Allen township, Cumberland county. The bridge is to be of the following dimensions, viz: To contain in length 137 feet in the clear from one abutment to the other, and 16 feet wide in the clear, with two abutments, each 15 feet thick in the bottom, with a battering wall of one inch to the foot on three sides of the abutments. The abutments to be 14 feet high from the bottom of the creek to the cordline, from which two wooden arches are to be started and extended across said creek from one abutment to the other and to be double floored with two inch planks the lower planks and the upper oak, and raised in the center 17 inches, the sides and gable ends of said bridge to be of a sufficient height to admit a covered wagon to pass through the same. The bridge is to be closely waterboarded with three courses of pine boards well lapped. The whole of the work of said bridge to be roofed with good and sufficient white pine shingles, and said roof to extend at each end 12 feet over the heel of the arch on the top of the abutments and on each side of the bridge over the waterboarding two feet. The abutments are to be built on a firm foundation and to be approved by the Commissioners. The whole of the mason work to be well built of hard and large stone, lime mortar and pointed from the back of the abutments. The road leading from the creek to be supported with wing walls on each side five feet thick, the abutments with a battering of one inch to the foot to the top of the filling and to extend in that manner on the two extreme sides of the bridge until the filling and walling shall meet the road, with an ascent of one inch to the foot of the bridge, and a continuation from the road to the bridge, with a continuation of sufficient length and thickness and covered with broad stone well secured. The woodwork on the out and inside of the bridge is to be whitewashed with two coats of lime. The undertaker is to find all materials at his own expense, and to give such security as the Commissioners shall require, for the faithful performance of the workmanship and permanency of said bridge for and during the term of seven years from the time the said bridge shall be finished.

**Proclamation.**
