Save your Property for a Trifle.
 All persons wishing to save their property from fire without the aid of insurance, should have their roofs covered with Blake's Patent Non-Inflammable Slate, or Fire and Water Proof Paint. A roof well covered with this article will not only prevent fire, but also insure the water from falling on the roof. This article can be had very cheap at the hardware store.

The List of Him.
 READ the following—Do not let it excite your fears, if you are weak and debilitated, but immediately obtain a bottle of Hohenlock's Worm Syrup, and restore yourself to health and happiness. While others will excite your fears to sell their spurious preparations, with no evidence of their possessing such a case, we have the faithful reports, and you can see we do it at Coates and Second st., which passed from Mr. Jacob Sheffer, of Lancaster county, Pa., 336 inches in length, which was sent us, grateful for the restoration of health, and declaring that he was convinced of the efficacy of the "Sufferer's Friend."
 "We will let this sufferer tell his own tale of woe, and express the generosity of his noble soul in strains of gratitude for his relief from the grasp of this malignant disease."
 "Dr. J. N. G. S. Hohenlock—Having been afflicted for some time, and finding no relief from various medicines, I was induced to try your Worm Syrup, from a belief of being afflicted with worms. I had taken but three bottles of your Syrup, when to my great surprise and immediate relief, I passed a large worm 28 feet or 33 inches in length, which I send you. Hoping this may benefit some one afflicted in like manner, and in justice to the value of your medicine, I respectfully offer this statement. Yours respectfully,
 JACOB SHEFFER, HENRICH,
 Lancaster co., Pa., Jan. 1846.

GERMAN MEDICINE STORE,
 No. 120 Arch Street, Philadelphia.
 Their power over the above diseases is not equalled, if equaled, by any other preparation in the United States, as the cities of Great Britain, and in many cases after skilful physicians had failed.
 These Bitters are worthily the attention of invalids, possessing great power in the treatment of the cases of the Liver and lesser glands, exerting the most searching powers in weakages and affections of the digestive organs, they are, without a single exception, and in many cases, the only remedy. We are speaking from experience, and to the afflicted we advise their use." (From the "Boston Bee.")

We are speaking from experience, and to the afflicted we advise their use."
 "Dr. Hoefland's German Bitters, manufactured by Dr. Jackson, are now recommended by some of the most prominent members of the faculty, as an article of much efficacy in cases of female weakness. As such is the case, we would advise all patients to obtain a bottle, and thus save themselves from a protracted illness. Persons of debilitated constitutions will find these Bitters advantageous to their health, as we know from experience the salutary effect that they have upon weak systems."
 (From the N. Y. Weekly Messenger, Jan. 6, 1850.)
 "Dr. Hoefland's German Bitters—Here is a preparation which the leading press in the Union appear to be unanimous in recommending, and its reason is obvious. It is made after a prescription furnished by one of the most celebrated physicians of modern times, the late Dr. Christopher Wilhelm Hoefland, Professor to the University of Jena, Prussia, Physician to the King of Prussia, and one of the greatest medical writers Germany has ever produced. He was emphatically the enemy of Aesculap, and therefore a medicine of which he was the inventor and endorser, may be confidently relied on. It is especially recommended in cases of Dyspepsia, Debility, Vertigo, Acidity of the Stomach, Constipation, and all complaints arising from a disordered condition of the stomach, the Liver, and the Intestines."
 "MORE EVIDENCE!"
 "The Philadelphia Saturday Gazette," the best Family Newspaper published in the United States, the editor says
DR. HOEFLAND'S GERMAN BITTERS,
 "It is a medicine that we recommend what returned Patient Medicines to the confidence and patronage of our readers; and, therefore, when we recommend Dr. Hoefland's German Bitters, we wish it to be distinctly understood that these Bitters are the only remedy in our hands, that are noted about for brief period, and then forgotten after they have done their usual gall of mischief, but a medicine which is established, universally proved, and which the medical faculty of the United States, and all the world, have heartily approved upon evidence has been received (the foregoing) from all sections of the Union, the last three years, and the strongest testimony in its favor is, that there is more of it used in the practice of the regular physicians of Philadelphia, than all other nostrums combined—a fact that can be easily established, and fully proving that a scientific preparation will meet with their quiet approval when presented even in this form.
 "That this Medicine will cure Liver Complaint and Dyspepsia, no one can doubt, as using it is a direct. It acts specifically upon the stomach and liver; it is preferable to calomel in all bilious diseases; the effect is immediate. They can be administered to female or infant with safety and reliable benefit, at any time.
 "This Medicine" has attained that high character which is necessary for all medicines to attain, to the confidence and patronage of the public. It is a medicine of which the faculty of the University of Pennsylvania, and in particular, Dr. I. C. Loomis, have heartily approved upon evidence has been received (the foregoing) from all sections of the Union, the last three years, and the strongest testimony in its favor is, that there is more of it used in the practice of the regular physicians of Philadelphia, than all other nostrums combined—a fact that can be easily established, and fully proving that a scientific preparation will meet with their quiet approval when presented even in this form.
