The Main Building is large and coimmodious, (100 feet in length by 44 in breadth, and 3 stories high.) and is well, furnished with everything necessary to convenience and com-fort. The other buildings compose Bath Houses, &c., to the free use of which the pupils will have access at proper hours. The well known White Sulphur Bprings rise within a few rods of the main building. The object of the Institution is to fit young men for business, or for any of the higher classes of Uol-loge. The course of instruction will be thorough and complete, more attention being given to the qualfor business, or for any of the ingulation will be thorough and complete, more attaction being given to the qual-liy than to the quantity in the performance of the student. All the branches taught in the best acade-mics will be taught. In this, and proper apparatus, will be tasel for illustration of the subjects that re-quire it.
